OneVoice

December 2020

Dear friends,

All of us at Save One Life wish you the best as we say goodbye to 2020 and welcome 2021. We are grateful for the support of so many sponsors, donors and organizations.

With gratitude,

Chris Bombardier
Executive Director

Send a Smile!

It's been a challenging year and many of us are missing those we love. You can send a smile to someone the old-fashioned way! A gift of \$25 will help Save One Life and help bring cheer to someone you care about.

Please make a \$25 donation today.

Save One Life Founder and Board President Laurie Kelley with her long-time friend and generous Save One Life supporter Patrick M. Schmidt.

Patrick M. Schmidt is CEO of FFF Enterprises. Since 1988, FFF has been recognized as the nation's leading supplier of critical-care biopharmaceuticals, plasma products (including albumin, intravenous immune globulin and coagulation products) and vaccines.

Save One Life is beyond appreciative of FFF's support for over a decade. Not only is FFF the highest level (Everest) corporate sponsor of our organization, but the organization also sponsors over 150 beneficiaries!

We recently spoke with Patrick about how he became involved with Save One Life and why he continues to support our nonprofit.

2020 Program Recap

Micro-Enterprise Grant Program

This year Save One Life has awarded 32 micro-enterprise grants, including one to Martha from Kenya for her new dairy calf.

Sponsorship Program

Generously supported by you!

Save One Life distributes funds to children (like Istigsar from Ghana) twice a year. This month we sent over \$280,000 to almost 1,400

[Read more about this program generously sponsored by Roche and Genentech.](#)

beneficiaries!

Scholarship Program

Thirty deserving students have received scholarships for certificate programs or college. This is Paul from Kenya working on his music degree.

[Read more about this program generously sponsored by Sanofi Genzyme.](#)

Project SHARE

Project SHARE has received over 23.3 million IU of unused or unwanted factor this year. Over 18.1 million IU have been shipped to 29 countries! Pictured is a child receiving treatment for VWD from a shipment to Nepal. [Click here to read more about Project SHARE.](#)
