

2017 Gratitude Report

We experience *Hope* through the generosity of our volunteers and donors.

You are invited to experience *Hope* through this report.

H·O·P·E
Community Resources, Inc.

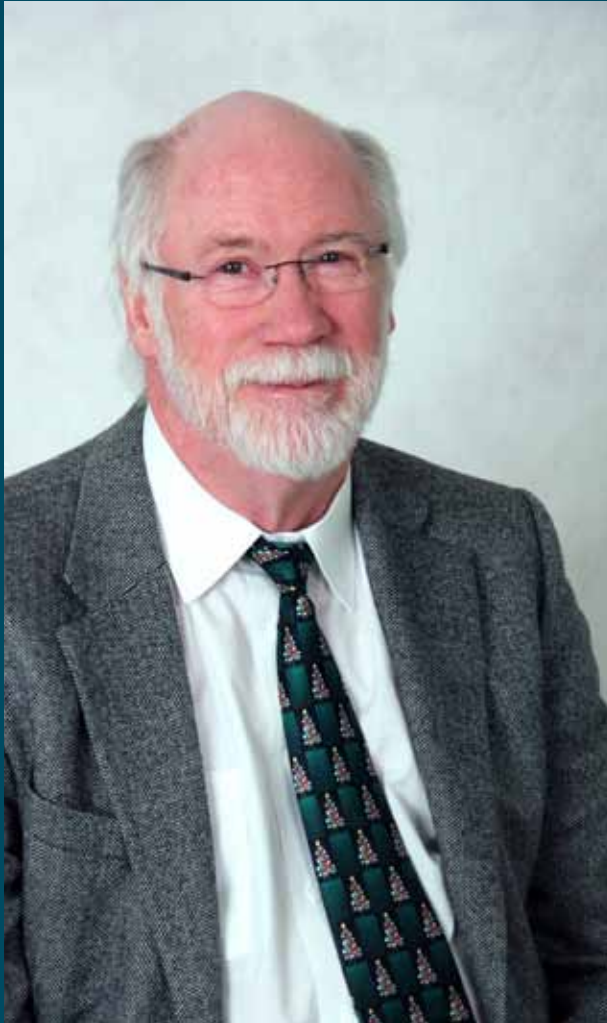

You make our mission possible

Eagle River Lions Members, Chuck Thomas and Abe Soria, are joined by John Dittrich, Hope's Board President, and Kris Jez, Hope's Deputy Director of Internal/External Communications at the 2017 Annual Hope Golf Classic. The Lions have been active participants in the golf tournament for many years.

2017 Reflection

by Dr. Roy Scheller, CEO

Dear Alaskans,

The beauty and bounty within the great land of Alaska is wonderfully mirrored within the faces and lives of those who call Alaska home. The abundance we see every day as our gaze wanders over the Alaskan landscape is continuously replicated in the acts of generosity that flow from our donors and supporters.

Alaska and Hope Community Resources share the same belief for diverse and inclusive communities that welcomes all people. This belief in community brings about strong and dynamic neighborhoods in which Alaskan citizens continue to work, play, express their faith, and share of themselves with others. The diversity of our communities is reflected in both Hope's work force and in our donor base. Over 50 countries are represented within the diversity of Hope, thereby sustaining us with innovation and creativity. Additionally, our donors share in the great diversity of humanity, from the children and families that Walk for Hope; businesses that support each of our special events; family trusts and foundations that support major projects and innovative practices; state government that provides ongoing funding; and our community neighbors who assist us. The human diversity within Alaska strengthens every aspect of our lives.

In appreciation and gratitude for the generosity of our donors and supporters Hope continues to strive to find efficiencies, and build strong partnerships in order to maximize the utilization of available resources. We continue to reduce expenses and assure that donor contributions are utilized in direct support of those who have chosen Hope for assistance in their lives. Our first priority remains assuring safe and affordable housing for adults; and then creating cost effective strategies for those who experience disabling conditions to live, work, and play in their communities of choice.

Hope Community Resources has a storytelling culture. Many of these stories could not be told without your support and we share them with a heart full of gratitude.

Wishing each of you a holiday season of joy and a New Year full of opportunity!

Your gifts...

Your generosity throughout the year provides countless opportunities for the children, teens, and adults who choose our supports. Your gifts become part of wonderful stories; here are a few from 2017.

Dreams Come True

Travis Noah has experienced “dreams coming true” this year. A grant from the Alaska Mental Health Trust Authority was utilized to enhance his independence by incorporating “smart technology” in his home enabling him to do more for himself and reducing the need for staff support.

The generosity of supporters also helped support employment for Travis, creating a part-time Peer Advocate position providing outreach and advocacy on behalf of Hope support recipients statewide. Travis acts as an independent support, ensuring the support recipient’s voice is heard, addresses requests, provides guidance and assures resolution is achieved when called upon to assist with a situation.

Travis is able to draw upon his own personal experiences to help educate and teach people what advocacy is and how to effectively advocate for one’s self or on behalf of others who experience a disability.

“On a personal level, this position means a great deal to me because I’m using my own knowledge and experience that I’ve gained over the past 18+ years of either advocating for myself or for others to directly benefit people who have trouble or the inability of communicating their needs to those who have the ability to make changes. Whether that be directly benefiting the agency or benefiting the state as a whole, I have been given what I feel is a phenomenal opportunity to not only make this agency better, but also indirectly make the state a better place. In short, I couldn’t ask for a better job, especially considering my job description is so broad. I love the chance to dip into different aspects of what it takes to provide care and what can be done to improve the process. I really like the fact that I’m working to better an agency that is supporting me at the same time.”

-Travis Noah

Outdoor Pursuits

Alaskans love the outdoors! Our commitment to support Alaskans, regardless of ability, to experience the beauty and adventure of Alaska created Hope's Outdoor Pursuits Program.

The Anchorage, Kenai, Willow and Kodiak teams take full advantage of this program, offering opportunities to partake in outdoor activities such as hunting, fishing, trapping, kayaking, berry picking and hiking throughout Alaska. The impact on participants is overwhelming, putting food on the table through the hunting and fishing opportunities. Being a contributing member of society brings pride and joy and enables others to see the abilities and gifts so often overlooked.

Special thanks to the Kenai Peninsula Foundation for funding a camp tent and cots for the Kenai Outdoor Pursuits program. Their generosity enhanced our capacity to support people to "camp out" in a safe and comfortable environment.

"I want to truly thank each and every one of them (donors) for giving my son and me hope along with others. I thank them from the bottom of my heart."

-Kim Weaver, Grant's mom

Grant's Story

This summer was an amazing one for Grant. Thanks to a scholarship to help fund his participation in a recreational coed softball league, Grant experienced the true meaning of membership.

Entering the league with little knowledge of the game was rather intimidating for Grant, but with the support of his staff, Connor, and the rest of the players, he soon felt right at home. Connor, with his knowledge of baseball was able to help coach and teach Grant in a discrete way, while Grant visibly progressed in his skills, from throwing to catching, hitting the ball, getting in front of the ball to stop it, learning how to run the bases and all the other nuances of the sport.

Fellow teammate, Erika, stated, "I get goose bumps just thinking about the season and observing how the other teams, umpires, and players stepped up to teach and encourage; never once giving Grant any leeway or sympathy or breaks." She goes on to say, "There is something so magical and beautiful about the community learning and coming together to develop relationships and build natural supports for folks."

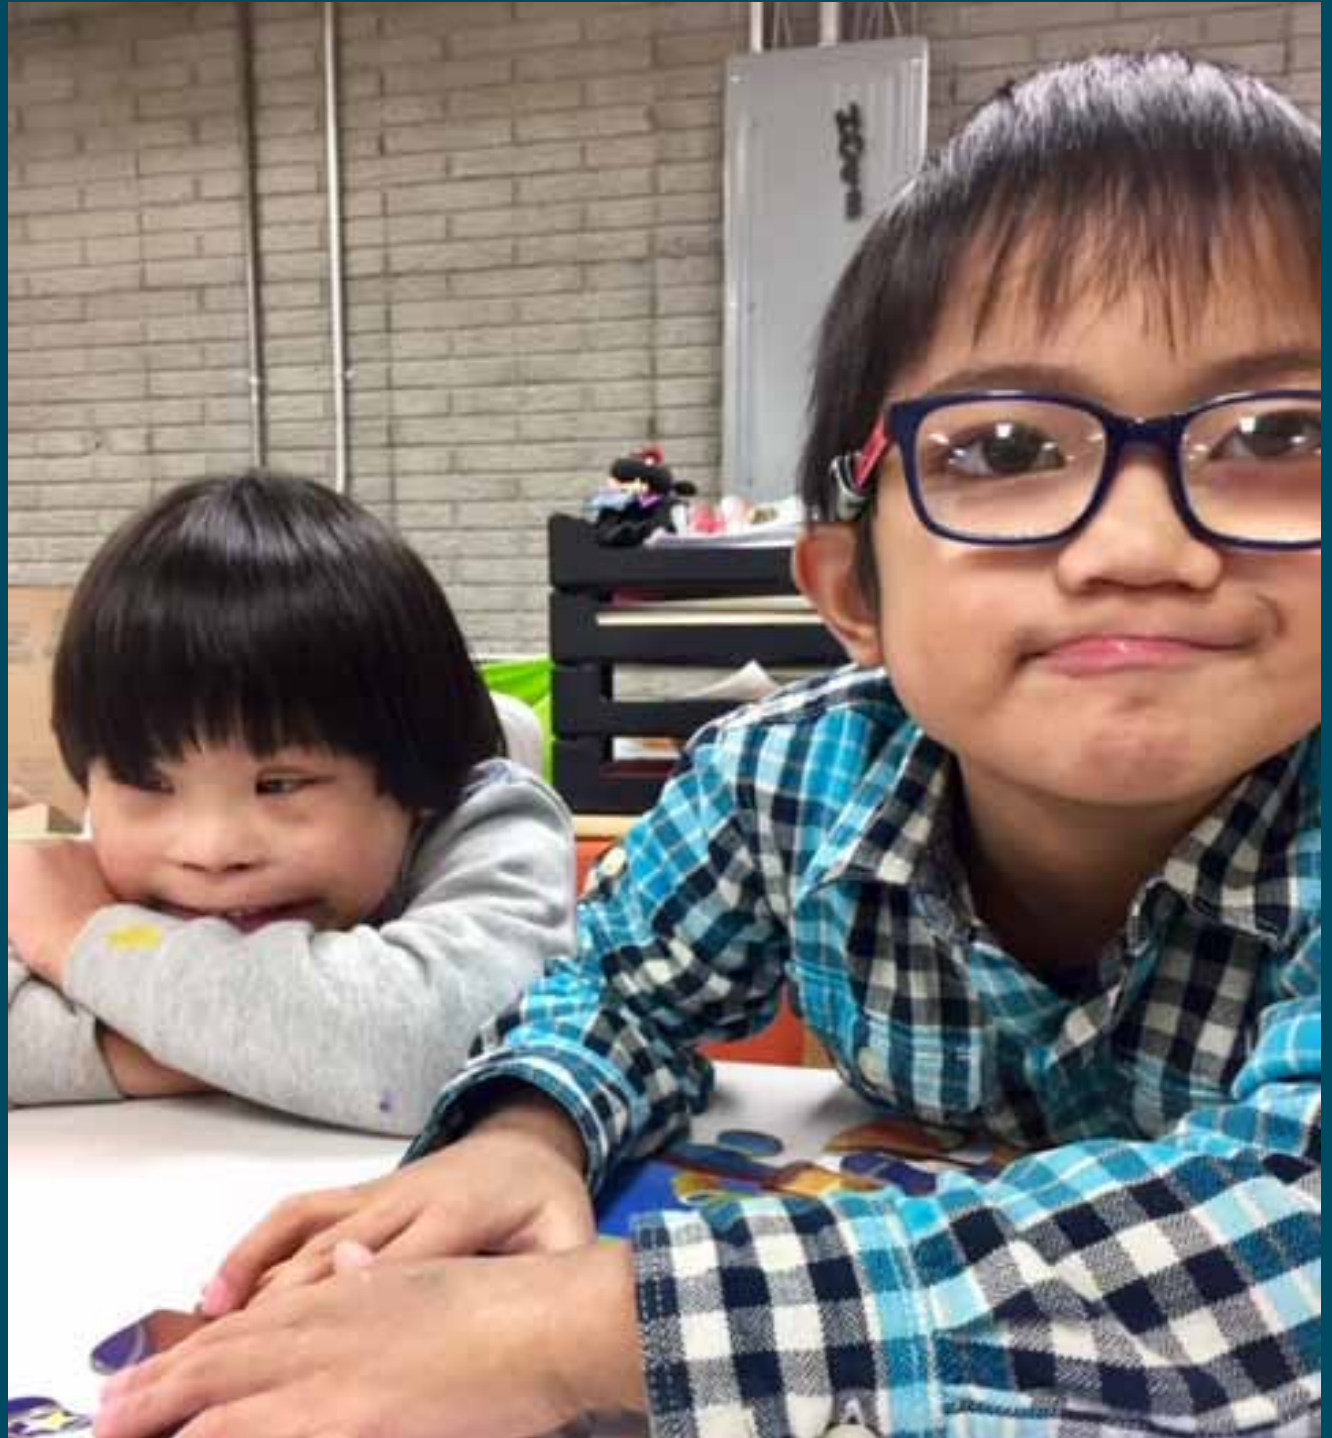

Skill Building in Kodiak

Learning social skills, boundaries, and how to build healthy relationships is important for all of us to be safe, feel valued and connected.

Circles, a research based program, teaches social boundaries and healthy relationships to students of all ages, and is designed to assist students with disabilities to understand and practice the concepts taught in the program.

Funds from the Kodiak Community Foundation Grant combined with a portion of a grant from the City of Kodiak, were used to purchase levels 1 and 2 of the Circles curriculum. Classes will be taught in both the Little Bears and Adult recreation programs to enhance social and safety skills of those we support.

We are very grateful to both these grantors for their generosity and affording us the opportunity to enhance the learning environment within our Kodiak program.

Safe Housing

Knowing you have safe and secure housing is a foundation to a meaningful life.

As state grants have diminished, donor support has provided critical funds providing much needed repairs and maintenance to our assisted living homes.

Many thanks to ConocoPhillips and Matson for their generous grants and to the many

Walk & Roll for Hope supporters, as a large portion of the Walk proceeds went towards maintaining safe and accessible housing.

In addition, we are very grateful to the Rasmuson Foundation for funding the replacement of over 50 appliances in our homes.

Your Gifts Also Provided:

- Clinical and diagnostic services for individuals experiencing mental health challenges
- Travel from rural Alaska to secure needed supports in Anchorage
- Supplies for programs within the Lesko Discovery Center
- Scholarships for activity fees and camps
- Augmented support services to meet health and safety needs
- Gifts and food during the holidays for needy families

Special Thanks To

The Reitman
Family Trust

Because of your generosity and support, the Kenai Intentional Neighborhood is becoming a reality! See donor update on page 14.

Program Highlights

Here are some additional highlights of the programs being offered throughout Alaska. As with the prior stories, donor dollars help make so many of these programs a reality.

The Lesko Discovery Center at Hope

Located in Anchorage, this center provides a wide array of activities and supports that promote personal growth through skill-based recreational activities to generate success and encourage new personal and social discoveries.

Community members are invited to participate in the activities offered through the Discovery Center.

Activities vary, but have included:

- Volunteering at the Downtown Soup Kitchen
- Swimming
- Cocoa and current events at the local coffee shops
- Bowling
- Fitness classes
- Rhythm and movement dance classes
- American Sign Language classes
- Cooking and baking classes
- Teen Club
- Karate classes
- Theatre acting

Bridges Play Center – A structured therapeutic program for children ages 3-9 experiencing autism, focusing on socialization, communication and play skills.

ASPIRE Program – An after school program facilitating inspiring recreation experiences for teens. Curriculum and activities focus on enhancing skills in the areas of education, community involvement, fine and gross motor skills, socialization, and communication.

AURORA Program – Adult curriculum and community-based programming working on community involvement, health and wellness, money management, communications, socialization, and education.

Camp Bennett – Eleven weeks of community adventure field trips during the summer for adults.

Camp Champions – An eleven-week themed summer camp for teens of all abilities.

Camp Cara – An eleven-week themed summer camp experience for kids for all abilities.

Hope Studios – A collaborative art studio with no walls, no barriers and no limits on imagination. The studio's creative team, made up of all levels of abilities, work together to try different mediums and pull everyone's skills together.

Employment First-The Next Step in Inclusion

A full life for many involves employment where we can use our talents, develop social support and be valued for our unique contributions.

Employment First was signed into Alaskan law May 29, 2014. This legislation helped Alaska to join a national movement to support and assist persons with disabilities "to focus on employment in the general workforce as the first and preferred outcome for all working-age Alaskans with disabilities."

Hope has aligned our support to assure community employment is the focus.

Hope's Supported Employment Team is supporting 38 persons working for 16 different employers. These jobs range from light janitorial at Harley-Davidson, Publix Storage, and Yamaha to a Kitchen Assistant responsible for side salad preparation at South Restaurant.

Barrow Mental Health Home

The Barrow Mental Health Home is a partnership between Hope and the North Slope Borough's Integrated Behavioral Health (IBH), providing support to six individuals who experience serious mental health challenges on their journey to wellness.

The individuals residing in the home are empowered to be responsible for their own recovery, and provided the services and supports needed to make the recovery process a reality. We offer a therapeutic environment embracing the principles of

the recovery model. The daily routines and interpersonal interactions within the home are conducted in a manner illustrating collaboration, empowerment and social support in order to achieve joy, health and well-being.

API/ADRD Transition Pilot Program

Throughout Hope's history we have responded to community needs, working to provide supports and resources needed for all Alaskans to live in communities of choice. An increasing need in our community is developing housing and supports for those with dementia to assure behavioral, psychiatric and medical needs are met in value-driven ways.

The API/ADRD Project is an on-going collaboration with the Division of Behavioral Health, Division of Senior and Disabilities Services, the Alaska Mental Health Trust authority, Alzheimer's Resources of Alaska, the Office of Long-Term Care Ombudsman, Complex Behavioral Collaborative and Alaska Psychiatric Institute.

Working in partnership with the above-mentioned entities, Hope opened the Forest Assisted Living home in May 2017. This home provides a safe and supportive environment for those with complex physical and mental health needs meeting a critical need in our community.

Deaf Navigator Program

Since May of 2017, the Deaf Navigator Program has been providing weekly American Sign Language (ASL) lessons to staff and support recipients. The class includes basic signs and phrases and games that engage participants in the learning process.

Recognizing a need to improve communication between the Deaf and Hard of Hearing community and the police officers an information card was developed. Known as a "visor card" because it can be carried on the car visor of police officers and Deaf and Hard of Hearing civilians, the card serves as an education tool as well as a communication tool to make things easier for both parties. Because of its popularity, a wallet-size version of the visor card was created to give to the community. If they are at the doctor or in an emergency situation outside of their car, this card serves as a communication tool for both parties.

I AM DEAF OR HARD OF HEARING.

This card is for law enforcement officers and will help us communicate.

Quick Communication Tips:

- Get my attention first.
- Make eye contact when you speak.
- I may need to communicate through a qualified sign language interpreter.
- I cannot lip-read everything you say.
- A hearing aid or cochlear implant does **not** allow me to understand everything you say.
- Shining a flashlight in my face may make it hard for me to understand you.

The best way to communicate with me is:

To find qualified interpreters endorsed by the Deaf Navigator program, visit <http://www.hopealaska.org/deaf-services>

Donor Update

Kenai Intentional Neighborhood

The Kenai Intentional Neighborhood, which broke ground in August of 2016, is close to becoming a reality for the families who have held onto this dream for many years.

We are truly grateful to the Reitman Family Trust and The Alaska Mental Health Trust Authority for their generous funding towards phase one of this project, the site preparation, which was completed in August of this year. Thanks to financing from Alaska Housing and Finance Corporation, phase two, the construction of the homes, has begun and will continue into the New Year. Eleven of the 12 individuals who will be living in this community have been identified and are readying themselves for the move to their

new homes this coming spring. They are extremely excited about their new homes and neighborhood.

An intentional neighborhood creates opportunity for a greater sense of continuity and security for parents. Joining together with other parents or individuals with like interests and the understanding of the challenges associated with living with a disability creates a neighborhood culture of care and support.

"It's hard to believe that moving into our beautiful neighborhood is just around the corner. After many years of working, planning, struggling and lots of help, we are finally there. It often felt like this day would never come. I'll never forget how thrilling and how excited we all were when the ground breaking happened. Watching those lots get cleared, the roads go in and the pads being built up made it all very real. Without your help, I know that we wouldn't be where we are today. I believe we are looking at a new way to provide services to our most vulnerable adults. Thanks to you and your generosity, you are a part of a positive change for our state. We are so grateful for all the opportunities this community is providing for our loved ones. Thank you so much for believing in us and our vision."

- The Hamilton Family

"You cannot imagine how relieved we feel watching the walls go up! Kara will have a permanent place to call her own, in a neighborhood that offers her the out-of-doors and recreational lifestyle that will bring joy. We are so grateful for the support we've received in helping us build a neighborhood full of meaning and opportunities! I wish everyone could see the smile on Kara's face when she says 'my house.' Thank you for that!"

-Mark and Kathy Fitzgerald

Phase three, the construction of a community gathering place and outbuilding, landscaping and road paving will begin in the spring of 2018. We are very excited to announce that the Rasmuson Foundation has just awarded Hope \$330,000 towards this phase of the project! We continue to be extremely grateful for their ongoing support of our capital projects.

2018 Save the Dates

Your support and commitment to our annual fundraising events is truly appreciated. Your volunteer time, donated skills, talents and expertise are what allow us to further our mission.

Be a part of the *Hope* experience, mark your calendars and join us in 2018 at one or all of these events.

Walk & Roll for Hope
Saturday, May 5

Hope Golf Classic
Thursday, July 12

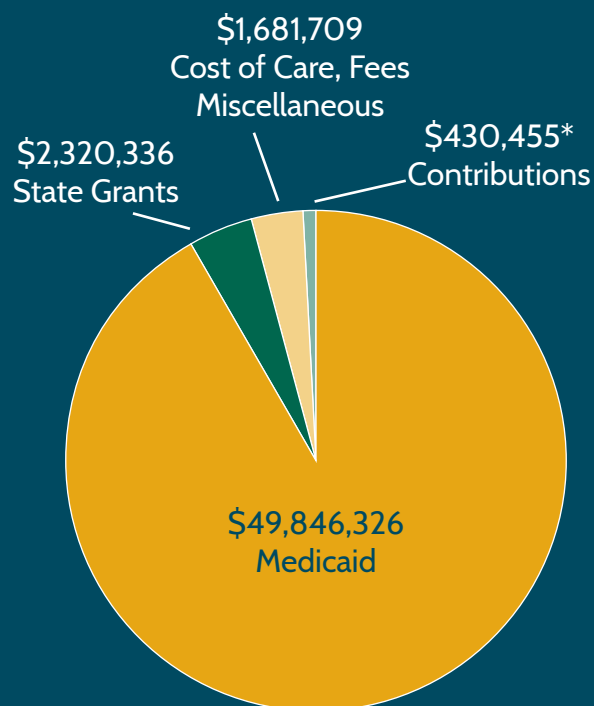

Fall Flannel Formal
Saturday, October 6

Financials

Figures are based on audited financials, year end 6/30/17.

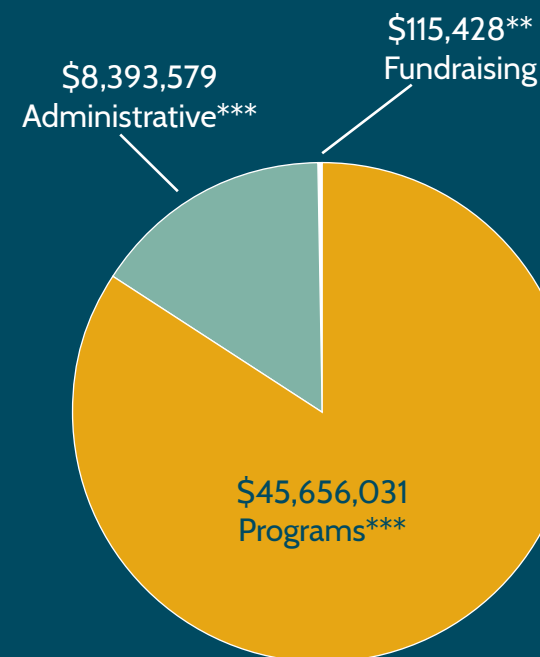

Revenue

*Contributions figure does not include an additional \$296,219 in capital project grants.

***Breakdown is based on an administrative rate of 15.5% for FY17.15

Expense

**Fundraising expense reflects the expenditures of proceeds earned over multiple years and used to meet unfunded program supports, along with the costs associated with those fundraising endeavors.

With Gratitude

Thank *you* for experiencing *Hope* through your investment of time, talent, financial support, or donated goods/services. Because of *you* we can create so many more meaningful experiences for the people who choose our supports.

Large or small, your gifts do make a difference. Here we celebrate all the individuals, businesses and organizations that made an investment in Hope in 2017.
