Help a Brother Out?

I'm Nick Lewis, Brother Sigma for this year and a Junior Economics Major and Math Minor at Kenyon. I am currently searching for a finance-related internship for this coming summer. More specifically, I am interested in positions such as risk analysis and management and a more general position of business/financial analyst. Being an economics major, dealing with data, numbers, and models strongly appeals to me. I was wondering if anyone could graciously point me in a certain direction to assist with my internship search. I'm in the DC area so I would love to be near home...but am open to anything.

If you can help, contact Nick at: nlewis2412@gmail.com
