See how very  
much our Father  
loves us, for  
he calls us his  
children, and that  
is what we are!

1 John 3:1 NLT

Happy Fathers  
Day!

Dear Partners and Friends,

## Overseas Ministry

Our time of ministry in the United Kingdom began in the month of April and went into May, lasting one day short of a full month.

We first ministered at a Healing Is Here Conference in Scotland, held at Charis Bible College Dumfries. Because it was located at the Bible college, the attendance included the students themselves along with many visitors from around Scotland and England as well as European countries. That following Sunday morning, we ministered in a local church, where some of the people from the conference also attended.

Our first two days of ministry in England were at Charis Bible College Walsall, located in the West Midlands, ministering to the full-time day students. The next two days was another Healing Is Here Conference, with meetings during the day and in the evening. We taught and then ministered to attendees individually. As with Scotland, people came from many nations, as the UK is one of the first countries to open from restrictions and allow these types of meetings and give people the freedom to travel. In fact, after being locked down for so long—much longer than the US—people immediately began planning trips all over the UK, showing that they were ready to enjoy the outdoors and fellowship with other believers.

In these meetings, there were reports of several healings from the effects of autism, including one that was recorded on video at a previous time of ministry over two years ago, before the lockdowns took place. Also, at both the previous conference and this one in Walsall, as well as at churches, people came up to me and shared about their healings from previous meetings. Throughout all the meetings, so many wonderful times happen that it is not possible to remember it all, so it is a blessing when people come back with testimonies of the goodness of the Lord.

That weekend, we again had an excellent time ministering to another group of students from the Walsall Bible college that meet on the weekends, and by late Saturday afternoon, we were traveling to another church over on the east coast of England. We had a Sunday morning meeting there with pastor friends we have known for years. We met in the new church building that was a wonderful blessing from the Lord for them.

The following week, we engaged in a time of ministry with minister friends who were instrumental in helping us for years in our European outreach.

As we left the east coast of England on our way south, we connected with pastor friends of ours for another time of ministry. They shared with us marvelous testimonies from over the years of all that the Lord was accomplishing through their ministry.

We arrived in southwest England for the Healing Is Here Conference in Exeter. We were told that certain attendees were scheduled for the first night only, coming just to that first meeting. But that first night had such an impact on the hearts of the people, we were told that unscheduled people attended the next full day of ministry, returning from the previous night. Come the next day, the room was packed out; they were filling seats and making room for more people to have seating. The venue was located just on the outskirts of town, in a country setting that was very peaceful. During the breaks between sessions, people were able to enjoy the beautiful countryside with sunshine—which, for England, is a blessing to cherish.

During the month we were in the UK ministering, we drove over 3,000 miles. Compared to the US, it is a much different type of driving, with so many small, winding roads there that require constant decision making in one's driving. For the English, after driving for a few hours, it is normal to stop for a time of rest. As I am writing this, we are now traveling and ministering here in the US, and we just drove eight-and-a-half hours without a rest stop, as the driving here is a far more relaxing type of driving.

In all the ministry that took place at all the conferences, people were saved, healed, set free from bondages, and baptized in the Holy Spirit, in addition to other areas of personal ministry. Below, we have shared a few of the testimonies, to give some insight as to what was experienced.

So much took place in our time in the UK that it is difficult to remember and record it all without almost writing a book.

To our partners and friends of the ministry, thank you for supporting us, as I believe the rewards will follow us all into heaven. You receive rewards for things that you were not physically there for but were spiritually there for, as lives were changed for Jesus.

## Overseas Ministry Testimonies

### **Scotland Church:**

*Pastor who was blessed by the message commented that we were always welcome to come and minister in his church.*

### **England Church:**

Thank you for a wonderful time! We are hearing good reports from your ministry on Sunday, from those present and our online viewers.

### **Scotland Conference & College:**

Hi, Cecil & Lisa! Good morning from Dumfries!

Khandu has come into college this morning to tell us that she is pain-free after ministry from Cecil at the weekend.

She had been experiencing difficulties since 2015 but, even before that, had a disc out of place.

She was suffering from a frozen shoulder and would wake up with pain and not be able to lift her arms or tie her apron at the back, but these last three days, she has woken up pain-free and has full mobility.

She knows she is healed! Praise God!

She was on the waiting list for an operation but told God she would rather trust Him, so she cancelled the operation and has been seeking God for healing.

Last week her shoulder had gone into spasm and the pain in her back was so bad that her breathing was affected, but she kept standing and moving forward.

She noted that Cecil prayed with compassion but with anger at the sickness, and has taken on that understanding.

She also received ministry over food allergies and says that the fear of eating has gone. She is not checking ingredients when she is out.

So, a wonderful testimony we are rejoicing over.

Blessings abound!

#### **Healing Is Here Conference in Dumfries:**

I attended Friday evening and went forward to be prayed for and to have the laying on of hands. Praise Jesus, I am healed! I feel well and full of God's love and peace. Jesus gave me my life back; He healed me of pancreatic cancer, I know. And Saturday morning, as I was just waking up [and] still half asleep, I heard a voice in my head saying, "It is done." I felt so full of love and joy! Praise God. Hallelujah!

Praise the Lord!

#### **Healing Is Here Conference in Dumfries:**

My family did attend your Dumfries meeting. Cecil was very humble and prayed on our son, and here is a testimony we want to share: since then, my son has not been hyperactive at all, and for the very first time, we went one whole day, around 5 hours shopping and to the park, and my son was very calm, without having a single meltdown. Praise and glory be to God.

Thanks,  
Titus

#### **US Testimony**

Hi, Cecil and Lisa,

I was waiting for the official doctor report until I wrote to you.

As you know, Will and I were hospitalized with

COVID-19 back in December 2021. The doctor's report was that our lungs were completely destroyed by COVID and there was nothing that could be done. Cecil, you prayed for us over the phone, and you came to the hospital, prayed for us, and gave us your book on healing, for which we are so grateful!

On May 11, my medical care provider gave me the report from an x-ray of my lungs taken about a month prior. The report said my lungs were clear except for a small portion in the top part. However, after listening to the top portion of my lungs through a stethoscope that day, she said they sounded good, and she could hear nothing that concerned her! I feel great, have energy, can work inside and out with only the usual tiredness, and no longer need oxygen supplementation. As for Will, he has recovered significantly, is still on oxygen at night and occasionally during the day, and is gradually working his way off it as well. His doctor also said his lungs and breathing sound good!

We are praising God! He is faithful and consistent to His nature, which is good and only good! Thank you for praying for us and for your faithfulness as well! We love you guys!

Grace and peace,

Cindy

#### **Thank You!**

Lisa and I are very grateful to you, our friends and partners of this ministry, as together we are seeing lives changed. We believe that you, our partners, are greatly prospering—spirit, soul, and body—as you experience increase in the seed you have sown multiplying and increase in the fruits of your righteousness. God's richest blessings in Christ are already yours. Believe and establish this truth in your hearts and have open hearts to receive all that God has given you in Christ Jesus.

Happy Father's Day!

Blessings always,

*Cecil + Lisa*
