

Magnetic Duck Pond

Materials:

- Paper Plate**
- Construction Paper**
- Duck Images**
- Crayons, Markers, Colored Pencils, or Paint**
- Paper Clips**
- Scissors**
- Glue Stick**
- Tape**
- Magnet**

INSTRUCTIONS

1. Color the center of the plate to look like water.

2. Color and cut construction paper to look like plants. Using a glue stick, glue the paper plants around the edge of the plate.

3. Either using the duck outlines provided or your own duck image, color and cut as many ducks for your pond as desired.

4. On the back of each duck, tape a partially unfolded paperclip.

5. Put your ducks on your pond. Place a magnet underneath the pond and make your ducks move!!
