

Henry Jernigan

Henry and Elizabeth Jernigan learned their son, Pierce, would be born with Spina Bifida. As doctors laid out the medical implications, including the probability that Pierce would never walk, Henry and Elizabeth were offered the option of terminating their pregnancy. They rejected abortion and decided to trust God. Pierce is now 23-years-old and his life's story illustrates God's plan and purpose

for each and every human being. The lesson is simple: despite rough times and unpredictable circumstances, God loves us, has a plan for us, and we can trust Him.

Henry is a highly regarded pro-life speaker who has worked professionally in film, television, radio, and theater. His message combines humor and real-life circumstances to reveal the miracle of each and every human life. He's been dubbed, "one of the best speakers you've never heard of..."

Hear his full story at HLA's 12th Annual Gala on
Thursday, October 20, 2022.
