

REKINDLING LIVES WITH FRESH HOPE

SUMMER / 2021

We are almost halfway through 2021 and despite a global pandemic, incredible things are happening in Canada and in Russia through this ministry. On behalf of Bill, Gwen, Becky and me we want to start by thanking you for being our partners.

None of us knows what tomorrow will look like, but we can be absolutely certain that if we keep our eyes on the Lord and trust in Him all things will be possible! Proverbs 3:5-6 says, "Trust in the LORD with all your heart; do not depend on your own understanding. Seek His will in all you do, and He will show you which path to take." Our only job is to follow the Lord. In these strange times in Canada with lockdown after lockdown, all of the opinions on whether or not to vaccinate and rumours of war in different parts of the world, our job is not to be discouraged or lose hope. If we are to take anything from the season that we're in right now it is that we should be filled with so much hope that the world looks at us sideways because of the peace that lives inside of our being!

In Exodus chapter 14 you can read the story of Israel finally leaving Egypt and how Pharaoh and his army pursued them with the intent of killing them all. Moses and the Israelites were backed up against the Red Sea, with no real hope of surviving this very dramatic ordeal. But God! In verse 14 Moses told the Israelites to hold their peace and look to the Lord for He would bring them salvation that very day!

This is what you and I should take away from this incredible story: even when it seems that there is not a chance of walking away unscathed, we can either be overwhelmed by the problems around us or we can be filled with a peace that only comes from knowing that God has us in His hands and that everything will be amazing! I want you to be overwhelmingly encouraged in your spirit this day with the peace that comes from the assurance that

we have through Jesus Christ. In today's circumstances it is our job to hold on to our peace and see the Lord move across Canada!

Despite this global pandemic Igor Bogomol has been able to minister in the extremely isolated parts of Russia. He's taken two trips this year already and plans to take two more, on one of which Bill and I are hoping to go with him. Igor continues to see people won to the kingdom of God and disciples made in these remote and isolated communities.

Recently In Cape Dorset, Nunavut, there was an outbreak of the Spirit at the church that BPEA built back in the 1970s. Before the lockdown in Cape Dorset, they were having nightly services with Inuit coming to the Lord, drug and alcohol addicted people being liberated from their addictions, demons being cast out, and drug and alcohol dealers giving their hearts to the Lord and pouring their substances down the toilet. The seeds that this ministry has sown into Cape Dorset are now blooming and we are beginning to see the type of Holy Spirit movement across Nunavut that will cause the suicide rates to come to a halt!

This summer will be filled with God moments! I will be travelling with a small team from Edmonton to a few reserves to launch our First Nations ministry emphasis. As we entered 2021 I sensed the Lord nudging me to take the Arctic Hope Project to First Nations young people similar to the way we did our Arctic Hope Tour across Nunavut in 2018 and 2019.

arctic hope

There is a harvest among indigenous peoples in Canada that is ready for the kingdom of God, and we believe that they will soon be proclaiming "The redeeming power of God saved us and delivered us from all the traumas of our past!"

and when Bill goes, you come with us! The rewards and blessings that we receive because of the work that the Lord has us doing are your rewards too!

Steven & Becky Carleton
President

Thank you for partnering with this ministry. You must know that because you are our partners, when I go

A MESSAGE FROM BILL AND GWEN

Breakthrough is on the way! For well over a year we've awaited the day when we will once again be able to physically be in towns and cities across Canada to minister hope and healing. We've kept in touch as much as possible by doing videos and Zoom ministry via the internet but it will be so much better to see our dear partners face to face and lay our hands on them to receive all God has for them. As the pandemic numbers recede we have been hearing more encouraging talk that travel restrictions will be lifted soon, at least in some areas of the country, and we are believing God for all provinces to open up!

As word began to trickle out about the lifting of these restrictions invitations immediately began coming in from churches across Canada. I am saying "YES!" to as many pastors and ministries as possible so that we will be ready to GO as soon as we get the word. I am already making plans to minister at Mount Zion Retreat Centre, Gilmour ON in early July, at Moose Lake Alberta Camp and Frontline Worship Centre, Sylvan Lake AB later in July and at Dominion Conference in Lethbridge AB over the Labour Day weekend. We will be sending out email messages with more details as these meetings and more are confirmed. I am so excited about these services and trust that you will make plans to come to the ones that are in your area.

I also want you to make note of a very important CANADA DAY EVENT happening on July 1st. I will be ministering at The River in Tampa, FL that will be available by livestream on <https://www.youtube.com/user/rodneynhowardbrowne/live>. It will also be broadcast on Daystar Canada TV Network at 8:30pm ET. This special service will be dedicated to praying for Canada, believing for miracles for those tuning in and seeing the power of God demonstrated. You won't want to miss it!

I believe BREAKTHROUGH is on the way for you too! Gwen and I pray every day for you and claim God's miracle-working power to be poured out in your life. Start declaring your breakthrough today and expect good things to come your way!
