From the Executive Director

Roy T. Scheller, Ph.D.

1

Dear Alaskans,

We have chosen this highly reflective time of year to share with you just how blessed we are to live and work in this great land of Alaska, and to recognize in the midst of statewide fiscal challenges there still shines a bright light of hope evidenced in the stories we share in this report.

Our wondrous state offers beautiful sun rises and sun sets; gorgeous vistas; amazing lakes, rivers and mountains; as well as a never ending supply of wilderness and all the beauty that comes with it, but what is truly awe inspiring are the people of Alaska whose generous acts of love and kindness pierce the darkness of "lack" and bring light to those around them.

Hope Community Resources shares in the challenges that we all face as Alaskans. We have embraced the need to prepare for a future requiring us to find efficiencies, consolidate resources, develop stronger partnerships, and share resources in order to securely operate in a future of reduced revenues, and continue to offer to stakeholders an array of supports and services. And yet, in the midst of challenge, there is also great opportunity to seek out unmet need and find creative solutions to meet those needs.

During the past year we have continued to respond to requests to explore and develop community resources resulting in the opening of an assisted living home in Utqiagvik (Barrow) for those with mental health challenges; a collaboration with the state to provide supports to those with dementia; an intentional community being built on the Kenai; and expanded recreation and after school supports.

You, our donors and supporters, have shared our vision of diverse and inclusive communities and have partnered to witness this vision come to life through individual stories of community participation and dreams fulfilled. We are so grateful for your support.

Our resolve to hold to our vision and find solutions to fiscal challenges, enabling stakeholders to thrive in their community of choice, has been a guiding light throughout the past year. We know the road before us will be challenging in the year ahead. But when times are difficult the moments we take to be grateful for the beauty and bounty in our lives gives a perspective of abundance.

Wishing each of you a holiday season of joy and a New Year full of opportunity!

A handwritten signature in black ink that reads "Roy T. Scheller". The signature is written in a cursive style with a long, sweeping underline.

Your Gifts...

Your generosity throughout the year provides a myriad of opportunities for the children, teens, and adults who choose our supports. Here are a few stories you've made possible in 2016. Thank you.

International Tournament

In March several of the people who participate in Hope's Karate Partnership with Alaska Jundokan were able to attend the Ozawa International Karate Tournament in Las Vegas. Six of the seven people from Hope able to attend did so with assistance from scholarships provided by donors.

It was an incredible, possibly even once in a lifetime, opportunity and the impact on those participating was priceless!

Your Gifts...

Miss Amazing

This past April, the 2016 Alaska Miss Amazing Pageant was, well, amazing! Not only did the event empower women experiencing disabilities to be more confident, build friendships, and enhance their self-esteem, it also helped the Food Bank of Alaska through the "admission for donation" program.

Hope is thrilled to support two of the crowned Alaska Miss Amazing queens; Kristina Stevens and Lael Ford. As part of their role they took on the responsibility of delivering 197 pounds of food to the Food Bank of Alaska.

In three years, the Alaska competition has grown from six participants, to twenty six. Six of these queens traveled to Chicago on June 30 for the National 2016 Miss Amazing Pageant. Kristina was able to attend the National Pageant in Chicago, due in part to your gifts this past year, enabling Hope to grant a scholarship for this life changing opportunity.

Ryan's Story

Ryan is a fifteen-year-old young man experiencing autism. This summer Ryan was able to attend Camp Champion on a scholarship funded through donor gifts. He had the opportunity to experience adventure, friendship and a community of acceptance. The impact of supportive social relationships for any teenager can be life altering and this experience gave Ryan a priceless circle of support that has continued beyond the camp experience.

Studio Display

Hope Studios had opportunity to incorporate studio produced art pieces with commercial products in the 6th Avenue Outfitters window display this past summer. Located in the heart of downtown Anchorage, the display provided community exposure for Hope Studios, while brightening the displays of outdoor gear.

Hope Studios provides artists space and opportunity to create and explore varying forms of self-expression through different mediums. Your in-kind donations to the studio provide a large percentage of materials used on a daily basis, with monetary donations helping purchase additional supplies.

Your Gifts...

Also provided:

- Interpreting services for Deaf adults
- Clinical and diagnostic services for individuals experiencing mental health challenges
- Travel from rural Alaska to secure needed supports in Anchorage
- Supplies for programs within the Lesko Discovery Center
- Scholarships for activity fees and camps
- Augmented support services to meet health and safety needs
- Replacement furniture for 14 assisted living homes

Top Five Program Highlights

- 1 Kenai Intentional Neighborhood
- 2 Rural Deaf Student Support Program
- 3 Deaf Navigator Program
- 4 Hope Mental Health Home
- 5 API/ADRD Transition Pilot Project

1 *Kenai Intentional Neighborhood*

One of the most common concerns of parents who have a child with a disability is the worry of what happens to their child when they are gone. Working to allay these fears we've collaborated with a group of dedicated families with a vision for the future addressing the "what if" by creating a neighborhood with a focus on shared support.

An intentional neighborhood creates opportunity for a greater sense of continuity and security for parents. Joining together with other parents or individuals with like interests and the understanding of the challenges associated with living with a disability creates a neighborhood culture of care and support.

After three years of planning, Hope began site preparation in August for the first intentional neighborhood for individuals who experience intellectual and developmental disabilities in Alaska. A very generous grant of \$225,000 from the Reitman Family Trust allowed us to begin phase one of this three-phase project.

Located outside Sterling, the neighborhood will eventually have six homes, housing a dozen residents who may have physical and intellectual disabilities, or a combination of both. "There are a group of people who really want to belong and be a part of something a little bit bigger than themselves and who want to share a life and an address," said Roy Scheller, Executive Director of Hope.

The Sterling neighborhood will reflect the rural, farming culture similarly lived by many Kenai Peninsula residents. There are plans to develop walking trails, raise animals, keep beehives, grow produce, and sell any surplus to peninsula residents.

Phase one of the project, site preparation and utilities, is nearing completion, which will allow phase two, construction of the homes, to begin in the spring of 2017. The final phase will be the development of trails and the construction of the outbuildings. The completion of the entire project is slated for spring of 2019.

2 Rural Deaf Student Support Program

This year Hope received two grants from the State of Alaska, Department of Health and Social Services, to provide services to the Deaf and Hard of Hearing community. Since many of the people who choose Hope's supports are non-verbal, Hard of Hearing, or Deaf in addition to their intellectual or developmental disability, we felt the supports offered by these grants complimented current services.

The Rural Deaf Student Support (RDSS) program grant is funded by the Alaska Department of Education in partnership with the Division of Seniors and Disabilities Services. The RDSS program provides housing, transportation and outreach to Deaf and Hard of Hearing students, ages 3-22. The program is for students from rural areas of Alaska who wish to attend the Alaska School for Deaf and Hard of Hearing in Anchorage.

The Deaf Supports Team identifies, recruits and monitors host families who provide a caring environment for the students during the Alaska State School for Deaf and Hard of Hearing school year. Host families are licensed by the State of Alaska and provide all aspects of daily support including: transportation, assistance

with homework, developing daily living skills, access to community events and activities, and communication development. Students return to their home communities during winter school break and summer vacation. For host families, at least one parent is fluent in American Sign Language and knowledgeable in both Deaf and Native cultures.

This program expansion has proved to be very beneficial to stakeholders at Hope. Not only do we have a new resource to assist in communicating with the Deaf and Hard of Hearing populations we support, staff are becoming more aware of the nuances of the Deaf and Hard of Hearing culture, and the Deaf community is reaching out to us to partner in other activities.

3 Deaf Navigator Program

The Deaf Navigator program provides free support services to Deaf and Hard of Hearing Alaskans to coordinate with available community resources using American Sign Language (ASL) and assistive technology. Hope's Deaf Support Team facilitates communication to improve access to opportunities and benefits such as long-term employment and housing options. They can also assist with filling out paperwork and helping to navigate language barriers.

In addition, the team offers free training to employers, service providers, and community groups on needs of the Deaf and Hard of Hearing communities. Free public access to videophone, caption phone, TTY, and computers with internet are offered and the team participates in outreach and marketing to rural communities.

4 *Hope's Mental Health Home*

Hope's Mental Health Home in Utqiagvik (Barrow) is a partnership between Hope and the North Slope Borough's Integrated Behavioral Health (IBH). Its purpose is to support individuals who experience serious mental health challenges on their journey to wellness.

The program serves individuals from the North Slope Borough in the home community of Barrow using Hope's Beliefs, Values, Mission, Vision, and Expectations as the foundation for a recovery process for those who chose to live in the home.

The individuals living in the Barrow home are empowered to be responsible for their own recovery, and provided the services and supports needed to make the recovery process a reality. We offer a therapeutic environment that embraces the principles of the recovery model. The daily routines and interpersonal interactions within the home encourage collaboration, empowerment, and social support.

Through the various counseling and treatment services offered by Hope and IBH, the five people currently residing at the Barrow home are able to be active, productive members of their community. Three are employed at local businesses, while one is self-employed making jewelry, carvings and native ornaments for sale. One volunteers at the post office and another is pursuing their GED.

Our vision for the people of the North Slope Borough is to achieve joy, health and well-being, while growing stronger together in a safe community, with increasing hope for better lives.

This partnership is another example of Hope responding to the requests of family members and community advocates, designing supports specific to the community need.

5 API/ADRD Transition Pilot Project

Throughout Hope's history we have responded to community needs, working to provide the supports and resources needed for all Alaskans to live in communities of choice.

A new initiative meeting the needs of Alaskans experiencing dementia and other co-occurring disorders is currently in development. The Alaska Psychiatric Institute/Alzheimer's Disease and Related Dementias (API/ADRD) Transition Pilot Project is funded through a grant resulting from collaboration of the Division of Behavioral Health, Division of Senior and Disabilities Services, the Alaska Mental Health Trust authority, Alzheimer's Resources of Alaska, the Office of Long-Term Care Ombudsman, Anchorage Community Mental Health, and Access Alaska/ Independent Living Center. Hope was chosen in July to pilot the program because of our ability to provide comprehensive supports in an assisted living environment.

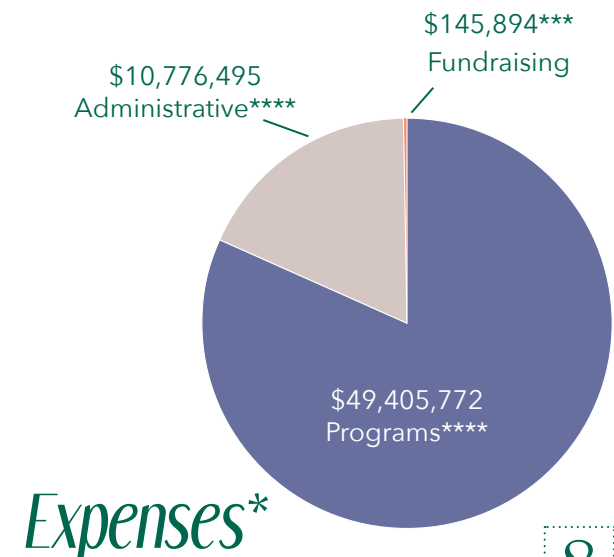

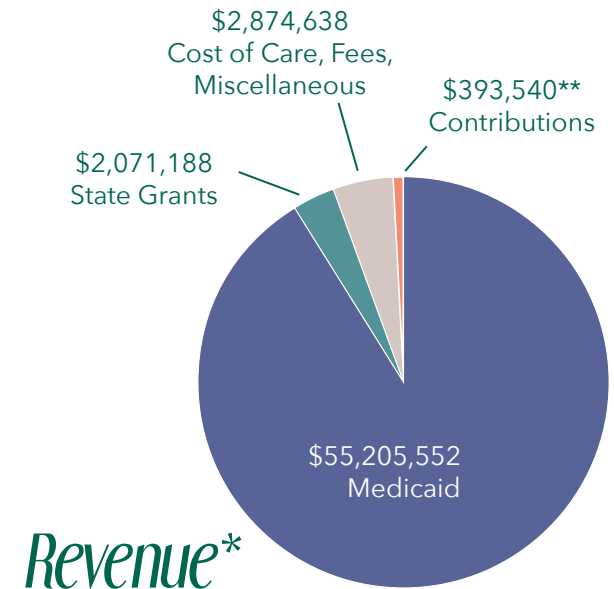

Working in partnership with the above-mentioned entities, Hope will operate an assisted living home for up to nine people in an effort to enhance community-based opportunities for those with dementia and decrease

admissions to Alaska Psychiatric Institute. The home will offer residents the opportunity to live within the community in a culturally and spiritually sensitive manner, using smart-home technology to enhance safety and security, while being provided treatment and support specific to individual needs.

The API/ADRD Transition Pilot Project will serve individuals in the Anchorage area, with the home scheduled to open in early 2017.

**Based on audited financials, year end 6/30/16.
 **Contributions figure does not include an additional \$325,000 raised for capital projects.
 ***Fundraising expense reflects the expenditures of proceeds earned over multiple years and used to meet unfunded program supports, along with the costs associated with those fundraising endeavors.
 ****Breakdown is based on an administrative rate of 17.91% for FY16.*

Financials

Get Involved— Experience Hope

At Hope, volunteers are the heart and soul of our fundraising endeavors. You make it happen!

As a volunteer, you experience Hope, while bringing an event to life. Join us in 2017 and “play with a purpose!”

You have the power to help others experience Hope as well. Share our events and stories through social media—invite friends and family to participate, introduce us to others.

Looking for an on-going volunteer experience? We can provide that experience as well! Contact the PR Department at 561-5335.

Donor Updates

Hope Kenai Community Center

The Hope Kenai Community Center, funded by State of Alaska Legislative Capital grants, the Rasmuson Foundation, the M.J. Murdock Charitable Trust, the Alaska Mental Health Trust, ConocoPhillips and many local businesses and individuals, has made a significant impact on Hope's ability to expand services on the Kenai Peninsula.

Because of you, not only have we been able to increase the opportunities available to the individuals who choose our services, we are able to offer many of those same opportunities to individuals from other agencies and the community in general. This outreach has helped develop relationships, provide a gathering place for the community and educate the community on Hope's services and supports.

Bridges Program

The Bridges program was designed to provide an enriched environment for enhancing social play and communication skills for young children who experience autism. Initiated in 2014, the set up for the program, as well as ongoing program supplies, was funded through donor contributions.

Today, thanks to donors like you, the Bridges program provides treatment based support and teaching critical to skill development, enabling kids to transition more successfully in school and other social environments.

Kodiak Van

Thanks to the generosity of the Rasmuson Foundation and the community of Kodiak, we were able to purchase an ADA accessible van for our Kodiak program.

The \$25,000 grant from the Rasmuson Foundation was combined with \$32,350 raised in the Kodiak community to purchase the vehicle.

Without the van, we were unable to accommodate the varying transportation needs of the children and teens attending the Little Bears after school and summer program, leaving some without service options. Now we are able to ensure everyone receives the services they have requested and has the opportunity to participate in this exciting and engaging program.

*Special thanks to the
Rasmuson Foundation for
helping this dream
become a reality.*

Executive Emeritus Passes

Alaska lost a visionary leader and friend with the passing of Stephen P. Lesko on May 29, 2016.

Mr. Lesko served as the Executive Director for Hope Community Resources, Inc. for 37 years before retiring in December of 2014.

Mr. Lesko's passion for advocating on behalf of individuals experiencing disabilities and their families is legendary not only in Alaska but nationwide.

Mr. Lesko was far more than just Executive Director at Hope. He was a sincere friend, mentor, guide, and role model to all Hope stakeholders. He was revered as a great storyteller and inspirational orator.

He was an exceptional advocate, establishing the Key Campaign, transforming grass roots advocacy for the rights of Alaskan's who experience a disability. He lit candles that will forever continue to cast a light of hope, and burn as a shining example of what a life well lived should look like.

Being Good Stewards

It is our goal to be good stewards and to create meaningful relationships with our donors and volunteers.

If you would prefer to have your name listed in another manner or removed from future published lists, please let us know via email at developmentoffice@hopealaska.org.
