Dear Partners and Friends,

As I am writing this we are with our family over Easter as a result of a tragic loss in the family. Which made our time together a bittersweet time. As we gathered with family on Easter day being in southern part of the US that is considered Cajun the main part of the Easter meal was large amounts of craw-fish. Of course, a true Cajun would suck the head of the craw-fish to get the last part of the meat as the Cajun's claim is that they eat almost anything. I definitely, did not suck the head, but I did eat at least 5 craw-fish. Smile!

Even though the time with family on Easter day was a wonderful time of food and fellowship reconnecting with each other's busy lives, I found my thoughts continually going to Jesus as I was aware that this day is about Jesus in His resurrection, and all that was accomplished for us in Christ bringing us back into a love relationship with our Heavenly Father.

In Romans 6:4-5 it says, therefore we have been buried with Him through baptism into death, so that as Christ was raised from the dead through the glory of the Father, so we too might walk in newness of life. For if we have become united with Him in the likeness of His

death, certainly we shall also be in the likeness of His resurrection,

Under the old covenant man was constantly concerned with his performance in how he was relating to God. In the new covenant through Christ there is a revelation in how God has changed towards us. The focus of our life is no longer about us, but true life is found in Christ as we identify with His death and now live with Him in a new life.

2 Corinthians 5:19 ..., in Christ, God was reconciling the world to Himself, not counting their trespasses against them, and He has committed the message of reconciliation to us.

God is not keeping count of every sin, holding them against us resulting in us being constantly aware of every mistake in our performance.

The continual thoughts of a person reflect the heart of the person and God's thoughts towards us are good thoughts. In the same way as when we look at our own children with a heart of love.

In Jeremiah 29:11 it says, *"For I know the thoughts that I think toward you, saith the LORD, thoughts of peace, and not of evil, to give you an expected end."*

In Romans 8:35 we find that there is nothing that can separate His love for us that is in Christ Jesus. Through his grace towards us in being made righteous in Christ we have not only been reconciled to our Heavenly Father but are in a constant place of great favor.

If our self-worth is in our performance, in how good or how bad we are, we do not have a true revelation of His great love for us. Being consciously aware of our righteousness in Christ effects how we relate to ourselves and our relationships with others. It is only out of a revelation of His great love towards us that our self-worth can become established in Him instead of ourselves.

1 John 4:10 This is the kind of love we are talking about — not that we once upon a time loved God, but that he loved us and sent his Son as a sacrifice to clear away our sins and the damage they've done to our relationship with God.

Love is who God is! It is out of His love towards us that there is a mercy that is so rich that it can be more clearly defined as a wealth that can never end.

In Ephesians 2:4-5 it says *"But God, who is rich in mercy, because of His great love with which He loved us, 5 even when we were dead in trespasses, made us alive together with Christ (by grace you have been saved)."*

Grace has everything to do with God towards us and nothing to do with us towards Him. In the first part of Colossians 3:4 we are told that we have died, and our

life is now hidden with Christ in God. In Christ the old has gone and the new has come and it is only with this revelation in Christ established deep within our heart that we become free to live in the freedom found in Christ Jesus.

We not only live in God's goodness now, but we have a really good future to always look forward too. We should fear nothing in relationship to God, in fact, in the day of God's judgment as His creation and being family, we can have confidence even in judgment. 1 John 4:17-19 say, by this, love is perfected with us, so that we may have confidence in the day of judgment; because as He is, so also are we in this world. There is no fear in love; but perfect love casts out fear, because fear involves punishment, and the one who fears is not perfected in love. We love, because He first loved us.

Thank You!

We are very grateful to all of you our partners and friends of the ministry who have been a part of the purchase of our new Lanier MP C2003 stand-alone laser copier which also scans and faxes. We have been able to purchase a much better quality machine with many extra features that we did not have before. Thank you for being such a blessings.

Happy Father's Day.

Building update

When we originally purchased our ministry building here in Colorado many people were having trouble selling as our housing market was experiencing severe trouble, including the seller of our building. As a result of this for years he had not properly maintained the quality of the building or invested in upgrades in the area of windows, paint, carpet, phone system, parking lot, landscape and many smaller areas.

Before and after moving into the building we put in a lot of work along with the help of many people in bringing the quality of the building to where it is today. It's really a beautiful building with a wonderful appearance inside and outside. We waited on upgrading areas of the windows, phone system and landscape because our focus was on paying off the building and saving the ministry thousands of dollars in interest, which by God's blessings was accomplished within 5 years.

As the winter weather here in Colorado is ending, we are now beginning to focus on window replacements, some minor landscaping and eventually replacement of our phone system which we have been having difficulty with and is so old that parts for repair are no longer produced. Anyone who would like to give unto these areas can give into our general fund for these different projects. We estimate the new phone system at around \$10,000 dollars with window replacements at around \$30,000 dollars. As the funds are available, we will go ahead and begin to replace more and more of the windows beginning with the most important windows until all the work is accomplished.

Lisa and I, are very grateful to you our friends and partners of this ministry as together we are seeing lives changed. We believe that our partners are greatly prospering spirit, soul and body as you experience increase in the seed you have sown multiplying and increase in the fruits of your righteousness. God's richest blessings in Christ are already yours. Believe and establish this truth in your heart and have an open heart to receive all that God has given you in Christ Jesus.

Testimony

Your teaching yesterday was so good. I'm looking forward to reading your book and get more revelation. We bless you and your wife. You both are an awesome testimony of God's love, grace and power.

As we were on the way back to Colorado after ministering here in the several States a lady shared with me her testimony of healing after reading my book on "How to Receive healing from God."

She told me that she was diagnosed by a doctor with a serous problem with her heart and only given about a year to live. The doctor told her that there was an operation needed but there was no guarantee that she would even live through the operation.

As she read my book the Holy Spirit opened so many truths to her that ministered directly to her in her situation opening her heart in believing God instead of the problem.

She said that she and her husband had moved to another part of the US and had searched out a qualified doctor to arrange an operation. In the process of the doctor re-examining her and looking over the previous information from the original doctor she came back and told her that not only did she not need an operation, but she no longer had a physical problem with her heart at all. Praise God!

How to Receive Healing from God \$20 Item B001

This book is about receiving the life of Christ into our physical bodies. It's about receiving healing! There are many different areas in which we can receive from God; for example, relationships, finances, health for our bodies, and, most important of all, salvation. You receive from God in each of these areas in a different way. You don't receive help for finances in the same way you do for healing. Each involves a particular way to receive from God.

So how does it actually work? How do you receive the manifestations? How do you receive healing in your body?

That's the theme of this book. Reading it and allowing the Holy Spirit to establish truth in your heart will teach you how to receive healing for yourself, and help equip you to minister healing to others.

Issues of the Heart \$28 Item 4015

The issues of our heart that are formed from judgments is what allows our problems to have power over us. A judgment is when we go beyond the facts of the problem. In the imagination of our heart, we begin to establish deep beliefs contrary to the truth of God's Word, but are truth to us. Unbelief is always about us and the relationship we establish with life's problems. Jesus said to "take no thought" as taking thought is part of the process of empowering life's problems.

It was for living in freedom as a way of life that Jesus set us free. I believe this teaching will help people with deep hurts within their heart be made whole. People who it seems have problems that have power over them can live free and learn a new way of relating to life in Christ that will enable them to walk in freedom. Once you experience this, I believe you will never want to go back, as you will love the ways of life in Christ!

Setting Captives Free \$28 Item 4014

Life experiences can have a devastating effect upon the heart which in turn can hinder our ability to fully trust God. After hearing a wonderful message on God's love and the promises of God, a lady asked, "I want to trust God, but how do I get over terrible things I have gone through in life to be able to trust God again?" This teaching is for those who feel that they never change. They want to experience God's goodness in the land of the living, but the promises of God always seem elusive. Life for them is always a struggle under the weight of the issues of life, with problems always having power over them.

This teaching is also for those who have a desire to minister effectively to Christians who always seem to stay in their problems and never change.

The Father's Love \$21 Item 2007

This teaching is available to download for free on our website www.clpmi.org.

The condition of our own heart can blind us to the fullness of the Father's love. Coming to the end of self is important, but it does not bring a complete change of heart. It is only the beginning of change. This teaching will reveal the heart of two brothers, who each, in their own way, were full of themselves, but neither fully knew the heart of their own father. His heart towards them never changed, it was always a heart of unconditional love. Because of the condition of our own heart, we can be blind to the fullness of the Father's love, especially when there are strong judgments from the beliefs within your heart. It is one thing to know that God is love, even as it says in 1 John 4:8, that He is love. It is another thing to know in an experiential way, as revealed by the Holy Spirit, our Father's heart of love, as described in Luke 15:17-24. Jesus' parable of the lost son reveals the Father's true heart: "But when he was still a great way off, his father saw him and had compassion, and ran and fell on his neck and kissed him ... But the father said to his servants, 'Bring out the best robe and put it on him, and put a ring on his hand and sandals on his feet. And bring the fatted calf here and kill it, and let us eat and be merry; for this my son was dead and is alive again; he was lost and is found.' And they began to be merry."
