

Open Studio

Monday - Friday
10:00am - 6:00pm

Join Hope Studios and be engulfed in the collaborative process of self-expression. The studio allows artists to explore individual interests by creating unique and varied opportunities. Each member works together, eventually incorporating the skills and talents of each artist into final pieces of work. The studio's creative team is made up of individuals with and without disabilities. Sometimes 5 or more artists could "do their thing" to one finished product. This process allows the artists to do what they do best while creating amazing art pieces that embody each artist's best skills. The artists that participate in the program are the creative drivers and conceptualize all that the studio produces. Throughout the process artists are encouraged to discuss their work with the public. This may include attending shows and sales events, speaking at conferences or giving studio and gallery tours to visitors. We welcome artists of all interests and abilities to join us and make the world a much more beautiful place!
