

# SOBO 4 SAVE ONE LIFE

William Addison hiked the Appalachian Trail Southbound to raise awareness of the needs of people with bleeding disorders in developing countries.

Hiking 2,200 miles, William raised over \$25,000 for Save One Life!

**\$25,000 enables Save One Life to:**

**1**

## **SUPPORT 60 CHILDREN WITHOUT A SPONSOR**

Did you know that Save One Life commits to sending sponsorship funds to beneficiaries even after they lose a sponsor? Sponsorships help families gain access to food, medicine, clothing, transportation, treatment and education.

**2**

## **PROVIDE 25 SCHOLARSHIPS**

Save One Life scholarship awards make it possible for young people with bleeding disorders to create new opportunities for their lives through post-secondary education.

**3**

## **HELP 25 FAMILIES START A SMALL BUSINESS**

Our Micro-Enterprise Grants make it possible for parents of children with bleeding disorders or adults with bleeding disorders to improve their family incomes by investing in new or expanded small businesses.

**4**

## **SEND 125 SHIPMENTS OF FACTOR WORLDWIDE**

Project SHARE ships donated factor to patients with bleeding disorders in other countries, and to hospitals and nonprofit organizations that support them.
