

Kenya Children's Fund is lifting Kenya's children out of poverty to a hopeful future through wholistic care and Christian education.

# Meet Kenya's Future

We serve a community of 950,000 people living in & around Nairobi's 40+year old dumpsite.

## Transforming the Lives of Kenya's Impoverished Children

**K**ENYA Children's Fund is the founding organization of Kinyago-Dandora Primary and Secondary Schools (KDS) where we educate over 750 children every year. We also provide post-secondary education for qualified KDS graduates in Kenyan universities and through a vocational-technical program at our high school.

Learn more at [kenyachildrensfund.org](http://kenyachildrensfund.org).

**Hope** There is a saying in Nairobi: "Nothing good can come from Dandora." The Dandora dump is place where basic necessities like running water, nutritious food, and safe electricity are unavailable. But at KDS, students find hope for a better future. They catch a vision of life beyond the dump, they're encouraged by nurturing African faculty and alumni, and they find ultimate hope in Christ.

**Opportunity** At KDS students are equipped with the tools they need to be independent and contribute to their communities. Many advance to university and graduate to become teachers, lawyers, and leaders who give back to the next generation of KDS students.

**Justice** The children living in the Dandora area lack life's basic necessities—things we take for granted such as clean water or electricity. Disadvantaged children can rise above the challenges of poverty when given hope and opportunity which we can provide for less than \$2.00 per day through the sponsorship program.

It's more than just an education...

### Outreach & Evangelism

- Through our partnership with Tyndale House Publishers, the book, "Unwrapping the Bible: Understanding God's Essential Truths" was created to help train local pastors and community leaders
- We are a Christ-centered school focused on discipleship
- A local church worships on our primary school campus every Sunday

### Care for Individuals

- We provide certified counseling with a Christian focus to students who've experienced trauma from abuse or exploitation
- We underwrite crisis needs like cancer treatments, HIV/AIDS treatments and funeral expenses as needed

### Community Development

- We partner with local community leaders to address issues affecting Dandora residents including drugs, gangs & orphans
- Every year, we provide a full scale medical clinic through our partnership with GHO
- We provide safe and reliable solar lighting and also food baskets to our families

### Leadership

- We implemented a leadership development program for all our students at the vocational-technical school
- We support KDS graduates through our college scholarship fund
- Several of our graduates are now employed at KDS

# How can you partner with Kenya Children's Fund?

## Sponsor a Child or Classroom

Child sponsorship transforms the lives of children and helps give them a hopeful future. Classroom sponsorship provides materials and equipment for a whole class.

*I am who I am today because God used somebody out there to walk with me through the corridors and classes of KDS. I remain forever grateful to my beautiful sponsors and Kenya Children's Fund.*

*Mugele Collins Omondi*

## Give Gifts that Make a Difference

Our gift catalog features gifts of all kinds that can change a student's future. From textbooks, to a science lab kit, you'll find gifts of all types and sizes.

## Donate to the Hope Fund

Your donation to the Hope Fund supports daily operational costs at KDS, laying a foundation for all our students to receive a quality education and nutritious meals.
