

Foundation
for SMFM

2023 ANNUAL REPORT

Our Vision

Advancing equitable and optimal pregnancy care by fostering career development through research and education.

Our Mission

Empower and support the SMFM members and their colleagues by creating mentored opportunities, developing innovative initiatives, and promoting evidence-based programs.

Message from the Chair

DEAR FRIENDS OF THE FOUNDATION FOR SMFM,

The Foundation for SMFM had an exciting year in 2023, and we are filled with appreciation to be able to highlight the many energizing successes. We began the year with the first in-person meeting since the COVID-19 pandemic, gathering as a community in San Francisco. Not only did the meeting approach record-breaking attendance numbers, the Foundation for SMFM held a celebration event for the MFM community, including present and past Foundation program awardees, mentors, members, and friends! We had nearly 600 people in attendance. It was a wonderful way to start the year, which only gained momentum from that point forward.

A highlight of 2023 was the generous gift of \$650,000 that the Foundation for SMFM received from the Perinatal Quality Foundation (PQF) upon its sunset as an organization in December 2023. We are so grateful for this funding, which enables us to create a new award program to support research and implementation science for quality and safety in obstetrical care. The new program will support projects by multi-disciplinary teams in an ever-changing healthcare landscape, under the universal DEI framework. We are excited to announce the inaugural chair of this program is Dr. Andrew Combs.

Despite continued uncertain times, support of the Foundation for SMFM continued generously from our members and friends. These funds are critical to support the success of our vision and mission and the sustenance of our many diverse programs. Additionally, through the leadership of Dr. Chris Robinson and Sara Hoopes, the Foundation's Corporate Council collective continued to grow, with over thirty active members in 2023, including new partners at the highest Corporate Council Premier level. We and our awardees appreciate your generous commitment, loyalty, and leadership in supporting the growth and development of the next generation of MFMs! Thank you to all of you who give to, serve, and engage with the Foundation in so many ways throughout the year. We are blessed that you share our vision!

On behalf of our Board of Directors, please accept our gratitude to each of you for your investment in the future of maternal-fetal medicine. Together, we will continue to support MFM subspecialists through diverse programs, mentorship, and industry relationships as we pursue our mission "to advance care in pregnancy through research and education."

With gratitude and respect,

A handwritten signature in black ink that reads "Byrann Bromley MD". The signature is fluid and cursive.

Byrann Bromley, MD
Chair, Board of Directors

Awardees Selected in 2023

The Foundation was created as a separate non-profit in 2003 but has been launching, expanding, and changing the careers of MFMs since the first research scholarship was awarded by the Society's Scholarly Activities Committee in 1992. In 2023, 18 awardees received funding from the Foundation at various stages of their training.

FOUNDATION FOR SMFM/AAOGF SCHOLAR AWARD

Our three-year research training grant is designed for future academic physician leaders seeking additional science training to prepare for a productive career as a physician-scientist. Training may be laboratory-based or clinical, focusing on basic or translational research, disease pathobiology, diagnostics, therapeutics, or prevention. Our scholars interact with established mentors nationwide.

**Beth
Pineles, MD, PhD**

"The dedicated research time provided by my **Foundation for SMFM/AAOGF** award has been instrumental in advancing my translational research and reinforcing my commitment to the physician-scientist pathway. As an FSMFM Scholar, I am grateful for the exceptional network of researchers and leaders in our field whose support has been invaluable to me."

DR. COURTNEY TOWNSEL, 2021-2024 RECIPIENT

DANIELLE PERESS, MD MEMORIAL FUND AWARD

November 2023 marked the fifth anniversary of the Danielle Peress, MD Memorial Fund, established in 2018 in memory of Dani Peress to support MFM fellows in their clinical or translational research endeavors.

Laurie
Griffin, MD, PhD

Claudia
Ibarra, MD, MPH

"I am grateful to the Foundation for SMFM for their tremendous support over the last several years while pursuing this path as a perinatal physician-scientist. Following in Dani's footsteps as an MFM fellow at Penn, I am proud that her legacy endures in our community and through the **Danielle Peress, MD Memorial Fund** established in her memory. As the inaugural awardee, I reflect on this honor as an early and critical stepping stone toward scientific independence in the field of translational preterm birth research."

DR. KRISTIN GERSON, 2019 INAUGURAL AWARDEE

Kristin Gerson with
Lisa Levine and
Michal Elovitz

Neff, MD

2023:
Rachel
Ruderman, MD, MPH

"I am grateful for the **Garite Mini-Sabbatical Grant** ... which allowed me to obtain training in complex family planning. The skills I acquired from this sabbatical experience will better equip me to counsel and care for patients with high-risk pregnancies and continue my career as an advocate for full spectrum reproductive healthcare."

DR. ANJALI NAMBIAR, 2023 RECIPIENT

Anjali Nambiar, MD

Oxana Zarudskaya, MD, PhD

GARITE MINI-SABBATICAL GRANTS

Since 2008, practicing MFMs and MFM fellows, including international members of SMFM, have received funding for an eight-week research project or clinical experience with a mentor at another institution.

IMPACT PRETERM BIRTH DISPARITIES PROGRAM

In 2023, the Foundation announced a new funding opportunity, partly supported by Hologic. This three-year award intends to invest in ongoing or new research work to address disparities in preterm labor, birth, and pregnancy outcomes in historically underserved populations.

Sarahn Wheeler, MD, MHSc

QUEENAN GLOBAL HEALTH AWARDS

Since 2015, the Queenan Global Health Awards have offered opportunities for research and education to future leaders in perinatal health to provide sustained advancement in obstetric practice in underserved areas around the globe.

Sarah Boudova, MD, PhD

Jessica Chung, MD, MPH

Anar Gojayev, MD

Andrea Pembe, MD, MMed, PhD

"My passion for medicine is closely tied with my passion for teaching, so I was truly honored to have been chosen for the **Queenan Visiting Teaching Fellowship**. In my first week alone, I gave a lecture on basic ultrasound skills, taught with simulation, helped a resident with her first amniocentesis, and helped with care plans for several highly complex patients. I am so grateful for this opportunity to learn, inspire, and mentor the current residents and medical students here and contribute to the educational structure, which will continue to shape the practice of generations of physicians to come."

DR. ANAR GOJAYEV, 2023 RECIPIENT

RESIDENT SCHOLARS

This program provides mentoring and educational opportunities during the final two years of OB/GYN residency, including funded attendance at SMFM Pregnancy Meetings and a research design and biostatistics course.

**Kathryn
Anderson, MD**

**Nabila
Azeem, MD**

**Nafiah
Enayet, MD**

**LeAnn

**Megan
Raymond, MD**

**Emily
Root, MD**

**Monica
Sosa, MD**

**Anna Marie
Young, MD, MPH**

"I am deeply thankful for the **Foundation for SMFM Resident Scholarship**. It provided us with an unparalleled opportunity to learn from leaders in the field, meet other passionate burgeoning MFMs, and connect with an exciting, inspiring community. The experience exceeded all my expectations and amplified my enthusiasm and passion for MFM. The community at the conference exactly aligns with what I hope to find throughout my career: a group of passionate individuals who collaborate to tackle the most pressing issues of the day, lift each other up, and laugh together. I was especially thankful to spend the conference learning from two MFM giants, Drs. Erika Werner and Torri Metz."

DR. JECCA STEINBERG, 2023 RECIPIENT

Literature Alert Series

The Literature Alert Series is emailed monthly to SMFM members who make a minimum annual contribution of \$100 to the Foundation and MFM Fellows Class Gift Campaign participants. It highlights recently published articles of interest to maternal-fetal medicine specialists from more than 25 journals. Each issue contains 10-15 of the most important articles for MFMs from obstetric and non-obstetric journals.

Support the Foundation

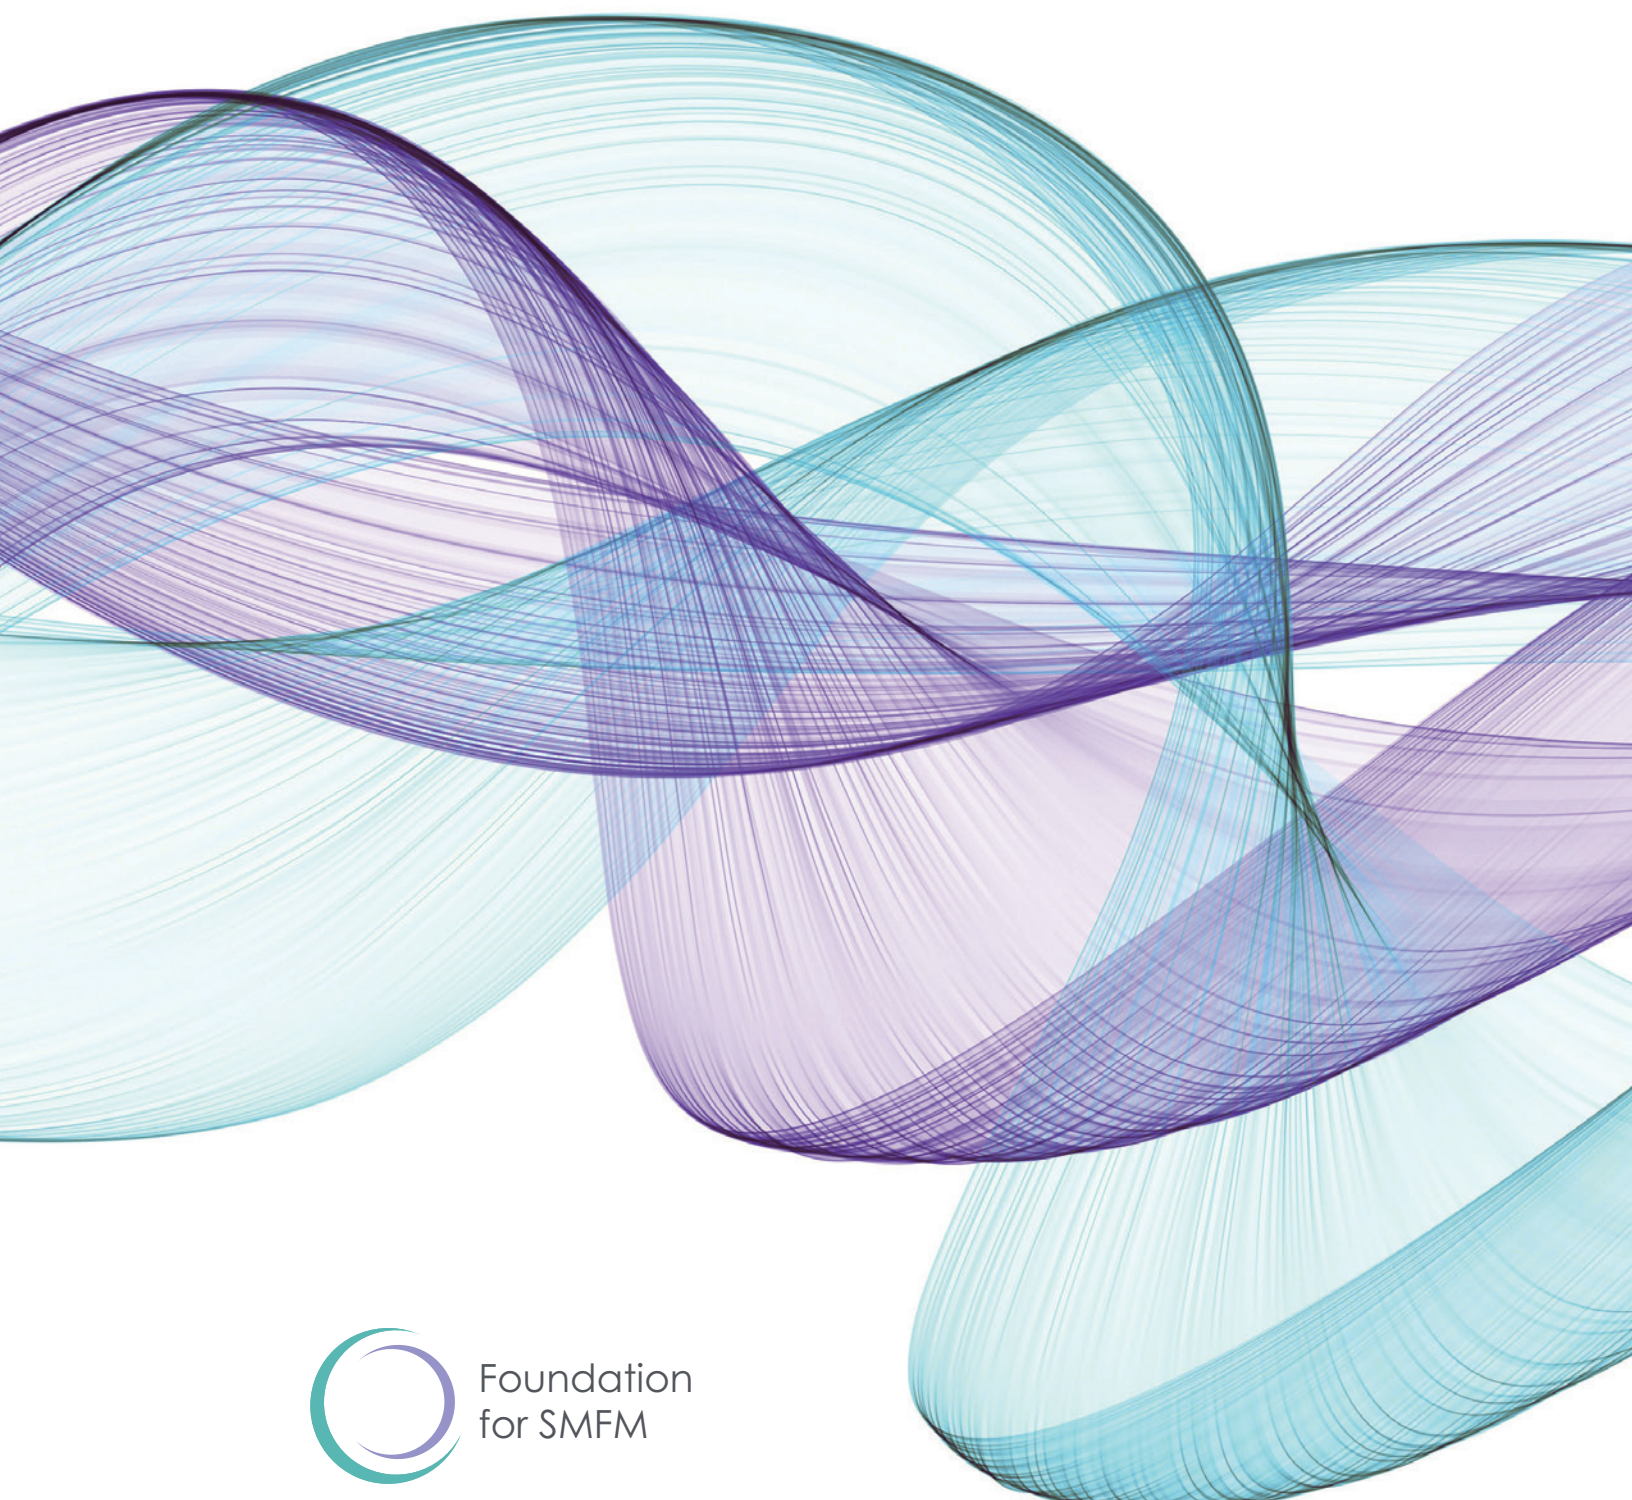

Advances in the care of high-risk pregnancies are made possible by individuals who believe in research and education. Supporting talented maternal-fetal medicine (MFM) physicians through the formative stages of their careers will expand research in pregnancy and will benefit patients and the subspecialty. You can support research and education in MFM by making a gift to the Foundation for SMFM.

DONATE

There are several ways to give:

- Make an immediate impact toward the Foundation's mission by donating online today. Visit FoundationForSMFM.org/donate.
- Mail a check. Send it to us at Foundation for SMFM, P.O. Box 420016, Washington, DC 20042-0016.
- Contribute other assets through the sale of appreciated securities or by recommending a grant from your donor-advised fund.
- Create a future gift to the Foundation through estate planning which can offer you additional tax benefits. Consider including the Foundation in your will or trust or naming the Foundation as a beneficiary of retirement plan assets or a life insurance policy.

The Foundation for SMFM is a 501(c)(3) nonprofit organization. Visit FoundationForSMFM.org/donate or contact Foundation staff at 202-517-7068 or foundation@smfm.org for more information about ways to give.
