REKINDLING LIVES WITH FRESH HOPE

I trust you are well and your life prospers as your soul prospers! I want to take a moment to give you some encouraging news about what we are presently doing to fulfill the mandate God has given us.

We are thrilled to be able to once again minister across Canada. Our *Stand on Guard* Tour is taking healing and hope to communities 'from sea to sea' and our *Arctic Hope* discipleship program is reaching lives in First Nations reserves as well as in

Nunavut. After taking the message of Hope to every community in Nunavut the Lord spoke to me and instructed me to extend our ministry to First Nations reserves. Right now we have a 10-year plan that focuses on two reserves in Saskatchewan and Alberta for the purpose of developing young Indigenous leaders who

will rise up and not only take their reserves for the Kingdom of God but will then disciple others and duplicate themselves so that reserves across Canada will be impacted!

Jesus spent three years with a very small group of young men and walked with them intimately, teaching them as they followed Him. Some business developers who don't understand the principle of discipleship might look at this model and say that you could not expect to change the world by only sowing into a small group, but we are seeing its effectiveness through those we have already discipled. Cape Dorset is experiencing a move of God because of a small group of young Inuit who met Jesus and received

deliverance and hope through the Arctic Hope Leadership Development and Suicide Prevention program. We believe that the same thing will happen in these reserves and young First Nations men and women will take

this same message to all their neighbouring reserves and usher in revival! We *will* see suicide stopped and we *will* see a new generation of mighty men and women of God rise up!

Canada Shall Be Saved!

Nunavut is still a top priority for us, and I will be taking a small team to western and eastern Nunavut before the end of the year. Cape Dorset is one place that inspires me! The seeds that were sown in broken people's lives, resulting in total transformations is evidence of the power of God at work. Former drug dealers and bootleggers, people with significant trauma, suicidal teenagers without hope - all have met Jesus and found new life and purpose! It is the Gospel that makes the difference. In Romans 1:16 Paul said that the Gospel was *'the power of God at work'*. I believe Canada's Indigenous people will experience the power of

God in such a profound way that thousands will be able to tell their story of experiencing new life and hope from brokenness and despair!

As amazing as the work in Canada is, we are so appreciative of Igor Bogomol in Russia who is overseeing the ministry to Russian Inuit that many of you sow into.

Igor has just completed a rewarding mission in Arctic Russia and will take one more trip there in December. He is uniquely called and chosen for this challenging work and represents this ministry so well. There are countless Inuit lives that have been changed in that isolated and forgotten part of the world. The work he does there is very much like Jesus leaving the 99 for the 1.

I often think about Bill and Gwen's many missions to Arctic Russia from 1994 until 2010 and I am seriously moved! To think that they went there before there were cell phone towers, modern conveniences and comfortable modes of transportation! Although there are still many challenges to access many of the remote villages, ice roads have now been developed in some areas because of the discovery of oil. It is amazing the sacrifice that they were willing to make so that people entirely without hope could meet Jesus! I have some heroes of the faith that I look up to, and Bill and Gwen are chief among them.

Igor continues the amazing work that they established, and you help him get there.

Thank you for your faithful investment in this vital work. We are so very humbled to be a part of what the Lord is doing in Canada, and I count it a privilege to have you as my partner in this ministry. God sees your sowing into Canada and the circumpolar Arctic and I believe that you will also reap a harvest that will overwhelm your life!

With Fresh Hope,

Steven & Becky Carleton

A MESSAGE FROM BILL & GWEN PRANKARD

WE ARE STANDING ON GUARD FOR CANADA!

All Summer we have been crisscrossing the nation, calling on believers to 'Stand On Guard' for Canada. Just what does it mean to stand on guard?

In Ezekiel 33 God spoke to Ezekiel. Verse 7 says, *"So you, son of man: I have made you a watchman for the house of Israel; therefore you shall hear a word from My mouth and warn them for Me."* It was a serious, specific assignment at a critical time in Israel's history. At the beginning of this summer I sensed God saying to me, *"Go across Canada to speak My word. Challenge believers to rise up and be a light to their world at this critical time in Canada's history."*

I didn't know that a federal election would be called; all I knew was that I must obey God. At the same time, provinces began lifting restrictions, making it possible for people to gather together. My schedule quickly filled up, allowing me to minister in multiple locations each week. In every community God has been gracious as Christians have wholeheartedly responded to the challenge and many others have been gloriously healed.

A nation in crisis needs a Church in revival. We are constantly being bombarded, on social media, television and through political edicts, with messages that are in opposition to God's Word. Our educational system is indoctrinating our young people with a worldview that leads them away from the things of God. The only antidote for a sick society is the life-transforming, miracle-working power of God's love. Jesus loves Canada! It is His desire to see every Canadian discovering His love and sharing it with everyone they meet.

Proverbs 14:34 says, *"Righteousness exalts a nation, but sin is a reproach to any people."* Canada has a historical spiritual mandate, established at Confederation, to declare God's "dominion from sea to sea..." (Psalm 72:8). When He has dominion in our nation we will see a revival of righteousness, an outpouring of His Spirit on 'all flesh' and a spectacular display of His miracle-working power!

I challenge you today to 'rise and shine' for Jesus and join with me to stand on guard for our nation. Canada shall be saved!

Yours in Christ,

A handwritten signature in black ink, appearing to read 'Bill Prankard'.
