Greetings from Pakistan

The Save One Life team virtually attended a recent Awareness Event hosted by the Hemophilia Foundation of Pakistan, Lahore Chapter. This event, for beneficiaries and their families, was an opportunity to provide education and distribute sponsorship funds to beneficiaries.

We heard from Sadia, who thanked Save One Life for the support she received allowing her the opportunity to complete high school and her Bachelor of Science in Nursing.

Now a staff nurse and independent professional woman, she is able to effectively cope with her bleeding disorder and other societal pressure. She comes from a very underprivileged family, and it was difficult for her father alone to support Sadia's education.

Smiles and waves from our beneficiaries in Lahore, Pakistan.

You can improve the quality of life and future for a person with a bleeding disorder in a developing country.

We have 132 children waiting for sponsorship.

Wheels for the World 2022 - Celebrating the Legacy of Barry Haarde

In June of 2012, Barry Haarde made history as the first person with hemophilia to cross the country on a bicycle. At the end of his ride, an elated Barry turned to Laurie Kelley and declared, "Let's do this again next year!"

He would go on to ride 16,728 more miles and raise over \$250,000 for Save One Life.

NEHA Day	July 31	Providence, RI Special guest- Emily Cobb, sister of Barry Haarde.
Weekend Rides	August 14	Ipswich, MA Mountain bike ride— Chris Bombardier
Pennsylvania Ride	October 1	Blue Marsh Lake Leesport, PA
Arizona Day	November 6	Rio Salado Pathway Tempe, AZ
Virtual Ride	Anytime	Anywhere

Register before November 6 to receive a Bike Box which includes items to support your ride.

Fundraise \$250 or over to receive *alimited edition* Wheels for the World jersey!

Help keep Barry's memory alive; register for Wheels for the World today!

Event Information

Thank you to Novo Nordisk, a presenting sponsor of Wheels for the World 2022

We strive to help improve the lives of people with hemophilia

For 30 years, Novo Nordisk has been a driving force for people living with rare bleeding disorders. We take pride in striving for innovative solutions to help improve patients' lives. This motivates us to uphold the highest standards in our product research and development. This vital research is just the beginning of our commitment in hemophilia.

We will continue our research and connect with people with hemophilia and health care professionals to ensure we understand and respond to the specific needs of the hemophilia community.

With a rich history, Novo Nordisk remains at the forefront of discovery. We are poised to continue to develop innovative solutions that can help improve the lives of people with hemophilia in the future.
