---

### **About ADK Quad-County Grants and How to Apply**

The New York State Council on the Arts (NYSCA) State and Local Partnership Division administers an annual regrant program that helps ensure access to the arts and culture in each of the 62 counties of New York State. This regrant is administered in Clinton, Essex, Franklin, and Hamilton Counties by the Adirondack Lakes Center for the Arts (Arts Center) in Blue Mountain Lake. ADK Quad-County Cultural Arts Grants are available for not-for-profit and cultural organizations in the four counties served, as well as to individual teaching artists partnering with public schools or other cultural entities in the four counties for the purpose of arts education. The ADK Quad-County Cultural Arts Grants process begins by attending one of the many grant writing seminars that are offered throughout the region from July through September, in which application assistance is provided. It is a requirement of the grant to attend one of these seminars. The seminars are free and open to the public. The 2020 ADK Quad-County Cultural Arts Grant seminars will be announced on the Arts Center website and through emails and the local media. Guidelines and applications will be made available on the Arts Center's website, and the deadline to apply is in October annually. Decentralization Grants are made possible through the New York State Council on the Arts with the support of Governor Andrew M. Cuomo and the New York State Legislature.
