## **Together We Give**

You have the power to help a child live a fulfilling life.

Donations to Save One Life allow children's families to access essentials like food, medicine, treatment, transportation, and education.

By helping one child, we are one step closer to changing the world.

This thank you text came from Sebastine, who is the uncle of one of our beneficiaries in Nigeria - Victor. This is his beautiful message and family ♥

## **Sebastine**

I am speechless this morning. I begin to ask myself why you loved us. We are not your neighbor. We are not your relatives.

We are not your tribe but you still show love to us.

You love us more than a mother can do. I know no words to qualify what you are or what you're doing, I can only say thank you.

My prayer is that God will continue to bless you and may his grace be upon you and your household.

My regards to you and your family. My regards to the supporters those who have been funding Save One Life. May God bless them. Thank you.
