

Your response to the crisis in India

DONATION IMPACT REPORT

- 45,000 people (9,000 households) targeted
- 4 states in the East and Northeast
- Cash support, sensitization on COVID & hygiene kits

JOINT APPEAL

At the time of launching our appeal, India had passed 400,000 new cases per day, and 4,000 deaths per day. Beyond the direct effects of COVID, millions have faced hunger due to disrupted movement and business.

In response, CLWR has joined other leading Canadian aid agencies in the Humanitarian Coalition to coordinate our efforts and save more lives, turning donations into emergency medical and food support for families in need.

Your support is already making a difference!

By responding so quickly, you have had a profound and meaningful impact on what is a critical situation in India.

Thanks to your fast response, our partners on the ground are already working to provide cash support, awareness/sensitization on COVID and hygiene kits to 45,000 people across 4 states clustered in the East and Northeast:

- West Bengal: Kolkata Municipality Corporation, Birbhum and Bankura districts
- Odisha: Kalahandi, Balangir, Mayurbhanj, Kendrapada, Jajpur, Khordha (Bhubaneswar) and Cuttack districts
- Assam: Kokrajhar and Chirang districts
- Jharkhand: Dumka district

Your gift has been meaningful and impactful. On behalf of our partners and everyone at Canadian Lutheran World Relief, thank you.
