My Profound Gratitude

I am Hemanth a [former] beneficiary of Save One Life.

I received a scholarship to purchase an iPad to help with my studies.

I have purchased the iPad and it is working wonders in my academics. I am able to backup video lectures with ease on the big screen. I am also preparing the presentations and research papers using my iPad. This has also enabled me to refer to multiple ebooks which helps me immensely with my exams.

So I would like to convey my heartfelt thanks and express my profound gratitude to Save One Life for changing my life forever.

Yours truly,

Hemanth

Hemanth, from India, is pursuing a Bachelor of Medicine, Bachelor of Science (MBBS) from the Madras Medical College, Hemanth Raj applied for a scholarship to help with college expenses.

**Save One Life commits to sending sponsorship funds to beneficiaries —
even after they lose a sponsor.**

Please consider sponsoring **one of the 56 children** available for sponsorship.

NEPAL
HEMOPHILIA
SOCIETY

Save One Life will be visiting the Nepal Hemophilia Society in April. They will have the opportunity to visit the homes of some families, including Aayush, Santosh, Aakash and Radheshyam, who are available to sponsor.

Aayush

Aakash

Radheshyam

**DOING THINGS YOUR WAY
STARTS RIGHT HERE, RIGHT NOW.**

LET'S GO

ALPROLIX®
[Coagulation Factor IX
(Recombinant), Fc Fusion Protein]

MAT-US-2110234-v10-11/2021

Nepal and Everest have a special connection with Save One Life.

In 2017, executive director Chris Bombardier became the first person with hemophilia to summit Mt. Everest. His journey and interaction with the hemophilia community was documented in the film *Bombardier Blood*. The Nepalese premiere will take place on World Hemophilia Day with the Nepal Hemophilia Society.

The return to Nepal and trek to Everest Base Camp, on the sixth anniversary of Chris's summit, will help further the mission of Save One Life and highlight the Nepalese bleeding disorder community.

Donate \$50 to any of the eight trekkers joining Chris and we will send you prayer flags and a signed copy of *The Seven Summits* coffee table book.

WE NEED DONATED FACTOR

75% of hemophilia patients around the world still have little to no access to medication.

Donated factor can provide that access.*

WHAT IS PROJECT SHARE?

Project SHARE is a Save One Life program that donates factor to developing countries to save lives and limbs threatened by a bleeding episode.

REASONS FOR DONATING CAN INCLUDE:

- switched brands
- changed dosage
- developed inhibitor

DONATE FACTOR

Any number of vials, in any assay size
At least one month before expiration date
Expired factor not accepted

*You must email or call us prior to shipment for approval.
share@saveonelife.net • 978-352-7652

Email share@saveonelife.net to have your donation approved before you send. Thank you!

We thank our Corporate Sponsors for supporting our mission.

Jivi
antihemophilic factor
(recombinant) PEGylated-auct

UP TO 7 YEARS
of Jivi® data available
