

March 2019

Dear Partners and Friends,

Over the years, I have shared about how busy we can be, ministering overseas. So, in this ministry update, I decided to share details of our ministry trip to better inform you, our partners and friends of the ministry. In these meetings, so many lives have been changed to the glory of God.

Overseas Ministry:

As I am writing this newsletter, Lisa and I are ministering overseas, presently in Belfast Ireland at Charis Bible College and in their "Healing is Here" conference.

Since arriving in the UK, altogether, we will have ministered at four different "Healing is Here" conferences, along with four Bible colleges and four churches. Additionally, there were several instances of personal ministry, going to people who were unable to attend the meetings. Through all these ministry opportunities, people were saved, healed, baptized in the Holy Spirit, set free from bondage, along with ministering the Word of God. To all of our partners and friends of the ministry, this fruit goes into your spiritual account as you are a part of all that Jesus is accomplishing through us.

Our trip began with ministering at two local churches in Grimsby England, first a morning service and then an evening service. There were many healings that manifested at both services during prayer, but I want to share about a man who, when I prayed for him a year ago, was healed of cancer. This year he came forward for healing from diabetes, which had affected him to the degree that he had to wear a foot pad for protection, lest his foot touches anything causing extreme pain. When I prayed for him, I ended up

slapping my hand on his foot before he could stop me. To his amazement, there was no pain. Just prior to that he told me that his wife accidentally touched his foot, bringing about extreme pain. Very carefully, he took off the protection to test his foot. At first, he began to gingerly walk on it, and then with confidence, he began to jump up and down - totally healed.

In the evening, at a service in another church, many wonderful deliverances and manifestations of healing happened. In fact, during prayer, at least two people were set free from being alcoholic and one from drugs. The man told me it was an addiction to heroin. One moment, his body desired the drugs and the next he was free, as the anointing destroyed the yoke of the problem. Jesus set him free. Another received Jesus as their Lord & Savior along with Baptism of the Holy Spirit.

We were then able to minister at the first college in England for a couple of days, followed by two days of conference meetings. There was one morning meeting and two evening meetings. By the weekend, we were ministering at another college class, and then at a local church. This was just weekend to weekend of the first nine days, with almost 20 hours of public speaking, along with many hours of personal ministry.

At the next college in England, we spoke for two days to the students and then spoke at the "Healing is Here" conference for two days, with two evening meetings and one morning session.

By the weekend, we were in Scotland, ministering at the local college with the "Healing is Here" conference, following up in a local church. From there, we were off to Ireland ministering to the local college in Belfast, where we presently are in preparation for another "Healing is Here" conference.

There are so many testimonies to share that we will only be able to put a few of them in this partner newsletter, but in the future we will share more with you.

Testimonies:

Thank you, Lisa, for praying with me at Dewsbury. It certainly lifted something off me, as I have felt a whole lot better since that day 25th January between 10:00 am and 11:00 am, I think, before you left for Dumfries. You are truly a Godly couple and love you both.

Dear Brother in the Lord,

I am delighted to share the testimony of what God has done in me and through me for the glory of His mighty name.

During the second session to the students, I started to understand from the heart level how it is different to receive from human and from God. The more I heard, the more I wanted. I then bought Cecil's book. After the sessions, I went before the Holy Spirit as the Father, who helps with unbelief. It was refreshing. I saw there was a belief system trying to form in my mind around the pain in my body, contrary to the word of God.

On Thursday, as a second-year student, I was ministering in the prayer line and a man came straight to me for prayer. Before he arrived, I felt inside to point him to the teaching we just heard. Doctors connect to the person, to their needs and only after they prove there is no more symptom, the doctor will pronounce the person was cured or healed. But receiving from God is about Jesus. Sickness does not belong to a child of God. I ministered along those lines.

He said he had a skin rash, since he was 6 years old. He had been prayed for many times by many people and it never went away. I told him that he will never suffer from that problem anymore, because he was receiving from God, not from man. That it is easy, if he will just receive. Then I prayed for his heart and called the life of Christ in his whole life. Then he went and gave his testimony. Glory to God Most High. A servant called by God.

Hi dear Cecil and Lisa.

It was wonderful to be ministered by the Word of God, during this Healing Conference. Big thank you to both of you.

Thank you dear Lisa for your friendship and our hearts melted together.

I was blessed by listening and watching you praying for others and of course for me. I am reading the book we got from you and I love it.

Another person shared how they were healed in their bladder when I ministered here last year in September.

One of our second year students had given his book to a man in his church. He thought this man needed it, because he was facing challenges. The report back is that it is 'brilliant'. "He was beaming and said he felt a lot better and stronger".

A woman was healed of an immune problem. She said she ate a biscuit (in the States we would say a cookie) for the first time in years. Normally, just eating one biscuit would result in immediate physical symptoms.

Another lady lived with pain after an operation in which the doctor put metal in her leg. After prayer she was free of the pain and could walk around normal.

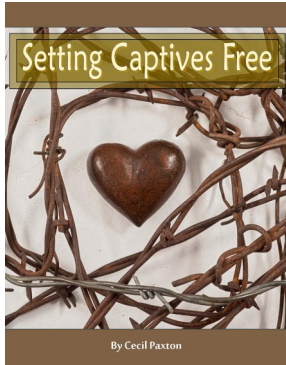

Another lady's back was healed, with the pain leaving.

As I said; I had just watched all five of your teaching sessions of the 2018 Walsall "Healing Is Here" Conference before visiting Dewsbury. Although I have taken a keen interest in the Healing Ministry for nearly forty years, have been

on several courses, read many books, have various teaching books, CDs and DVDs on the subject, healed of diabetes at a Benny Hinn Crusade (2004, NEC, Birmingham), I have also ministered and been used by God to heal others. I can truly say that I have gotten a deeper understanding from your teaching that complements what I already know and walk in.

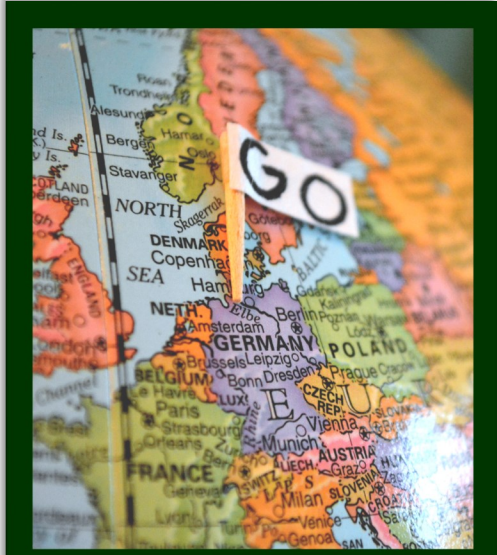

Lisa and I are very grateful to you, our friends and partners of this ministry, as together we are seeing lives changed. We believe that our partners are greatly prospering - spirit, soul and body, as you experience an increase in the seed you have sown, multiplying and increase in the fruits of your righteousness. God's richest blessings in Christ are already yours. Believe and establish this truth in your heart and have an open heart to receive all that God has given you in Christ Jesus.

Blessings in Christ, *Cecil + Lisa*

New Teaching

This teaching is for those who feel that life is always a struggle and it never changes. They want to experience God's goodness in the land of the living, but the promises of God always seem elusive. They witness through the teaching of God's Word others get God's results, but it does not seem to work the same for them. They are the ones who are constantly under the weight of the issues of life, where they believe their problems have power over them.

2 Corinthians 4:6 KJV
For God, who commanded the light to shine out of darkness, hath shined in our hearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ.
