# “THERE IS ALWAYS MORE WE CAN DO”

## Save One Life, Save The World

The 2020 pandemic created one of the most unusual and difficult years in our lifetime. Although many around the world faced medical and economic challenges, the community was able to relate to each other’s difficulties compassionately. We enjoyed connecting through new digital platforms. Whether it was watching videos of people participating in the At Home Everest Challenge or speaking with our international program partners on Zoom—we connected.

The pandemic threatened many of our supporters’ financial security, yet most continued their support. This support helped stabilize our beneficiaries’ financial hardships. In some instances, the funds Save One Life distributed were the only source of income for many families. Thankfully, we were still able to send your donations to all beneficiaries in 14 countries!

Save One Life is extremely grateful to all our donors, sponsors, volunteers, partners and friends. Without you, we would not be able help those less fortunate. With gratitude, we invite you to read this annual report to learn about the people Save One Life successfully assisted in 2020.

**ON BEHALF OF ALL THE LIVES WE HAVE POSITIVELY CHANGED, THANK YOU!**

Chris Bombardier  
Executive Director

# COVID-19’S IMPACT: BRIAN’S STORY

The global pandemic has had a profound impact on the families Save One Life supports. Most families have experienced some sort of lockdown, which meant their already minimal incomes were reduced to nothing.

Brian, who lives about two hours from Nairobi, Kenya, shared his story with us. In March, heavy rains caused devastation. Brian’s home was flooded and his family’s crops, house, bedding, and clothing were all destroyed. A neighbor took the family in until their house was clear of standing water. Brian’s parents work as laborers on local farms, but fear of the virus had closed many farms. The parents lost their entire income. The family has now planted new crops on their own land. They are unable to sell these crops for income as they will use them to feed the family.

Without Save One Life’s sponsorship program, Brian’s family would not be able to afford basic necessities. This program is Brian’s safety net, especially during tough times.

## 2020 GIVING OVERVIEW

**\$441,000 DONATED TO OVER 1,400 BENEFICIARIES IN 14 COUNTRIES**

**\$29,000 AWARDED TO 28 SCHOLARSHIP RECIPIENTS IN SEVEN COUNTRIES**

They attended engineering school, nursing school, enrolled in a psychology program, earned degrees in ayurvedic medicine and more.

**\$28,000 SENT TO 32 MICRO-ENTERPRISE GRANT RECIPIENTS IN 11 PROGRAM PARTNER ORGANIZATIONS**

Grants were used for a variety of ventures, including opening a fruit and vegetable shop and creating a cybercafe with a gaming zone.

**18,607,682 IU AND 464 MG OF FACTOR DONATED TO PATIENTS IN 28 COUNTRIES THROUGH PROJECT SHARE**

# 2020 HIGHLIGHTS

## 1. CATALYST LEADERSHIP INITIATIVE

Since 1996, Laurie Kelley, founder of Save One Life, has been identifying leaders in developing countries to help build and grow patient-led bleeding disorder organizations. She has spent countless hours mentoring these new leaders. Laurie's goal was to eventually have these organizations register with their local governments and the World Federation of Hemophilia (WFH).

In 2020, Bayer Healthcare provided a grant to formalize this program through Save One Life. Before COVID-19 struck, the focus was on developing patient organizations in Rwanda, Fiji and Haiti. Although travel was greatly restricted, progress has been made in all three countries. Funded by Bayer.

Patients participate in an educational symposium by the French Hemophilia Association (AHF).

## 2. AMBASSADOR PROGRAM

The Ambassador Program encourages volunteers in the US to advocate, educate and fundraise on behalf of Save One Life. The goal is to develop a network of ambassadors to raise awareness of the drastic disparity in care for the bleeding disorder community in developing countries. Funded by Novo Nordisk.

A virtual meeting of Save One Life's first ambassadors.

For full 2020 reports of these programs, please visit [www.saveonelife.net](http://www.saveonelife.net).

Scholarship recipient, now nurse, Erick, from Honduras (right).

Save One Life's India Program Coordinator, Usha, visits MEG recipient, Sanjay Burnwal's fruit and vegetable stand in Durgapur, India.

Carlos thanks Save One Life at the Kenyatta National Hospital in Kenya.

## 3. SCHOLARSHIPS PROGRAM

Since 2012, Save One Life has provided 335 scholarships to 193 students in 10 countries. In 2020, Save One Life awarded scholarships to 28 individuals in seven countries. The average scholarship was \$825. Funded by Sanofi Genzyme.

## 4. MICRO-ENTERPRISE GRANT PROGRAM

Since 2014, Save One Life has provided 144 grants in 13 countries. Despite the impact of COVID-19 in 2020, Save One Life was able to award 32 micro-enterprise grants (MEG). The average grant was \$928. Funded by Roche/Genentech.

## 5. PROJECT SHARE (SUPPLYING HEMOPHILIA AID AND RELIEF)

Project SHARE ensures that tens of millions of dollars worth of unwanted and unused factor, which would otherwise be destroyed, reaches impoverished people with bleeding disorders. In 2020, Project SHARE shipped over 18 million IU of factor and 464 mg of bypassing agent to 28 countries. Thanks to all those who donated factor or provided financial support to Project SHARE. Funded by Takeda and Octapharma.

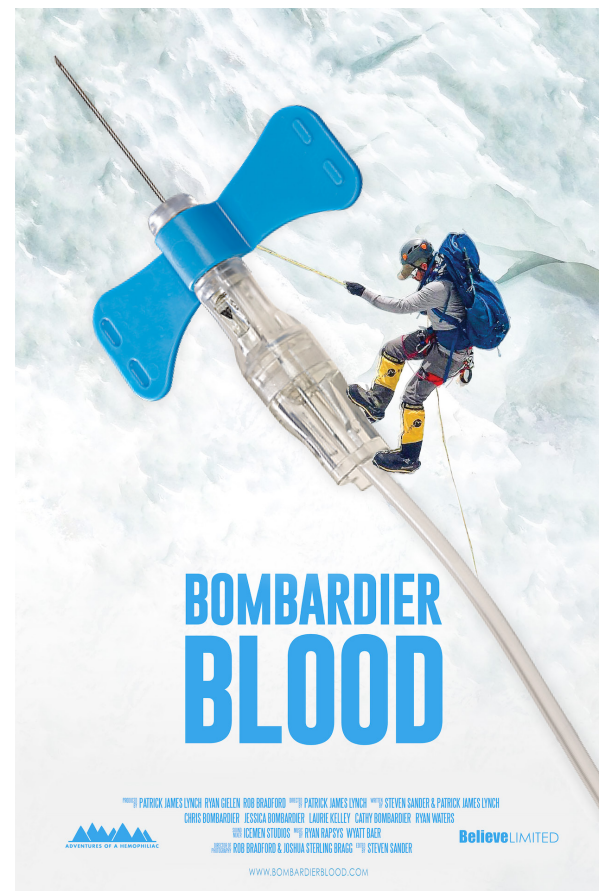

# EVENTS

## BOMBARDIER BLOOD WIDELY DISTRIBUTED

*Bombardier Blood*, the documentary highlighting executive director Chris Bombardier's summit of Mt. Everest, became available worldwide on August 18. The film received great reviews from critics and has raised awareness of Save One Life and its work to improve the lives of people living with bleeding disorders in developing countries. Twenty percent of proceeds supported Save One Life. *Bombardier Blood* is available to stream online across many platforms, visit [bombardierblood.com](http://bombardierblood.com) to learn more.

# WHEELS FOR THE WORLD REIMAGINED

Due to COVID-19, Wheels for the World became a hybrid event. Thanks to many corporate sponsors, riders, and all who fundraised, this virtual event raised over \$58,000! Cyclists rode indoors, on the road and in the woods. Participants cycled in Germany, the UK, Florida, Alaska, California and more. Over 27 cyclists raised more than \$250; four raised over \$1,000!

Wheels for the World started in 2012 when Barry Haarde, a cyclist with hemophilia and HIV, inspired people with and without a bleeding disorder by cycling across the country six times in six years, raising over \$250,000 for Save One Life. After he passed away suddenly in 2018, this community ride was formed to continue Barry's contribution to Save One Life and to encourage healthy and active living.

# SOBO 4 SAVE ONE LIFE

Over the summer, William Addison, an outdoor enthusiast with hemophilia, undertook the impressive task of hiking the South Bound (SOBO) route of the Appalachian Trail. William used his hike to raise awareness and funds for Save One Life.

His initial goal was \$2,200—one dollar per mile. Within a few weeks William surpassed that and raised over \$27,000 for Save One Life!

WILLIAM AND HIS FAMILY

# AT HOME EVEREST CHALLENGE

A national quarantine left many people stuck at home; remaining active was difficult. The At Home Everest Challenge encouraged people to move while raising awareness and support for Save One Life. Coinciding with the third anniversary of Chris Bombardier's summit of Mt. Everest (elevation 29,029 feet), participants were encouraged to climb 29 flights of stairs, donate \$29 and challenge nine friends to do the same. Videos were shared by many around the globe and the event raised over \$15,000.

# GIVING TUESDAY

## GIVING TUESDAY 12-1-2020

- 9:00 EST  Corey MacGregor  
Tremeau Pharmaceuticals
- 10:00 EST  Laurie Kelley  
Founder and President
- 12:00 EST  Believe, LTD  
Bombardier Blood
- 1:00 EST  Marelle Hart  
Europe Liaison
- 1:45 EST  Johnathan Duddleston  
Factor Endurance Network
- 2:45 EST  William Addison  
SOBO 4 Save One Life
- 3:30 EST  Rich Pezillo  
New England Hemophilia Association
- 4:00 EST  Luke Pembroke  
Hemophilia Advocate

Giving Tuesday is a global generosity movement that encourages people to do good. On December 1, Save One Life hosted a seven-hour FaceBook Live Q&A with partners and friends that have shown support throughout the year. Questions and comments came from around the world and several beneficiaries received sponsorships.

Board member, Wendie Chadd, gets ready to summit!

Vibeke gets ready to climb stairs 29 times!

# FIELD VISITS

## RWANDA

In late February, Laurie Kelley visited Rwanda for the third time in six years, to participate in a clinic diagnosis day and a separate educational day, organized by the French Hemophilia Association (AFH). Six years ago, Laurie helped a group of patients in Rwanda to found the Rwanda Fraternity Against Hemophilia (RFH).

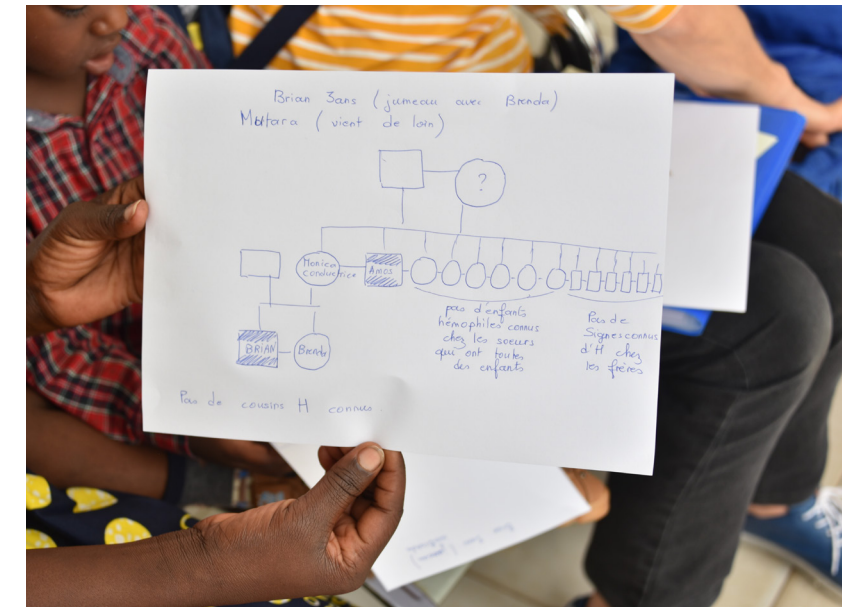

AFH medical volunteer Dr. Marc Trossaert and Rwandan pediatric hematologist Dr. Aimable Kanyamuhunga of Children's Hospital University of Kigali (CHUK) conducted patient screenings and blood tests on 50 patients. French volunteers François Sauvêtre and Brigitte Albert constructed patient pedigrees. The next day, about 60 families and rural healthcare workers attended a symposium to learn about symptoms and transmission of hemophilia. Later, Laurie and the team were interviewed by reporters about the visit, which was aired on national television that night. A final success of the trip was the news that the RFH was legally registered as a nonprofit the following week.

Save One Life founder, Laurie Kelley, and participants gather for a media event.

Dr. Aimable meets with patients to diagnose them.

The volunteer team from AFH meet with Dr. Aimable.
