

March 29, 2023

The Honorable Assembly Member Reginald Jones-Sawyer, Chair  
 Assembly Public Safety Committee  
 Legislative Office Building  
 1020 N Street, Room 111  
 Sacramento, CA 95814

**RE: AB 28 (As Amended March 23, 2023) – OPPOSE**

Dear Assembly Member Jones-Sawyer:

The undersigned wildlife conservation organizations must strongly oppose AB 28 – legislation which would impose an additional excise tax of 11% on the retail sale of all firearms, firearm parts, and ammunition sold in California. AB 28 would require the revenues to be deposited in the “Gun Violence Prevention, Healing, and Recovery Fund” and used to fund gun violence prevention, education, and research programs.

All of California’s law-abiding citizens benefit from efforts to implement programs which remediate the impacts of illegal gun violence upon our public, and all should equally help to fund their implementation. Yet, AB 28 would unjustifiably place the entire burden of funding efforts to address illegal gun violence on the backs of law-abiding citizens who legally purchase and lawfully use firearms and ammunition.

Additionally, by substantially raising the cost of purchasing a firearm and ammunition in California, AB 28 would disproportionately impact the ability of economically disadvantaged communities and individuals to legally purchase a firearm and ammunition to protect themselves and their loved ones. Further, AB 28 would impede their equitable access to hunting and shooting sports – at a time when the Administration and the Legislature are seeking to increase participation in outdoor recreation and access for all Californians.

Firearms and ammunition are already taxed at the federal level pursuant to the federal Pittman-Robertson Act (PR). But those dollars are allocated back to states to fund beneficial programs – including wildlife habitat projects that benefit game and non-game species. This year alone, the California Department of Fish and Wildlife will be allocated well over \$30 million in federal PR dollars – monies which will fund a substantial portion of our state’s wildlife management, conservation, and research efforts. By doubling the excise tax law-abiding hunters and shooters already pay on all firearms and ammunition, AB 28 would effectively raise the total tax rate on these items to nearly 30% – notably reducing their sales and, in turn, the associated federal PR funding allocated back to California for critical wildlife conservation and management efforts.

All of California's citizens support and benefit from efforts intended to address the negative impact the criminal use of firearms has upon our law-abiding public. Yet, AB 28 would wrongly place the entire burden of funding initiatives intended to mitigate the harms caused by illegal gun violence on a small segment of our law-abiding public. AB 28 would do nothing to reduce criminal use of firearms but would inequitably impact the ability of the disadvantaged communities and economically challenged individuals to protect themselves and their families, and unjustly affect California's lawful hunters, shooters, and our wildlife and their habitats.

For all the above reasons, we urge your strong opposition to AB 28 when the bill comes before your Assembly Public Safety Committee on April 11<sup>th</sup>.

Sincerely,

Ryan Bronson, Director of Government Affairs  
Rocky Mountain Elk Foundation

Don Martin, President  
California Chapter – Wild Sheep Foundation

Lori Jacobs, President  
California Houndsmen for Conservation
