Crossroads started the Hand to Heart Scholarship fund in the late 1980's to make sure people of all ages could access our programs regardless of their financial situation. It has been a bedrock of our organization ever since. Spring is coming?

Our community has been blessed to receive ample snow this winter and more is always needed. Crossroads thanks City of Baker City Public Works and Baker City Fire Department who are great neighbors and have helped with shoveling this winter. It is truly appreciated.

We have been busy as we moved out of the Christmas holidays and into the start of new year classes. It is always so joyful to have our little ballerinas back giggling and having fun in the dark days of winter.

Crossroads staff has decided to merge our newsletter into this class schedule format which comes to you quarterly in the mail to all mailboxes in Baker County. So be sure to check out the whole schedule.

As we navigate the coming months, hopefully out of Covid and into Spring make sure you stop by and sign up for classes, renew your membership and renew your love of the arts.

NEW THIS FALL

National Dance Day

Mark your Calendar! Board Members Kathy Sanchez and Terry Drever Gee are already planning for National Dance Day in Geiser Pollman Park on September 17th from 9:00am to 4:00pm in the Powder River Pavilion. We are recruiting dance groups! More information to come!

THE FURNACE FUND

In late December, we began to have significant issues with the upstairs furnaces at Crossroads. We have written grants to cover the high costs of the four units in the attic. If those grants do not come to fruition the Board of Directors will have to completely deplete our Building Maintenance Fund.

The Carnegie Library Restoration and all the building improvements were completed in 2008. Believe it or not that is 14 years ago! So all this equipment is hitting the end of its useful lifespan. Crossroads has been replacing and repairing appliances and equipment as we go but the upstairs furnaces are very expensive. Good news is the downstairs furnaces have a few more years of life in them. Crossroads Board of Directors is starting a new "Furnace Fund" where donations can be given specifically for the upkeep of the Carnegie Library Building systems. We have rebuilt this account to cover the next big systems challenge! Consider donating today!

Today, contemporary patterns have revitalized the historic knotting techniques - and it is one of many crafts making a big comeback as people have re-discover the joys of working with their hands. In our first session we will learn basic techniques and a few knots to make a key chain and necklace. In our second session we will be making a plant holder. All materials will be provided.

Grow What You Love Youth Series

GROW WHAT YOU LOVE - LOVE WHAT YOU GROW / YOUTH CLASS SERIES

Designed to help young students learn some plant basics while participating in the beautiful and artistic process of growing a garden, this is a perfect-for-spring series that combines creativity with a love of plants. Although it is most beneficial for students to take the entire series so that they may see progress, each class may also be taken individually. Either way, students will have something to take home at the end of every class. We will also keep some plants at Crossroads so there will be a reference for stages of growth and extra plants in case of unexpected losses. This is a free ArtSpeak class but you must preregister for each session. Please call if you have special circumstances. Students older than 12 may be needed as helpers. Students younger than 8 may be able to participate with a parent or older sibling.

Instructor: Debbie Friedman

Dates: April 22 - May 20

Location: Downstairs Studio

Time: 10:30-Noon

Ages: ages 8-12

Class Size: Min. 3 / Max. 8

SESSION 1 - DIRT BABIES

April 22nd

Dirt Babies are simply adorable with their wild green tresses and sparkly features. In our first class, each student will make their own special and unique friend. Your Dirt Baby will last as long as you give it a little love, light and attention. You might even be inspired to give your Dirt Baby another friend or maybe even a family - because the only thing cuter than one Dirt Baby is more of them! Making Dirt Babies is fun and creative, but our babies will also show us just how much a few small grass seeds can do.

SESSION 2 - FLOWERS AND PAINTED POTS

April 29th

It is impossible not to love flowers. Their colors, smells and shapes remind us of the beauty around us. Flowers make us feel happy. They help us celebrate and they cheer us up when we are sick or sad. You can never have too many flowers! In our second class, we will plant a few different kinds of flowers. We will also paint some special flower pot houses for them to grow in. You can keep some flowers and watch them grow and still give some away to someone you love.

SESSION 3 - VEGETABLES AND DECORATED PLANT STAKES

May 6th

When we are patient and attentive to our plants they can help us to grow strong and healthy. If we give them what they need, they will do the same for us! Growing vegetables takes some time so these plants teach us a lot about being responsible. When summer comes, you will be able to enjoy your own tasty, homegrown vegetables. You might even be able to share some with friends! In this third class, we will start a few different vegetables that can be transferred later to your own garden or to larger containers. We will also decorate plant stakes to remind us what we've planted.

SESSION 4 - HERBS SCENTS AND SPICE

May 13th

Herbs and spices add something extra to our food when we cook. They have strong scents because they are very strong plants, typically living through a cold winter and generously re-seeding themselves in the spring. Their smells are so strong that we can use them for perfumes and even for cleaning. In our fourth class, we will plant a few different types of herbs. We

will make some small pots so you can keep them in a sunny kitchen window. They will easily live outside as well, right in the ground or in containers. With some love they will come back again next year when you have almost forgotten about them.

SESSION 5 - SOME TO TAKE AND SOME TO SHARE

May 20th

The dictionary says that "to share" means to use or enjoy with others. In our 5th class, we will do some planting and tending to the Crossroads courtyard garden boxes. Using some well established nursery plants and also some seeds, we will begin to bring those boxes back to life and share our gifts with the community. Students will also get some take-home plants of their own to care for.

Plot Description: Deep in the salty waters of the Sassafras Sea, there lived a Little Mermaid. Her name was Celia. She lived for music and had the loveliest scales in all of the Deep. Celia and her three sisters were allowed one visit to the World Above, to learn the secrets of life on dry land. Their discoveries included ferocious dragons, advancing armies and, of course, a handsome and resourceful Prince Charming. In a new version of the age-old tale, lots of music, plot surprises and humor await the audience.

SAQA SHOW

For the incoming Spring season, we at Crossroads are thrilled to announce a month-long exhibit, beginning on Friday, March 4th, brought to you by the Studio Art Quilt Associates (SAQA). Quilts are surely a beloved, utilitarian use of textile, and can just as well be a beautifully crafted focal point of fine art as well. This vibrant show will showcase the SAQA values of "excellence, innovation, integrity, and inclusion" in a truly unique gallery exhibit. Crossroads encourages you to observe for yourself how SAQA utilizes the quilt as a unique art medium that has been constructed through vision, artistry, hard work, and coordination.

April

OPEN THEME SHOW

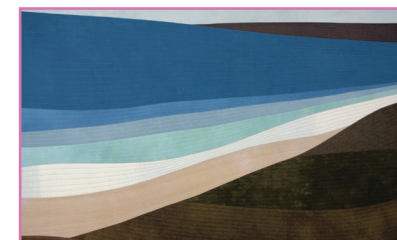

Crossroads will officially kick off the coming of Spring with the presentation of our annual Open Theme Show! Open shows bring to our art center some of the most exciting times of the year. With April's Open Theme Show, individual artists of every artistic skill level and experience, will have the opportunity to showcase their pieces to the public for the entire month of April in our gallery space. Artists and visitors alike will be able to survey a multitude of mediums and techniques from our local artists, as each participating artist is invited to interpret the given theme in any way that their creativity leads them. We look forward to receiving a wide array of entries from the talented artists that our community has to offer.

May

RICH BERGEMAN & KRISTIANN MANNION

Rich Bergeman and Kristiann Mannion bring forth quite a special pairing of artwork that will surely bring a unique display to the gallery space. Rich Bergeman's infrared photography will highlight the dramatic, natural beauty throughout Oregon in a way that is not often seen. Bergeman's use of infrared "helps transport the viewer outside the present and into another dimension, sparking the imagination to consider what might have been". Kristiann Mannion will pair her 3D, Scandinavian-style artwork with Bergeman's photography in a truly symbiotic way. Visitors will be able to see her crafted marriage of fine art, that is completely utilitarian as well.

June

LISA FLOWERS ROSS & KELLY COX & ERIC MULLIS

The visitors of Crossroads will surely have an ample amount to explore, and ponder, when they wander through our gallery space in June. Lisa Flowers Ross presents a vibrant display of textile art which depicts the beauty of the Western States that she has frequently traveled in a way that is not often seen in the fine art realm. In a tantalizing contrast to Ross's serene textile work, Kelly Cox and Eric Mullis will present their ceramic teamwork that is sure to provoke some interesting interpretation of their symbolic ceramic artwork. This artist team has taken common, pragmatic objects and reinvented them into fine art forms that represent the unique social and political climate of today.
