MORE >

## Replicating Success

Save One Life partners with the Hemophilia Patients Welfare Society (HPWS) in Lahore, Pakistan to help over 40 children with bleeding disorders through our sponsorship program.

Recognizing a growing need in their community and using Save One Life's sponsorship program as a model, HPWS created their Family Support Program (FSP). FSP has helped 54 children with bleeding disorders to date.

FSP boasts many success stories, including beneficiaries who have finished their education, are currently in college or are receiving vocational training.

Hemophilia Patients Welfare Society (HPWS) in Lahore will continue to engage local donors to provide the Family Support Program.

Members of the Family Support Program.

Beneficiaries of FSP receive their funds.

"Thank you Save One Life for inspiring others to follow your path."  
-Dr. Shahla, Medical Director HPWS-Lahore

**Save One Life commits to sending sponsorship funds to beneficiaries —  
even after they lose a sponsor.**

**1197** children sponsored through our Sponsorship Program  
**88** covered by the Save One Life Community Fund

Please consider sponsoring **one of the 88 children** available for sponsorship, like 2 year old Samyog from Nepal.

Samyog has severe hemophilia A and is one of the newest enrollees in our sponsorship program. **Please sponsor Samyog!**

# WE NEED DONATED FACTOR

75% of hemophilia patients around the world still have little to no access to medication.

Donated factor can provide that access.\*

## WHAT IS PROJECT SHARE?

Project SHARE is a Save One Life program that donates factor to developing countries to save lives and limbs threatened by a bleeding episode.

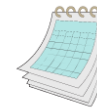

## REASONS FOR DONATING CAN INCLUDE:

- switched brands
- changed dosage
- developed inhibitor

## DONATE FACTOR

Any number of vials, in any assay size  
At least one month before expiration date  
Expired factor not accepted

\*You must email or call us prior to shipment for approval.
