one life at a time*

Welcome!

September 2019

What an incredible summer it has been! On September 5, our organization received the Global Impact Award from the National Hemophilia Foundation. This was an incredible honor and is a testament to our dedicated supporters, staff, volunteers and program partners over the past 18 years. It truly takes a village to create change.

From Lisa O'Conner, who first shared her idea of a sponsorship program with Laurie Kelley in 1999, to the generous support of Patrick M. Schmidt, CEO of FFF Enterprises, who sponsors the largest number of children, to a \$5 donation made for a raffle ticket, all your support helps!

The Global Impact Award may have Save One Life's name engraved on it, but it really represents all of you! Thank you for your continued support of Save One Life!

Executive Director

Accompanied by many of our current and former board members, sponsors, and donors, Laurie Kelley and Chris Bombardier accepted the Global Impact Award at NHF's Red Tie Soiree on September 5 in NYC. It was an incredibly humbling experience to be selected for this award and to be in the company of such amazing honorees as Alex Borstein, David Quinn and the World Federation of Hemophilia.

Thank you to the National Hemophilia Foundation for this wonderful honor and thank you to everyone that has contributed to Save One Life in the past.

### Children to Sponsor

*A sponsorship is just  
\$35 a month!*

Please sponsor  
Alexandru and/or his  
twin brother Dragos from  
Romania.

These twin brothers have  
severe hemophilia A.  
They are in the fifth  
grade, but both have  
missed several days of  
school due to bleeds.

They are both excellent  
students and enjoy  
learning math and  
English.

Both boys love to play  
and especially like taking  
care of their baby sister.

Please consider  
sponsoring one or both of  
these young men. Your
