The Story of The Aspen by Gina Coufal

With their breathtaking beauty and many amazing characteristics, the Aspen Tree tells an essential story for us and our communities. There are many comparisons to be made between the Aspen tree and individuals with developmental disabilities. I invite you to ponder the same and join me in celebrating its symbolism.

“Aspis” is the Greek name for Aspen. It is seen as a tree of HEROES. It means “shield.” The Greeks thought it had magical powers and protective qualities. Its leaves were used in the crowns of heroes. Ironically, Aspens are weak in spots and prone to disease. Their trunks are soft and bend with the wind. Their bark is not strong enough to be used in building. However, due to its light weight it made a shield easy to carry and its silent strength protected the bearer from harm. While possibly the weakest tree in the forest, the Aspen is the last to burn and the first to repopulate and replenish. They are virtually immortal. I believe that those we support are HEROES. Though sometimes perceived as weak, they must continually adapt. Their strength and resilience is simply undeniable.

Aspens also have a life giving PURPOSE. They provide an important source of food and shelter for over 500 species. The bark has a medicinal value, producing an aspirin-like ingredient used in soothing ointments. Some remedies use extracts from of the Aspen to treat fear and apprehension. Working with people with developmental disabilities gives us the opportunity to learn, to grow, to be challenged, to appreciate things differently – and to live with a PURPOSE.

Aspens are a significant symbol for COMMUNITY. You never see just one. They stand in cohesive groves. Their sophisticated root system allows them to be CONNECTED to and support each other. After a forest fire, it’s the Aspen that shoots up new sprouts first and colonizes the burned area, allowing the mighty conifer to grow and one day, overshadow them. People with developmental disabilities stand with their own unique qualities and strengths, although often overshadowed. Ironically it’s through THEIR need and existence, that we have opportunity to give, and grow, and become mighty.

Aspens are healthiest when their own groves are DIVERSE. If all the trees are the same, they are more vulnerable to disease and natural disasters. If a “community” includes people who differ, the Aspen would symbolize the strength of those uniting for a particular cause or purpose. Just like the Aspen, those with developmental disabilities enrich our community and make us stronger.

Those of us lucky enough to live in Colorado can appreciate the beauty of the Aspen tree. Their brilliantly colored leaves are also unique in that their shape allows them to twist from side to side, remaining stable in a strong wind. The most amazing quality is the way they flutter. In their fluttering they make a calm whispering sound, almost difficult to hear. Some say it’s their spirit, or a voice from beyond. Those with developmental disabilities may not always have a voice, figuratively or literally, but they most certainly have something profound to say. And like with the Aspen, if you listen carefully and patiently, the answers to life’s mysteries will be revealed, and you will be changed forever.

You

**were responsible for laughter,
first-time adventures, accomplishment of life long goals, and
heartwarming friendships.**

FRIENDS

**was responsible for giving adults with intellectual and
developmental disabilities the opportunity to live a
meaningful and fulfilling life through our Residential,
Supported Employment, Social & Travel, and Day Programs.**

Together

**we are responsible for the lives of our Friends that are
forever changed.**

Dear Friends and Supporters

We are pleased to share with our community, the FRIENDS 2021 Annual Report. Since our humble beginnings, twenty-four years ago, we have traveled on an amazing journey filled with some of the most heartwarming success stories you can imagine. This past year was no exception.

Our dedicated and caring staff have worked diligently to develop activities that promote learning and self-sufficiency, improve mental and physical health, cultivate social networks and establish natural supports. We celebrated the accomplishment of learning new skills like navigating a computer or cooking a meal; getting a great paying job and spending your earnings to buy a new outfit; taking a vacation for the first time to dip in the ocean; or finally moving into your very own apartment. Through person centered programs our participants have had opportunities to direct their own lives, accomplish their own goals and fulfill their own dreams.

Along the journey we have faced many challenges but have grown and become stronger. Our participants are back together and there is more demand for our programs than we can manage. The last two years have forced all of us to be creative in the way we operate and has emphasized the value of community connectedness. Without support from our families, friends, and neighbors, we could not have weathered the storm. Your generosity has and continues to make it possible for us to carry out our mission work; ensuring our participants are able to live, work, socialize and contribute to the greater community. Your partnership with FRIENDS changes lives, and ultimately enhances the community. The impact of your generosity is unmeasurable!

As we look forward to the next three to five years, our committed staff and passionate Board of Directors will work together on strategic initiatives such as Board and Staff Development, Program Enhancement and Expansion, Supported Affordable Housing, and building a more Inclusive Community. By creating unique and inclusive opportunities for individuals with intellectual and developmental disabilities, they become an integral part of the community where all can recognize their brilliance and embrace their beauty. When we do, we are all better for it.

"We cannot seek achievement for ourselves and forget about progress and prosperity for our community... Our ambitions must be broad enough to include the aspirations and needs of others, for their sakes and for our own." Cesar Chavez

We invite you to join us in celebrating our accomplishments of the past year, and in preparing for the exciting journey ahead.

Respectfully,

Gina Coufal
Founder, CEO, Josh's Mom

Elizabeth Anderson
Board President

Our Mission

Dedicated to enhancing communities by creating opportunities for individuals with intellectual and developmental disabilities through an innovative and person centered approach.

Our Vision

For individuals with intellectual and developmental disabilities, we will ensure they have a voice in the community, and access to person centered supports that promote independence and choice..

For our families, we will serve as a support and informational network, and work cooperatively to ensure life long supports for their loved ones.

For our community, we will promote acceptance and understanding through education, and enhance our community through opportunities for inclusive living.

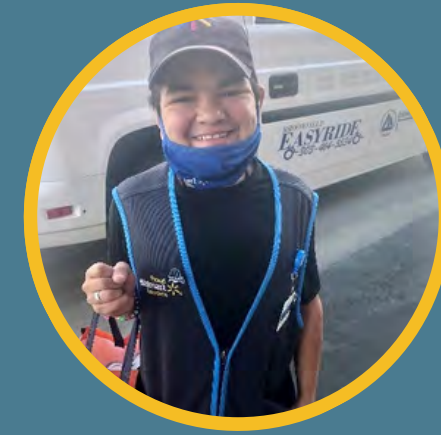

Day Program

FRIENDS Day Program is guided by a person-centered philosophy and is designed to promote community inclusion and independence. We believe that when adults with intellectual and developmental disabilities are given the opportunity and support to participate and contribute to the community, all of our lives are enriched.

Since success will look different to each individual we serve, FRIENDS staff takes the time to learn about a person's needs, interests, and goals. This approach allows our team to provide services that will align with what the person wants for their life.

In 2021 we served 56 participants who received 18,648 hours of Specialized Habilitation and 7235 hours of Supported Community Connections.

Weekly calendars offered 30-40 unique activities fostering social, mental and physical health. 85% of participants maintained or improved skills in areas of communication, exercise, and self care.

Marvin celebrated his one year anniversary at Walmart. He mainly works the front doors greeting customers and sanitizing carts, but has worked in other departments as well. Marvin excels in providing customer service, greeting each customer that comes in with a warm welcome. "I Love my job and I have so many friends there. I can clock in on my own."

"Marvin loves meeting new people and being a greeter is the perfect job for him. He always has a smile on his face. He has earned enough money to travel to Disney World twice!"
- Marvin's Host Home Provider

Supported Employment

Work is an important part of life. The benefits from work include financial independence and security, increased self-confidence, personal growth, skill development, and a more fulfilling social life.

FRIENDS uses a person-centered career planning model that takes into account personal preferences, strengths, goals and dreams. Participants do not have to tackle job exploration all on their own. FRIENDS staff will assist in the employment search and the development of their desired career.

In 2021 we served 45 individuals. Six were in the job prep and development stage and 39 were actively employed. FRIENDS partnered with over 25 businesses in the community who paid higher than minimum wage. About 23% of Friends employees have been on the job more than two years and some as long as 13 years.

"Grace would not be who she is today without Friends. She is engaged and participates and has increased her social skills. She learns something new each day. Grace was losing skills before she joined Friends.

She made friends and started learning Spanish with other participants with FRIENDS. She even took a healthy cooking class through FRIENDS on Zoom. She had something to look forward to each day."

- Jeanine, mother of Grace, a participant in FRIENDS' Day and Social Program

Social and Travel

FRIENDS offered a menu of fun community activities several times a month through Women's, Men's and FRIENDS Nights Out. Participants also enjoyed Fun With FRIENDS Day Trips. In 2021 FRIENDS offered 14 trips across Colorado and the United States. Friends visited places like Nashville, Memphis, Disney World, Las Vegas, Glenwood Springs and Breckenridge to name a few. Travel included transportation, lodging, activities, food and trained, vetted chaperones. For many participants, this is the first time taking a vacation without their families. They are experiencing exciting destinations with their peers, and doing activities they never thought possible, like skiing, camping, boating, and horseback riding.

"FRIENDS has really great people on staff, great friends who also participate, and great activities. FRIENDS makes my life more interesting and fun. I have learned a lot from my helpers." - John, a participant in FRIENDS' Supported Employment, Residential, and Social Programs

John's family has reported that with the help of FRIENDS he "functions nicely in his own apartment with the support of caring, respectful, and fun staff who help him cook, shop, clean, take walks, play board games, and hang out.

"Christmas came early for me this year! I finally got to put my feet in the ocean!"

An 80 year old FRIENDS Travel Program participant was excited to go on a vacation to Hawaii for the first time. It had been a life long dream of hers to go to the coast and put her feet in the ocean. With the help of her chaperones, she was able to enjoy the sunshine, feel the sand on her feet and dip her toes in the water. She can now check that off her bucket list!

Independent Living

We believe that every person, regardless of their abilities, has the right to be fully included in their community and to live the life they choose.

Through our residential models we served 32 individuals who received support while living with family caregivers, living with host home providers, or living on their own.

FRIENDS staff provided services such as mentorship, personal care, household maintenance, transportation and support making community connections.

We are proud to say we worked with community partners to obtain truly affordable apartments for three of our participants who's desire it was to move out on their own.

The IDD Housing Task Force, formed in 2021, will continue to explore and develop options for affordable, independent living in the community.

Volunteers

We are so grateful for all the amazing individuals that volunteered with us in 2021!

Throughout the year we had 92 friends give over 2,300 volunteer hours as they assisted with programs, facility maintenance, and fundraising.

We would like to give a special thank you to the 20 PIMA Occupational Therapy Students that worked with our Day Program participants for their field work.

Volunteer of the Year

Keely Burnside

"Some say that there is no such thing as a selfless good deed. I don't

know if that is true or not, but helping out at FRIENDS for me is definitely a selfish act. I absolutely LOVE volunteering at FRIENDS and I absolutely get more out of it than I give. I get to hang out with the best, most fun people around, and for some reason, they seem to like hanging out with me too! I always leave with a full heart and an eagerness to see my Friends again soon."

2021 Superlative Awards

Annie Green - The Mastermind
Organizer, problem solver, process builder, enforcer, the glue

Isaac Martin - Outstanding Contribution
Dependability, takes initiative, goes the extra mile, excellence on the job

Josiah Keenan - Extraordinary Act
Did something out of the ordinary, went above and beyond for participants or staff.

Jamie Howard - Excellence in Leadership
Exemplifies professionalism, knowledge, ethics, respect and honesty

Patricia Stidoms - Heart of the Team
A team player, willingness to do whatever is needed, inspires others and improves morale

Rabin Walters - Heart of FRIENDS
Passionate about the participants, wants to see them succeed, promotes the mission of FRIENDS, wants to have an impact on others and change the world

Girl FRIENDS

On National Girlfriends Day, twelve of our own powerful, beautiful women got to strut their stuff for over one hundred guests at the Flatirons Mall. As the audience enjoyed an exquisite brunch, they were captivated by our fantastic models. We raised over \$15,500 with style and elegance.

Girl FRIENDS Luncheon & Fashion Show

August 1st

FRIENDSgiving

November

During the entire month of November we teamed up with the community to run FRIENDSgiving. Fourteen separate campaigns were coordinated by some of our benevolent peers. In addition to that, we were extraordinarily grateful for the \$10,000 match contributed by the Spallone Family Fund which allowed us to raise over \$29,000.

April 18th

FRIENDS 2nd Annual TopGolf Tournament

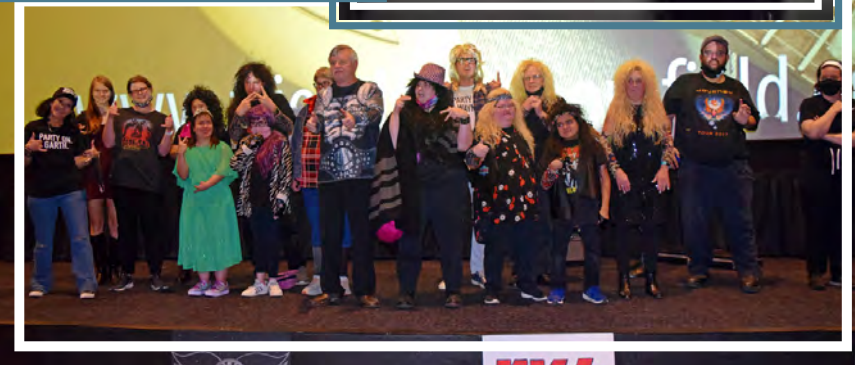

Over one hundred golfers joined us to enjoy a day full of competition, fun, and friends. Players got to put their skills to the test and together, we raised over \$26,000 for FRIENDS Supportive Employment Program. We would like to especially thank A-1 Chipseal Co. and Centerpoint Insurance Group for sponsoring the participation of 8 Friends in the Tournament.

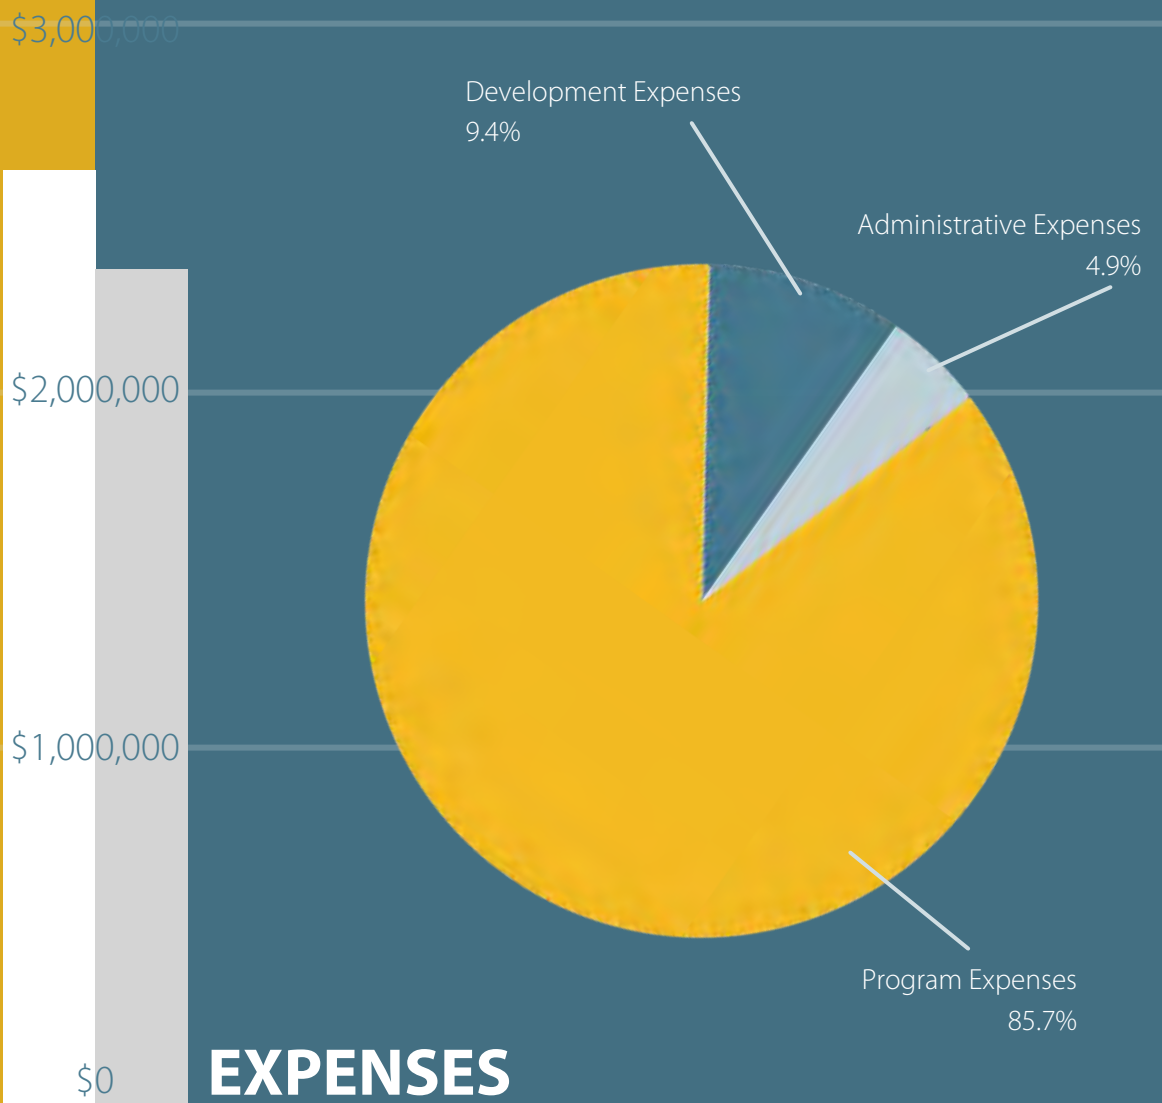

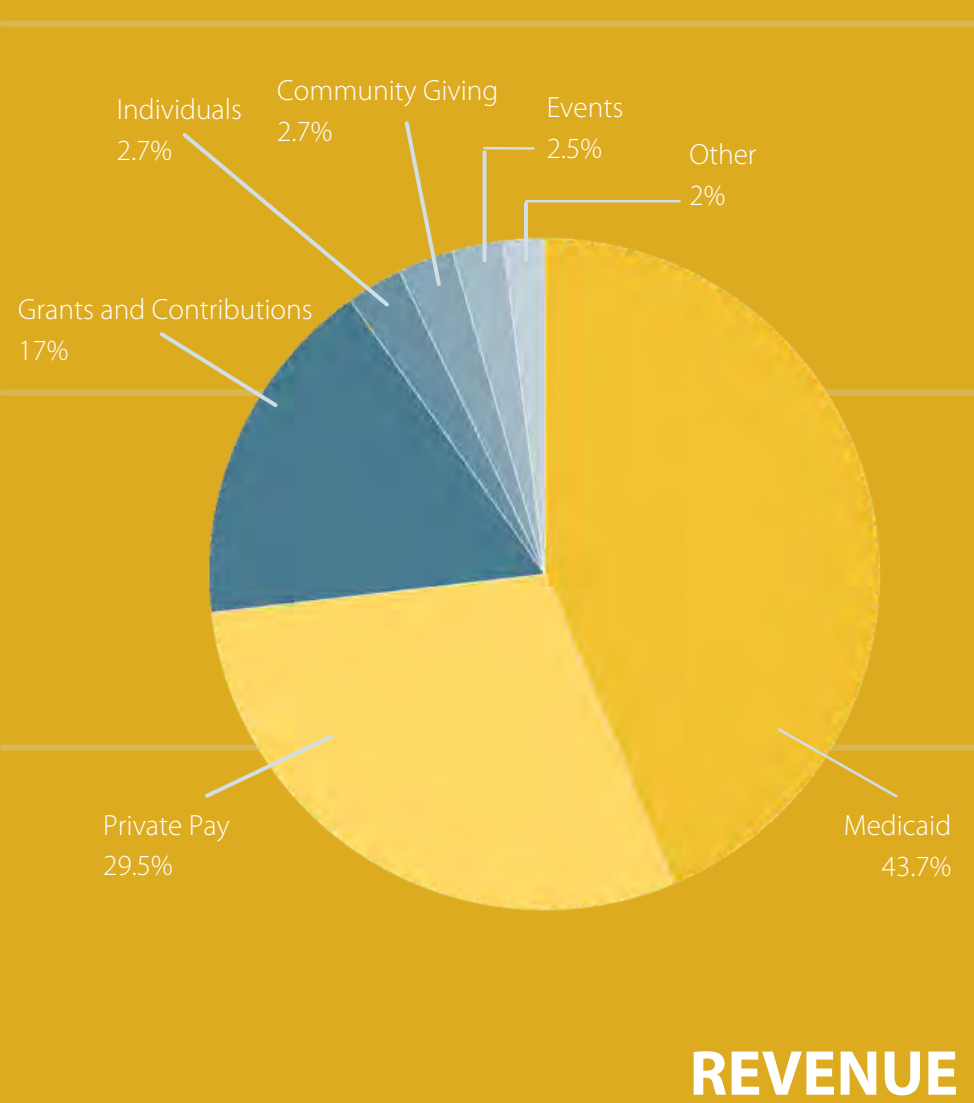

October 17th

FRIENDS Rocks Variety Show

We brought the house down with our rocking show. A crowd upwards of one hundred and seventy people filled a theater at the Alamo Draft House to watch over twenty sensational performances. The fan favorite was Grace and Jenny's phenomenal rendition of Don't Stop Believing, which was awarded Best Performance. All of us rockers united and were proud to raise over \$14,000.

in 2021... TOTAL REVENUE was \$2,597,457

73 % of our total revenue was generated from our Day, Employment and Residential Program Revenue as a reimbursed 'fees for service' through Medicaid. Social and Travel Programs generate revenue through private pay fees for activities.

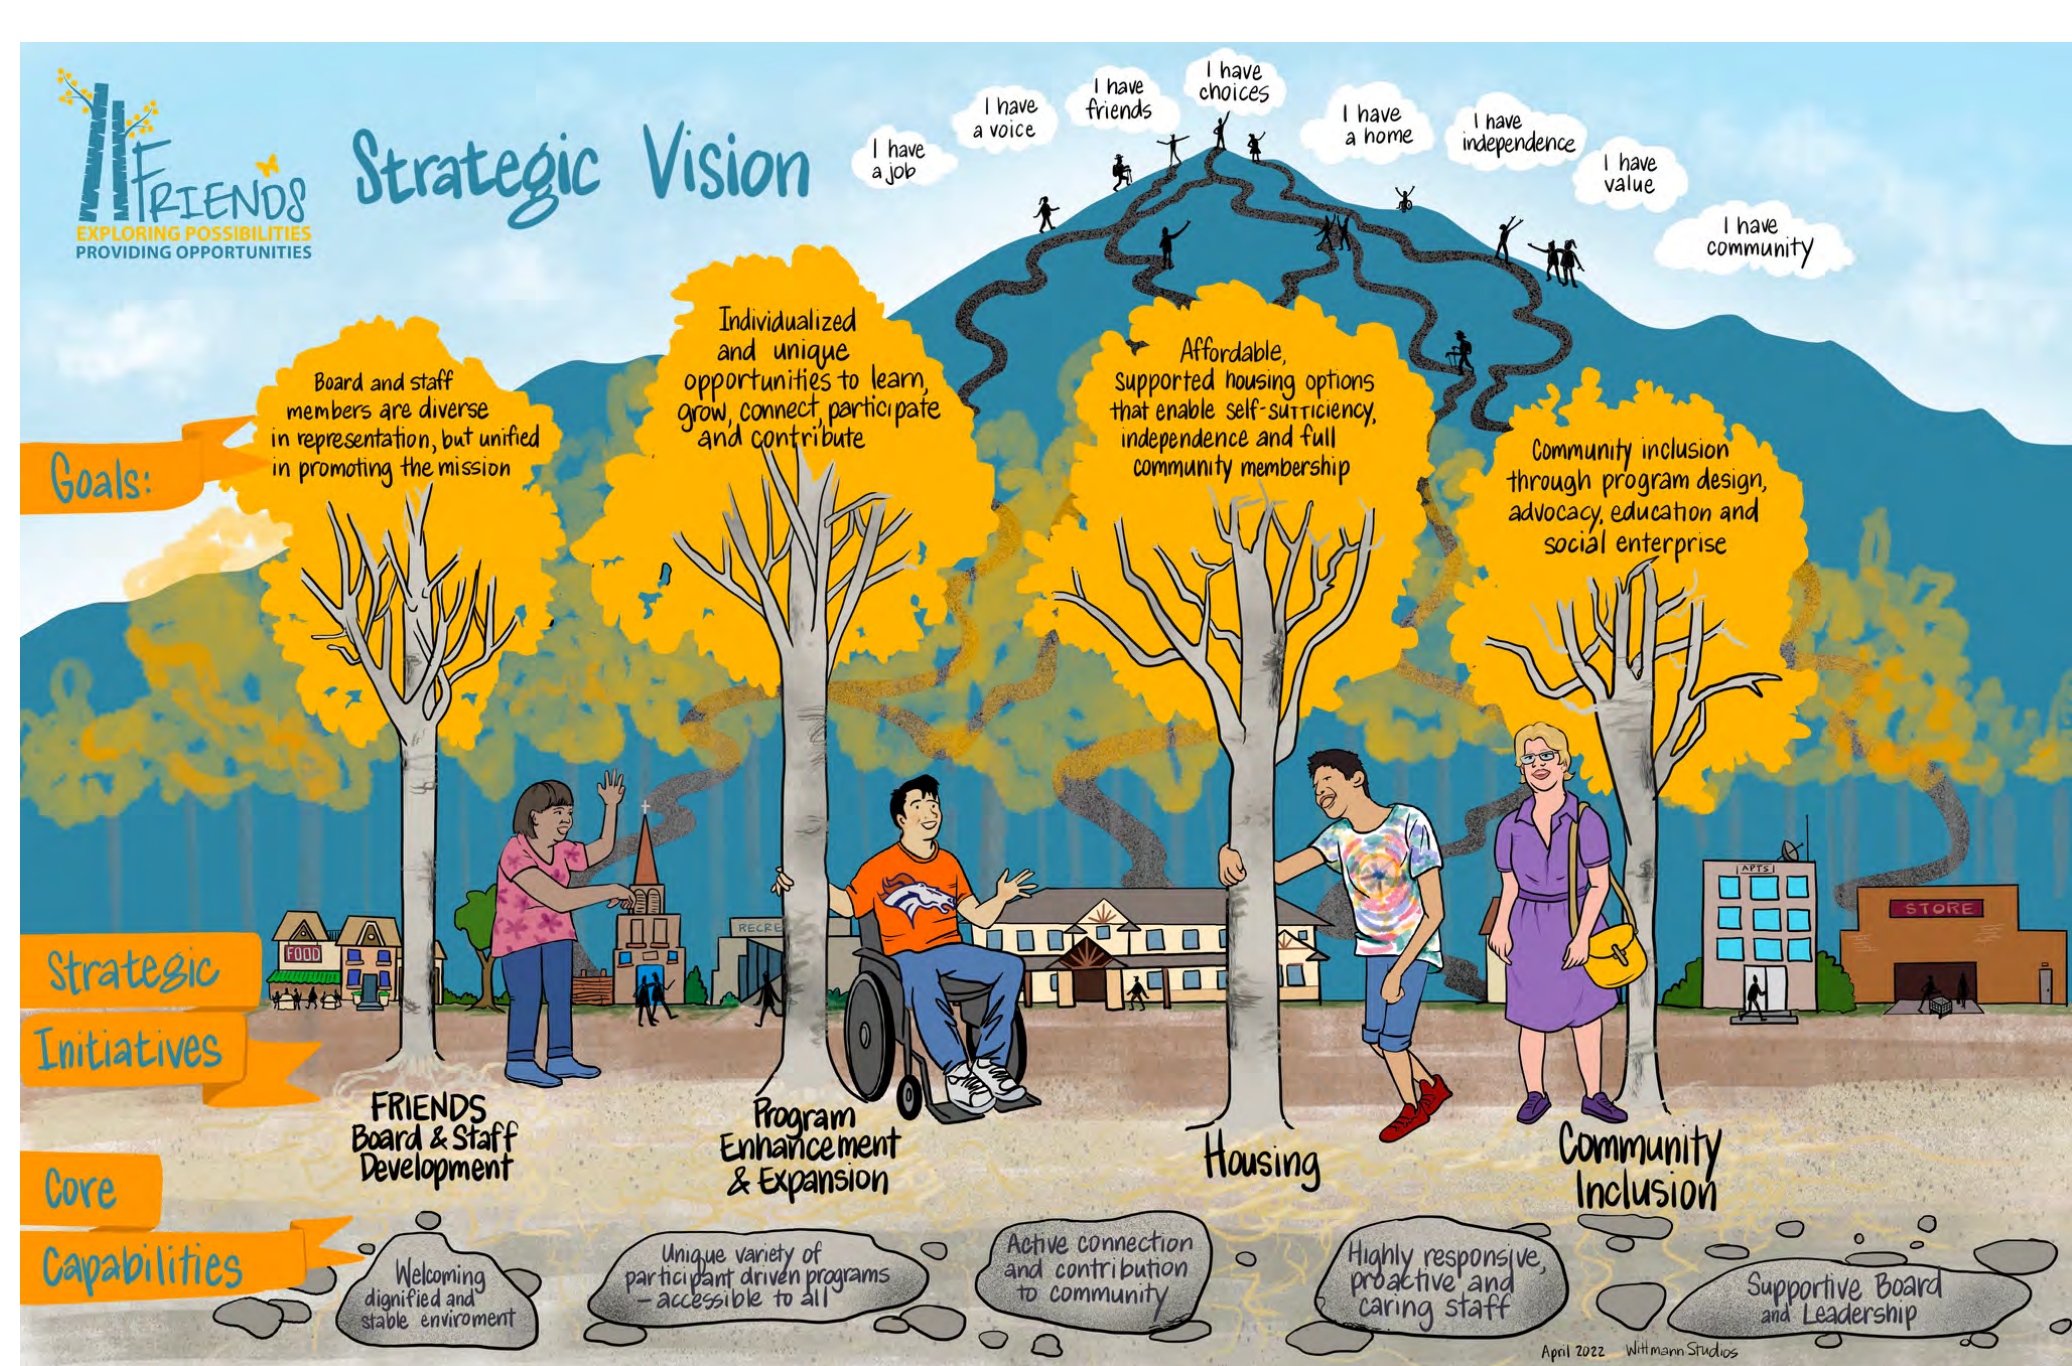

The remaining 27 % of this was produced by our fundraising efforts. Revenue was received through Major Gifts, Events, Grants and Individual Giving.

TOTAL EXPENSE was \$2,323,667

86 % of our total expenses went towards all Program expenses. These expenses included equipment, supplies, support, activity fees and transportation.

9 % funded all Fund Development expenses. The remaining 5% supported our Administrative Expenses.

Assets and Liabilities Total \$4,187,222.

In August 2021, FRIENDS began an organizational planning process to identify its strategic initiatives for the next three to five years. FRIENDS Staff, Board, Participants, Families and Community Stakeholders engaged in discussions identifying our Core Capabilities, Focus Areas, Goals, and Ultimate Outcomes for our participants. Above is an illustration of our VISION, depicting our journey to realizing a community where all individuals are able to achieve their dreams and live their best lives.

Social Programs

Through various activities and environments FRIENDS enables adults with developmental disabilities to acquire skills such as: socialization, appropriate behavior, independence and choice. FRIENDS has a number of programs which achieve these goals:

Night Out Schedule

- Women's Night Out: 2nd Thursday of Every Month
- Men's Night Out: 2nd Thursday of Every Month

FRIENDS Night Out: 4th Thursday of Every Month

Fun With FRIENDS Day Trips Monthly Weekends

Volunteer Opportunities

Day Program

Enrolled participants arrive at the FRIENDS facility anticipating an active day consisting of scheduled recreational, educational or cultural activities. Participants have choice in their classes based on their goals and interests. Most occur in the community and are modified to accommodate the participant's needs. We are always busy, and love being out in the fresh air as often as possible.

Day Program Schedule:

- 10:00am – 3:00pm
- Morning Activity 10am – 12 pm
- Afternoon Activity 1pm – 3pm

Fundraiser Events

Volunteers are needed to chair the events, serve on the event(s) committee which actually coordinates the event, and assist the day of the event.

FRIENDS hosts three events each year, in April, August and October.

Whether you give an hour a week or many hours for an event, your support is needed and appreciated!
