Summer 2023 Newsletter

## WHAT'S SO IMPORTANT ABOUT VISION?

Everyone needs to have a vision in life. That doesn't necessarily mean we have to have a supernatural encounter in which we get a picture of what God has in store. It might come in the form of a strong impression, a deep passion that can't be shaken, or simply a deep peace about how you see your life taking shape.

Proverbs 29:18 tells us, *"Without a vision the people perish."* Another translation puts it this way: *"Where there is no revelation, the people cast off restraint."* Without an understanding of God's purpose to guide them, people begin pursuing whatever they want, only to discover their ideas of "a good life" end with disappointment and emptiness.

In 1972, after a dramatic encounter with the Holy Spirit at a Kathryn Kuhlman service, I spent time in prayer, asking the Lord to show me how to handle the powerful revival that began immediately following that experience. He gave me a vision of Canada in nationwide revival. Young men and women filled the streets, sharing the Gospel, leading souls to Christ and seeing bodies miraculously healed. Communities throughout the Arctic were powerfully impacted and lives were transformed, delivered and empowered to reach their own people for Jesus. Stadiums across the nation were filled with people praising God, finding freedom in Christ and going out to spread the Good News. I saw Parliament coming to a standstill as the power of God filled the place and was poured out on the politicians. It was truly a picture of Psalm 72:8 that says, *"He shall dominion from sea to sea, and from the river to the ends of the earth."*

From the moment I received that impactful vision until today I have given my life to seeing the vision fulfilled. I have prayed and contended for revival, with salvation, healing and the Holy Spirit's empowerment in every city, town and village I have ministered in throughout Canada. I thank God for the many thousands of lives that have been touched by His saving, healing power over the past fifty-one years. Although I've seen so much happen, I knew there was so much more. That *more* has been taking place this year!

The Lord has given me the awesome privilege of pouring into the lives of many passionate young evangelists across Canada. These men and women of God have been strategically placed to cover the nation, declaring the pure Gospel and reaching out, whether one-on-one or in massive gatherings, and seeing powerful transformations taking place.

arctic hope

The vision of revival in the Arctic is being fulfilled through our Champions of Hope teams who have been to many Inuit communities this year, and in each place they have seen families and individuals radically saved and set on fire for God. Between visits they have been mentoring hungry Inuit individuals online so that they can become carriers of the message of His fire. Jacob Walda is forming additional teams to go to more communities in the north later this year, and we believe revival is going to spread everywhere they

go. We need more dedicated believers to join our Champions of Hope teams and invite you to prayerfully consider joining us. It is a one-year commitment in which you will travel with your team to an Arctic community two times to do outreach and to minister one-on-one. You will also do online mentoring during the year. You will be fully trained and prepared for the mission. For more information go to **bpea.com**.

### LOOKING FOR CHAMPIONS of HOPE

If you have a passion for Arctic missions, we invite you to apply to become a team member for one of our Arctic Hope Missions in communities across the north. You will be fully trained and equipped for the outreach and as a follow-up mentor to the people you will be reaching. To apply, go to:

One of most exciting elements of that 1972 vision began unfolding just a few weeks ago, as I stood on the platform of the SaskTel Centre, a large stadium in Saskatoon. Thousands of people from numerous provinces joined in unity to lift up the name of Jesus in worship. Under the leadership of Tyrell Smith, a passionate young woman of God, we saw hundreds of people each night, committing their lives to Jesus. Many of them were baptized in water, supernatural healings abounded night after night and the Gifts of the Spirit were demonstrated. It was truly an awesome sight as I witnessed the vision being realized in our midst!

More stadium events will be taking place this year, including in Hamilton and Ottawa, ON. I believe more dedicated young leaders in cities across Canada will

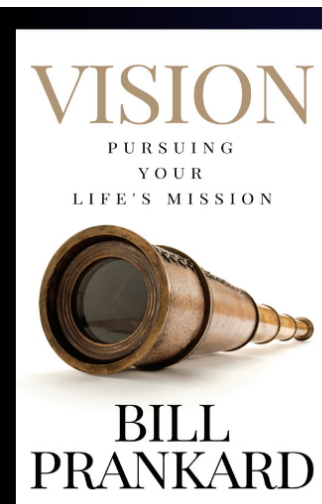

be rising up as well to organize similar events all across the nation.

We have also prepared a **CANADA DAY SPECIAL** for Daystar Canada TV on July 1<sup>st</sup>. Jacob Walda and I recorded the program at the very location where I received the life-transforming vision for Canada in 1972. You will be inspired as you learn the entire story and hear from young evangelists who are impacting the nation. Check your local listings for times.

*God moved mightily as thousands gathered to worship and see Him move in power.*

I feel that the subject of Vision is so vital that I have written a new book entitled **“VISION – Pursuing God’s Purpose for Your Life”**. It will help believers to understand visions and learn the importance of following God’s plan for your life. Although it will be officially released for the Canada Day Special on Daystar, I am making it available to you right now! Visit our website, **bpea.com** to order your copy today!

**VISION CHANGES EVERYTHING!**

Do you feel like you are a ship lost at sea?

Vision gives you purpose, direction, and a reason to exist. When you lose your God-given vision, you lose your focus and passion to fulfill His mission for your life.

In *Vision*, evangelist Bill Prankard shares the remarkable details of a life-altering vision he received in 1972 of Canada in a national revival. He also provides powerful scriptural perspectives that will inspire and challenge you to both seek and pursue God's vision for your own life.

Bill Prankard ministers in the power and anointing of the Holy Spirit with spiritual transformations, healings, and miracles following. He oversees the many facets and outreaches of the Bill Prankard Evangelistic Association and focuses BPEA's mission ministry on Canada's Inuit in the high Arctic. He and his wife Gwen are parents to four married children, twelve grandchildren, and oodles of great-grandchildren.

The Holy Spirit impressed on my heart that this passionate generation of believers need older men and women of God who have experienced moves of God, to walk with them, encourage them and share the lessons they have learned over the years. Many of you have a desire to see God use you to touch lives for Jesus as well. That's why we are gathering powerful ministries from various streams to minister and mentor you in preparation for a nationwide outpouring!

I invite you to join us at our **TIMOTHY CONFERENCE**, August 16-19 at Canada Christian College in Whitby, ON. Our ministry speakers include:

- **BENNY HINN** whom God has used around the world to bring healing and miracles to millions.
- **JOHN ARNOTT**, who led the Toronto Blessing, an outpouring that impacted nations and drew people to the Father's Heart.
- **ROBERTS LIARDON**, international speaker and author of *God's Generals*, a classic book that documents the lives of some of the greatest men and women of God in history.
- **TERRY COPELAND PEARSONS**, who leads Kenneth Copeland Ministries with her husband, and co-pastors Eagle Mountain Church in Texas . A woman of the Word and Faith!

You will have the privilege of gleaning valuable truths from each of these giants of faith who have led the way and sowed seeds of revival for this emerging generation. You must register for the daytime sessions where each minister will provide vital teaching to prepare all of us for the coming revival. Evening sessions are free and open to the public. Visit **bpea.com** for more information and to register. Don't miss this powerful event!

I am believing God for the entire budget of the Timothy Conference to be raised prior to the event so that we can focus entirely on ministry. It is an enormous undertaking but I have enormous faith that the Holy Spirit will lay it on the hearts of God's people and ministries to invest in this important

Conference. Please pray and ask the Holy Spirit what He would have you do, and may He bless you as you respond!
