

## **Make Sure Your Fundraising Stays Legal**

### **Guidelines and regulations**

*TreeSisters does not currently have the capacity to offer collection tins and we do not currently encourage street collections.*

### **Registering your event.**

Please ensure that you register your event with us, read and agree to our terms and conditions.

### **Raffle guidelines**

Holding a raffle is a great way to increase donations from your event. However holding a raffle is something that is often subject to local rules and regulations. Please ensure that you contact your local council or government authority in charge of licencing raffles and lotteries to make sure that you comply with your local legislation.

### **Under 18s – legal guidelines**

If you are under 18 and holding a fundraising event, there are certain things that you will need help with. You should always ask an adult to help you with your fundraising to make sure you are safe. Please check local laws and bylaws in your country, for example in the USA alcohol restrictions may apply to those aged 21 and over.

### **Need more help?**

If you are unsure or need more help then please contact us at [support@treesisters.org](mailto:support@treesisters.org) with event question as your email title.
