World Food Day

Monday October 16th

Canadian Lutheran
World Relief

Did You Know?

- Nearly 10% of the world's population – as many as 783 million people – go to bed hungry!
- Women, the elderly, people living with disabilities, and racial, ethnic and religious minorities experience a disproportionate amount of hunger.
- Climate change is putting more pressure on those already working to produce their own food.

Hunger is a growing threat, but together we can make a difference. This World Food Day, please join us in prayer for those facing food insecurity and visit clwr.org/wfd for resources your congregation can use to mark this day.
