Caring for people with bleeding disorders in developing countries one at a time

Thursday is our virtual anniversary event!

The event will highlight the moments that have made Save One Life. Join us to hear from our partners overseas, sponsors and more. Founder of the organization, and current President of the Board of Directors, Laurie Kelley, will host the virtual event with Executive Director Chris Bombardier. They have a fun evening planned!

Register using the code TWENTY, then send us an email post-event if you know the name of our special guest. *The first three responses will receive a free Cheers Box filled with custom items created just for this celebration.*

<u>Email</u> your questions before hand and be entered into a raffle to win a Cheers Box if the hosts answer your questions live.

In the meantime we invite you to:

Above: Laurie Kelley visiting Save One Life beneficiaries in Kenya.

Below: A custom Cheers Box filled with locally sourced items.

Wheels for the World Ends Thursday

Thanks to all our cyclists and supporters of Wheels for the World 2021!

The event ends Thursday but you still have time to hop on a spin bike, take a road ride or head into the woods!

We recently reached our goal of \$15,000 but we can go higher.<u>Donate today</u> or <u>register to</u> <u>ride</u>.

Remembering Barry Haarde

Laurie Kelley and Doug Mildram hosted a ride in Georgetown, MA to honor the memory of Barry who rode across the country 6 times and raised over \$250,000 for Save One Life.

Barry passed away suddenly in 2018 and this event recognizes the inspiration he was to all those with and without bleeding disorders.

Operation Cider Donuts

The cycling crew to the left, Team Pags, had a terrific DIY Wheels for the World ride this past Sunday.

They all pedaled 42 miles out of Portsmouth, NH with a stop at Applecrest Farms for some seasonal cider donuts! Tasty donuts gave them energy to cycle back to Portsmouth. Thank you Team Pags
