

OneVoice "Buzz"

*Caring for people with bleeding disorders in developing countries
one at a time*

April 2019

Dear friends,

We hope you will enjoy this brief update "Buzz" from Save One Life. We have so much exciting news to share that we can't wait until next month's edition of our OneVoice. Enjoy and, as always, thank you for your support.

Laurie

***Bombardier Blood* Hits Times Square and Brewer, Maine for World Hemophilia Day!**

In celebration of World Hemophilia Day, the New York City Hemophilia Chapter (NYCHC), Save One Life, Believe Limited and Octapharma held a special screening of *Bombardier Blood*. The screening took place on April 14 with over 300 attendees. After the screening, Chris Bombardier was joined by Alex Borstein, Jessica Bombardier and director Patrick James Lynch for a Q&A session. For those of you who aren't familiar with Alex, she is an Emmy Award winning actress on *The Marvelous Mrs. Maisel*, the voice of Lois Griffin on the animated comedy series *Family Guy*, and now *Bombardier Blood's* Executive Producer! We extend a very special thank you to Alex for her incredibly generous donation in honor of the film!

Following the screening, a silent auction was held with all proceeds going to help Save One Life and our mission. Thank you to everyone that attended the screening, sponsored a child, or won an auction item!

On World Hemophilia Day, April 17, the Hemophilia Alliance of Maine (HAM) also held a

special screening of the film in honor of Save One Life. Over 200 people attended the film in Brewer, Maine and HAM held a silent auction to support individuals with bleeding disorders in developing countries!

Calling all Riders!

Sunday June 23, 2019

Wheels for the World: Lost on the Tour Divide!

Barry Haarde became the first person with hemophilia, HIV and hepatitis C to ride from coast-to-coast. That initial journey was named Wheels for the World and was the first of six amazing rides completed by the Texas native. Sadly, Barry passed away unexpectedly last year.

His legacy continues with Wheels for the World: Lost on the Tour Divide! Chris Seistrup, a cyclist with hemophilia B, will honor Barry's memory by raising money to support Save One Life while racing across the country. Starting in Banff, Canada, Chris will join the Tour Divide and race to Antelope Wells, New Mexico, along the continental divide trail!

In support of Chris, and in memory of Barry, Save One Life will host a local bike ride on June 23. Please join us!

Program Spotlight: Project SHARE

Meet Mahmoud from Egypt. His cousin, who lives in the United States, received this picture from his family members in Egypt and was deeply concerned. After calling everyone imaginable, he was able to reach our program, Project SHARE.

After confirming Mahmoud's diagnosis and needs, SHARE was able to send factor to a family friend that brought it to Egypt.

Mahmoud was so thankful to receive the factor that he posted his thanks to Facebook and the post went VIRAL!

The story was picked up by a local news station and a doctor in Egypt's capital of Cairo became aware of Mahmoud's case. The doctor sent a car to drive him the three hours to the hospital. We are happy to report that Mahmoud is thankfully receiving the care he desperately needed!

Thank you to all the people who have sent unused or unwanted factor to Project SHARE! This factor is truly saving lives around the world. To find out more about the program click the link below.
