

# 2019 Gratitude Report

## 50 Years of Impact

Helping Alaskans with Differing Abilities  
Experience Hope Since 1968

*"You make our mission possible."*

*Incorporated in 1968, Hope Community Resources, Inc. provides services and supports throughout Alaska to people who experience intellectual and developmental disabilities, mental health challenges, and complex medical conditions. Services and supports are requested and designed by individuals and their families that result in choice, control, family preservation and community inclusion.*

*Together we can help build bridges to meaningful lives for all Alaskans of varying abilities.*

# Letter of Gratitude

Greetings,

Our shared holiday season offers us time to reflect on and appreciate the many blessings shared with Hope Community Resources this past year. These positive and gracious blessings give us cause to pause to express our heartfelt gratitude to all who gave from the heart so generously. Even though Alaska's economy fell into recession, others were able to experience hope in their lives, thanks to the kindness of so many others.

This annual letter of gratitude is a bitter sweet one for me this year. Effective 1/10/20 I will be retiring after 42 years of service to the stakeholders of Hope. Although this will be my last direct communication with you as Executive Director, the memories I will always keep regarding the generosity Alaskan's have shown to Hope during the past 50 years will continue to warm my heart.

My earliest memories of donor generosity are of the Walk for Hope, during which thousands walked marathons to raise money for the organization. In the early days raised funds were used to keep the doors open and supporters from numerous communities around Alaska assured food and clothing, as well as safe and secure homes added to the well-being of all Alaskans experiencing intellectual and developmental disabilities. As Hope became financially stable and

established longer term funding sources, our needs shifted and the community generously responded with the resources for a greater array of housing choices for people assuring accessibility and affordability and furthering joy and inclusive practices through supporting outdoor pursuits, our Discovery Center, and artistic expression through Hope's Art Studio.

Throughout my years with Hope it has been a priority by the Board of Directors and Executive leadership to give the ultimate thanks to community benefactors by assuring Hope always remained excellent stewards of these resources. This commitment will remain strong during the transition in Executive leadership. Our Board has assured a strong and powerful successorship plan for the executive leadership role. When Steve Lesko retired as Executive Director we had worked 36 years together so our future had a firm foundation in the past.

It is with great pleasure that I share the selection of Michele Girault as Hope's next Executive Director. Michele and I have also worked together at Hope for the past 36 years, so again the future of Hope has a firm foundation in the past. Within my heart I know that Michele and our Board of Directors will honor the past and grow the future in new and novel ways. Our corporate culture, beliefs, and values will remain the same; and

our commitment to integrity will remain strong.

It is with sincere gratitude that I thank each of you for your generosity helping to sustain Hope for our first 50 years. Today and into the future we remain committed to be wise stewards of the resources you have provided.

Kind Regards,

Roy T. Scheller, Ph.D.  
Executive Emeritus

# Your Gifts Help Others Experience Hope

Your generosity throughout the year provides countless opportunities for the children, teens, and adults who choose our supports to experience hope.

Throughout the regions we serve, people are leading full and meaningful lives because of your support through monetary and in-kind donations, as well volunteer service.

This year your donations not only brought smiles to so many faces, but also helped augment funding for:

- Clinical and diagnostic services for individuals experiencing mental health challenges
- Travel from rural Alaska to secure needed supports in Anchorage
- Supplies for programs within the Lesko Discovery Center
- Scholarships for activity fees and camps
- Augmented support services to meet health and safety needs
- Gifts and food during the holidays for needy individuals and families
- Repairs and maintenance to ensure safe housing
- Furnishings for assisted living homes
- Electricity to the Willow Ranch
- Completion of the Kenai Intentional Neighborhood

# Artists at Work

Hope Studios continued its focus of highlighting the beauty and “magic” of the collaborative art process this year. Hosting community events at the studio and participating in several art shows and First Friday events gave opportunity to showcase the talents of studio artists.

The highlight of the year was a collaborative project called, “Drawing Days at the Zoo” that took place in August. The Studio was invited to visit the Alaska Zoo, where drawing stations were set up for artists to draw the zoo animals. Twenty-eight people participated, rendering almost 100 drawings transformed into wall-hangings, t-shirts, sweat-shirts, and stuffed animals. The shirts and wall hangings were completed in time for a fundraising event held at the Alaska Zoo in September. During this event, nine wall-hangings and several sweat-shirts and hoodies were sold. Over \$3,000.00 was made for the studio and the zoo, while forging a strong relationship that may result in an annual event.

After the event, Hope Studios donated the “Mystical Bear” piece to Hope’s annual auction and it sold for \$1,500!

# Tina's Story

For the 50 years Hope has been providing supports to people in Alaska we have held as a mantra “under what conditions can we say yes” and this story incorporates the magic of “yes” with a wonderful blend of tenacity and love.

This story began in August of 1993, when a bright light entered the world bringing with her a zest for life and fierce determination to express her individuality. Tina Alowa was born at the Alaska Native Medical Center in Anchorage, Alaska with significant health complications and spent the first several years of her life in the hospital. While there she captured many a heart and taught lessons in resilience, courage, fearlessness and purpose. Tina became part of a pioneering generation of children, who previously were told they were too fragile to live in community, but defied predictions and taught us community is truly for everyone.

Successful journeys always include amazing partners and Tina’s journey could not be told without highlighting Linda Wiseman—an incredibly humble woman who stepped forward to be a foster parent for Tina so she could live close to needed medical supports that were not available in her home village of Savoonga, Alaska. The relationship between Linda and Tina is a tapestry of love, determination, and resolve and what started out as a “yes” to a 2-year-old has become a 25-year commitment of family support.

When Tina turned 18 Linda’s daughter and son in law, Chantel and Leon Butler provided family support and Linda became Tina’s legal guardian. Tina attended Chugiak Elementary School, Gruening Middle School, and walked with her class with a certificate of attendance at Chugiak High School in 2014. A few years ago, Tina moved into an assisted living home where Hope provides 24-hour nursing support.

Although Tina doesn’t communicate verbally, her ability to “connect with others and make her wishes and desires known is legendary. Her bright smile and joyful appreciation of movies, technology, animals and more is contagious.

Last year Tina participated in the Miss Amazing pageant and has proudly worn her tiara in several community events. Tina’s zest and determination for life, combined with the love and support of family and community is a wonderful story that earned Tina Alowa the 2019 Journey Award at Hope’s annual gala.

*“Tina excelled in friendliness and kindness towards her peers, having a positive attitude in school and brightening the classroom.” — Tina’s teacher*

# The Power of Community

In the spring of 2018 Hope kicked-off a fundraising campaign to bring electricity to Hope's Willow Ranch, which was currently "off the grid." The campaign continued through 2018 and into 2019, culminating with the completion of the project in November.

The project would not have come to fruition without the amazing support of Chad Padgett, former state director for the office of Congressman Don Young, Northern Powerline Constructors, Inc., Anixter, Keith Nida and Lynden.

Keith Nida, neighbor and friend to the Willow Ranch, cleared the route for the powerline of trees in exchange for the wood, which was a huge undertaking and cost savings to the project.

As a fellow Willow community member, Chad, reached out to Josh Henrick of Northern Powerline Constructors to see if they would install the poles and line at a discounted price, explaining the budget for

the project was very limited. After hearing about the Willow Ranch, Josh was on board.

Josh immediately committed volunteers from his company to do the installation and recruited Ryan Singleton of Anixter to help as well. Ryan generously sold the materials to Hope at cost and coordinated with Lynden to deliver the materials to the ranch for free. Josh personally installed all the hardware on the poles, while coordinating the manpower to install the mile-long run of 21 poles. Over three weekends, ten linemen gave up their only days off to help bring electricity to the Willow Ranch.

Because of their generosity Hope experienced a cost savings of over \$75,000. Coupled with the funds raised over the last year and a half, and the volunteer efforts of the community, Hope was able to complete the project with minimal financial impact to the agency. It is truly the power of community that brought power to the Willow Ranch!

# Kenai Intentional Neighborhood

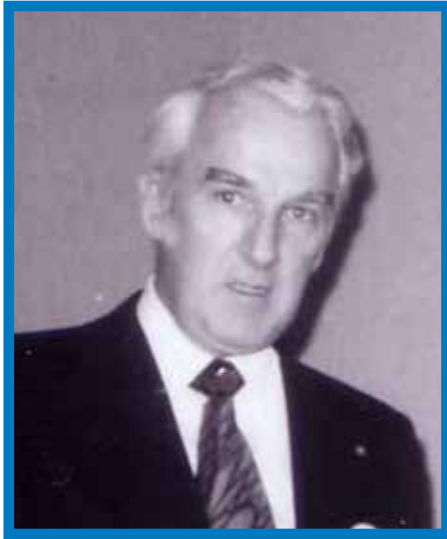

The Kenai Intentional Neighborhood is a multiple year collaborative project completed this fall. A dream of families to create a community of support around their children resulting in five two-person assisted living homes, a triplex and a Gathering Place, eleven individuals who choose Hope's supports now have "forever homes" in a neighborhood that provides security, stability and a piece of mind for their families.

Landscaping will be completed in the spring of 2020.

Our gratitude is boundless for the support of the Rasmuson Foundation, the M.J. Murdock Charitable Trust, the Reitman Family Trust, and the Alaska Mental Health Trust Authority, as this project would not have been possible without their support and funding.

## Walk for Hope Founder Recognized

In honor of the 50th Anniversary of Hope and the Walk & Roll for Hope, Mr. Robert Halcro was presented posthumously the 2019 Heart of Hope Award for his pioneering vision to develop a financial foundation for Hope Community Resources.

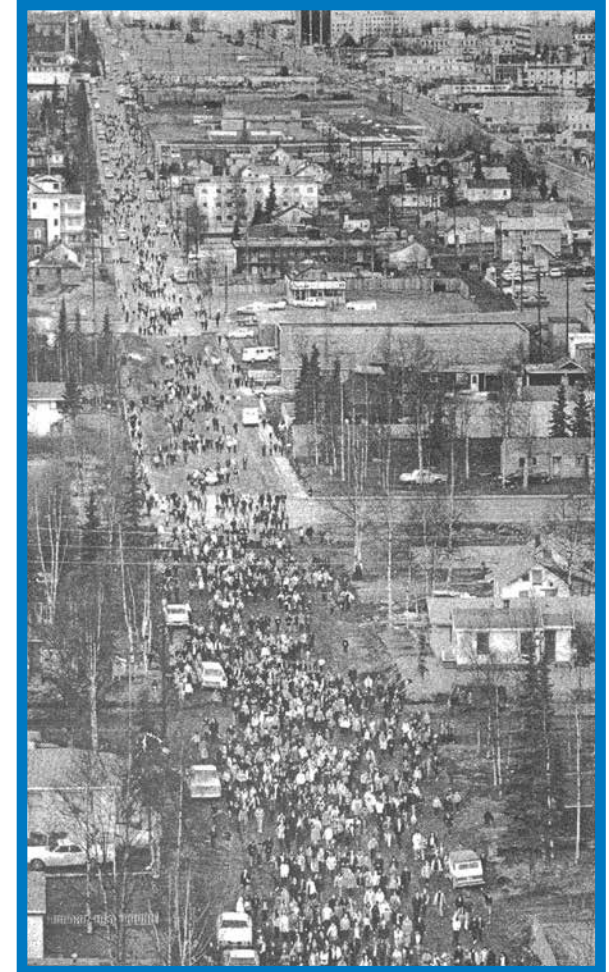

In 1969 Hope Cottage was in crisis. Debt was accumulating and there was no prospect of stabilizing the finances. When the plight became public, Mr. Halcro went into action.

Mr. Halcro recognized in order for Hope's doors to remain open and continue to meet the needs of Alaska's disabled children, something had to be done immediately.

Taking charge, he pulled together influential friends and business associates to help Nancy Johnson, the founder of Hope, form a new board of directors whose focus was on raising funds in order to stabilize the agency.

Mr. Halco presented the concept of a pledge-based walk to the board as a major fundraiser. This caused quite a bit of controversy, as it had never been done in Alaska, but in the end his concept of a "Walk for Hope" became a reality and the financial foundation for the agency. Forty-five hundred people participated in the initial 1970 Walk for Hope and raised \$137,000!

Fifty years later, the Walk for Hope, now known as the Walk & Roll for Hope, continues as the oldest walking event in Alaska and has raised over 3.5 million dollars for Hope Community Resources, Inc.

# Farewell to a Great Leader

With hearts full of admiration and gratitude that we are celebrating the lasting legacy of 42 years investment in Hope and its mission by Dr. Roy Scheller.

Roy is retiring in January 2020, leaving us as witnesses of dynamic leadership and a corporate culture that will guide the new leadership into the future.

For more than three decades, Roy partnered with former Executive Director, Steve Lesko, taking Hope from a small agency to the largest non-profit in the state supporting people with disabilities. Their shared vision of value driven supports had tremendous impact on thousands.

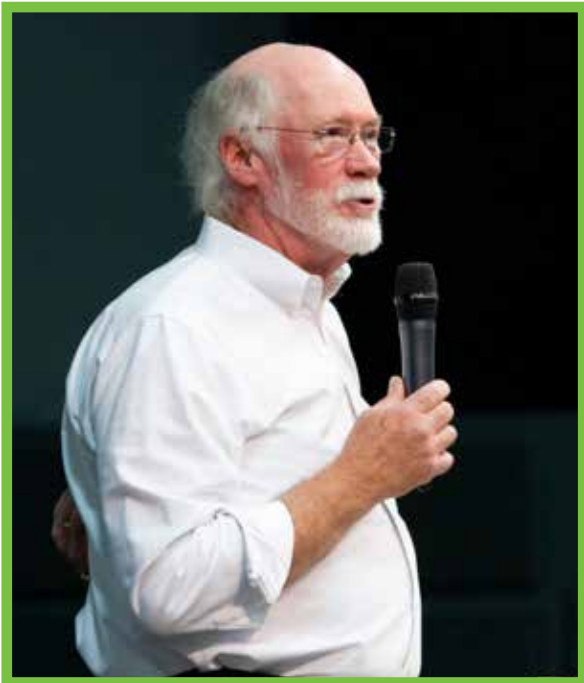

Upon Steve's departure, Roy took over the helm as Executive Director and for the past five years, he has been a driver on the state level, impacting legislation and policy benefiting individuals and families who experience disabilities in directing their own services and supports.

Known as an "agitator," Roy has never been satisfied with the status quo—he's always looking over the horizon for emerging trends and steering the agency in that direction. As an innovator and supporter of dreams, he was key to the creation of Hope's Outdoor Pursuits program, Hope Studio, and the intentional communities in Willow and Kenai. Each of these programs, at the time of development, were unique to disability services and to the State of Alaska.

Roy developed a student volunteer program on a national and international level that spread Hope's corporate culture and caused positive change for disabilities around the world.

Words cannot express the gratitude all of us at Hope have for Roy and the commitment he has made to us, the agency and especially the individuals and families we serve for 42 years. Our gratitude will be seen in our actions to carry on your legacy!

Wishing you joy and adventure in the future, and opportunities to continue your investment in the people of Alaska.

# Save the Date

Your support and commitment to our annual fundraising events is truly appreciated. Your volunteer time, donated skills, talents and expertise are what allow us to further our mission.

Be a part of the Hope experience, mark your calendars and join us in 2020 at one or all of these events.
