Sign of Success

We are often asked, "How long are beneficiaries in the sponsorship program?" Beneficiaries receive support until they are 25 years old or can support themselves financially. At the end of each year, we ask our program partners for updates on all beneficiaries to determine if they still require support through the sponsorship program.

Graduating from the sponsorship program is a sign of success and shows that the beneficiary is doing well and no longer needs the support.

This year 101 beneficiaries graduated from the sponsorship program! Some have completed school and are working, like Ousophea in Cambodia (pictured right).

Ousophea graduated from the sponsorship program.

Others, like our nine beneficiaries in Vijayawada, India, graduated from the program because of support they received from their local government. They are now receiving \$125 per month to help them meet basic needs.

Before graduating from the sponsorship program, we encourage beneficiaries to continue their education through our scholarship program or create a business through our micro-enterprise grant program.

Keep an eye out for new beneficiaries to be added to our website in the coming months!

Dear Sir/Madam,

Sub: THANK YOU for your Support!

I hope you and your family well. I have now completed my graduation and it would not have been possible without your kind support all through these years.

This money granted to me has been very helpful to meet out my education expense, and also support my other expenses, especially during the pandemic.

Thanks to your support, I have been able to get a job in a laboratory and earn some money for my living.

It would be great and helpful if you are able to contribute to the education of yet another student like me, and help to build their future.

Thanking you again from my heart for all your support.

Yours faithfully,
H. KUMAR

Thank you notes from two recently graduated beneficiaries.

**Save One Life commits to sending sponsorship funds to beneficiaries —
even after they lose a sponsor.**

1169 children sponsored through our Sponsorship Program

42 covered by the Save One Life Community Fund

Please consider sponsoring one of the 44 children available for sponsorship on our website, like Muhammed from India.

Muhammed has severe hemophilia A.

Please sponsor Muhammed!

A full-page advertisement for Alprolix. It features a man with long red hair and a beard, wearing a white t-shirt with 'ALPROLIX' on it, a blue jacket, and a silver cap. He is standing on a stage with his arms outstretched, with a disco ball above him. The background is dark with repeating text 'TREATMENT SIGNING DAY' and stars. Below the image, the text reads: 'DOING THINGS YOUR WAY STARTS RIGHT HERE, RIGHT NOW.' followed by a yellow button that says 'LET'S GO'. At the bottom, the Alprolix logo is shown with the text 'ALPROLIX® [Coagulation Factor IX (Recombinant), Fc Fusion Protein]'. The footer text is 'MAT-US-2110234-v1.0-11/2021'.

Do you have factor to donate?

Project SHARE donates factor to patients in developing countries. Our donations are used to save lives and limbs threatened by uncontrolled bleeding. In 2022, SHARE shipped over 7 million IU of factor to 28 developing countries! Email **share@saveonelifenet** to have your donation approved before you send. Thank you!

Our New Look

The Save One Life logo has been updated as part of an overall brand refresh. Our goal was to maintain the iconic and recognizable logo associated with over two decades of serving the bleeding disorders community in developing countries.

We look forward to also sharing a redesigned website in the coming months!

We thank our Corporate Sponsors for supporting our mission.
