*Caring for people with bleeding disorders in developing countries—
one at a time*

February 2020

Dear friends,

How fitting that I write to you on Rare Disease Day, on the 29th of February, an especially rare day!

Thank you for your support of Save One Life and those living with rare diseases and disorders in developing countries. We continually strive to help those in need of support and we could not do it without your help.

Enjoy this brief "Buzz" and please consider joining us for a hike or bike ride!

Chris Bombardier
Executive Director

Hike to Change Lives! May 20-22

A member of the Save One Life team took a family vacation to the Grand Canyon. We made her work while she was there! Jenn Brockway-Peirce, program manager, checked out Bright Angel Trail. She said, "The trail is amazing and we were able to go below the rim. I can only imagine how beautiful it will be in May."

There are a small number of spots remaining for hikers interested in the Grand Canyon Challenge! If you are up for adventure and able to raise \$3000 by the end of April, this adventure is for you!

More About our Grand Canyon Adventure

See half-life, clearance and other PK data from the crossover study comparing **Jivi®** and **Eloctate®**

For Sponsors

In an effort to reduce waste and costs, Save One Life will ***no longer send*** paper sponsorship renewals. Instead, we invite you to access your account by visiting saveonelife.net. In the top right corner click on "my account". Your username is your email address. After creating a password you can enter a payment method, see information about your beneficiary(s), access tax receipts and more!

Dharmraj from India

Did you know?

Many sponsors have increased their donation to \$420 a year/\$35 a month (the amount for all *new* sponsorships). Please consider increasing your donation.

Save the Date! Sunday, July 12

The Wheels for the World 2020 Ride will start and end in Ipswich, MA. Save One life has partnered with [Beverly Bikes](#), [True North Ale Company](#) and [New England Hemophilia Association](#) to bring you a fun event.

We will offer a 25 and a metric century route. [More details here!](#)

Rare Disease Day Star

Chris Bombardier was selected as one of Takeda's "Constellation of Rare Stars" for Rare Disease Day! You can watch his [Rare Star video on YouTube](#).

To read more visit [Takeda](#).

We honored Chris (pictured with Oslo dog) with his own "Rare Star" at the Save One Life office!

Please [donate today](#).
Every dollar counts!
