

Alignment Pledge

1. Values ~ We pledge to respect the TreeSisters values.

TreeSisters is oriented around five powerful choices which form the seeds of a Restorer Species. We invite you to feel into what these might mean for you personally and for your business.

The five intentional choices of a treesister are:

1. Embracing Truth - choosing to believe that anything is possible, keeping an open mind and seeking the truth.
2. Embracing One Another - leading from the inclusive and compassionate heart that understands our shared need to belong, to be supported and to contribute.
3. Embracing Nature - respecting natural systems, and Nature's wisdom, and caring for self and Nature in everything we do.
4. Responding with Action - listening to the needs of self and Earth and welcoming the instincts and ideas that are rising through us.
5. Giving Your Gifts - letting your light shine, your leadership rise and contributing your uniqueness, simply because you can.

2. No Greenwash ~ We pledge to communicate with truth and transparency in public about our environmentally responsible efforts.

We support TreeSisters zero tolerance for greenwash.

For more detailed information and an explanation of greenwash, please review our Greenwash Guidance document on the [Partnership References Page](#)

3. Supply Chain Solutions ~ We pledge to prioritise the development and implementation of a forest products procurement and distribution policy that is Earth loving.

We are committed to discovering and understanding the source of our forest products and the wider ecological impact of the products and packaging, as well as their transport and disposal.

4. Destructive Forest Activities ~ We pledge that we are not Directly Involved in Destructive Forest Activities.
