

OneVoice

April 2021

Dear friends,

I hope this OneVoice finds you enjoying fresh air, sunshine and a little bit of normalcy.

Our friends in India, and other countries Save One Life serves, may not be able to say the same. Almost half of the 50+ program partners we work with are located in India. They are experiencing an unrelenting second wave of Covid-19 and the healthcare system is being pushed to the limits. Please join me in keeping our community in India in your thoughts and help if you can by [donating here](#) and specifying India in the notes.

With gratitude,

Chris Bombardier
Executive Director

WHEELS for the WORLD

Nepal Hemophilia Society

Scholarship Program

We've seen an increase in scholarship applications now that classes and programs are resuming.

Eighteen scholarships, averaging \$800 each, have been awarded this year. One of the scholarships was received by Sangeetha, pictured here, to study for her MBA.

This program is generously supported by:

SANOFI GENZYME 

Micro-Enterprise Grant Program

Restrictions are easing, resulting in a significant increase in grant requests.

Twenty-three grants have been awarded this year averaging \$840 each.

To the right is Swaleh. He received a grant to purchase two sewing machines to expand

his business and increase his income.

Help William Hike the NH 48!

William Addison is a young man with hemophilia hiking the 48,400 footers of NH to raise money for Save One Life. This adventure should keep him busy and active through the end of May. He has seen snow, ice and now greenery!

Will's fundraising goal for the #NH48 is \$4,800. Follow his journey [here!](#)

The picture to the right is of Will in front of the wing span of a turkey vulture while climbing Bradbury Mountain this past weekend (with his dog!).
