### Scholarship essay for CCNW

Hello, my name is Geidi Ramos Garcia, my educational goals are to become and work in a field that is related to criminal justice somewhere along the lines of maybe becoming a police officer or detective. I have always dreamed since I was young to work in a field that helps the community live in a safe environment and from any danger that may occur. In school I have always found very interesting to learn new things everyday of what I would like to become one day in the future. In addition, my other education goals are to have acceptable and favorable grades in college. In contribution, I have always been the type of student who has always liked to turn in work ahead or before the due date that the professor has assigned in class. Another major part of my educational goals is to learn and improve skills that I may need and encounter in life. Furthermore, another of my goals is to improve my public speaking skills and develop leadership skills to gain more knowledge and experience. And finally, my last goal is to complete my four years of college to obtain my bachelor's degree. And hopefully get the chance to go further into my education and go into graduate school to get my master's degree as well.

On the other hand, this scholarship will help me overcome any obstacle because it will help me continue my education path for now and in the near future to up come. Not only that but with this scholarship will also help me to pay for books that I will need for certain classes or for my upcoming tuition that I will need to pay to start another semester.

The most important activities that I have been involved has been that I have been involved in the past is in Marti martial arts academy for karate and I am currently involved in boxing now at the same place. I have also been involved at Northern Westchester of Community Center for many years, and I have done outstanding hours with the community center in the past before. I have help with organizing and help hand out school supplies, I have helped in the boutique section of the center and the donation area as well. In addition, I have also helped in the summer when kids go to summer camp and are send out with supplies and parents come to the reunion to know more information about what will happen and the procedures before they send out their kids away for summer camp. I have also helped in small reunions or events in translating anything that needs to be translated from English to Spanish. Moving on forward, another important activity that I do is that I do dog sitting for one of my neighbors, and I also do dog sitting for another person nearby for a couple of months now.

Dear Dowling Scholarship Committee:

I am writing to fully support Geidi Ramos Garcia's application for the Dowling Educational Scholarship. I have known Geidi during 2 different courses (Introduction to Criminal Justice and currently Juvenile Justice). In both instances she has consistently been a strong student who is dedicated, submits good work on a timely manner, and attends class regularly.

In the current course on Juvenile Justice, Geidi will take 4 exams and have the opportunity to write a paper based on library research that will compare two major US Gangs regarding the history of their origins and practices. I am supporting her with this letter hoping she will have the ability to dedicate as much of her time as possible to her studies, not only for my course but the others she is taking as well. Geidi is committed to completing her BS in Criminal Justice and steadily moving forward toward that goal. I expect that she will move on to a career in criminal justice with the same steadfastness upon graduation.

I am glad to answer any questions I can that may help in the evaluation of Geidi's application for a Dowling Education Scholarship. Feel free to contact me at 914-674-7454 or via email [mcuadrado1@mercy.edu](mailto:mcuadrado1@mercy.edu)

Sincerely,

*Mary Cuadrado*

Dear Scholarship Committee:

This is written in recommendation of Geidi Ramos Garcia for your Dowling Educational Scholarship. There is no one more deserving than Geidi.

I have known Geidi Ramos Garcia for about 6 months. I met her through a community on-line site known as Next Door where she advertised for work as a dog walker and sitter. I first communicated with her through this site, whereby she immediately impressed me as articulate, intelligent and responsible, even just in writing. Upon meeting her and hiring her to watch our 4 dogs and getting to know her these past several months, my first impression proved to be more than correct. Geidi is an outstanding young woman!

Geidi is mature well beyond her young age of 19. She is poised, confident, well mannered, trustworthy and always eager to work. She listens well and understands the tasks presented to her, but if she has a question, she is not afraid to ask. She responds promptly to my texts and phone calls, and her answers are always direct and on point. My husband and I have had no hesitation in leaving our 4 beloved dogs in her care, and they all love her and get excited when she comes to our home, which is a true testament to her character. We also trust her to be alone in our home while feeding and watching our dogs and to lock up when she leaves before we get home. Geidi's work with our 4 dogs has been so exceptional that we have also hired her to help us with outside errands, as well as chores in our home, such as organizing our pantry and closets and preparing for a big party.

Geidi reminds me so much of myself. I grew up with very little and knew at a young age that "knowledge is power" and that I needed to work to pay for my education, get good grades and seek scholarships and loans to assist with my tuition. Knowing what it takes to succeed and ultimately become a lawyer not coming from privilege or a family of lawyers or professionals, I admire Geidi's drive to better her life, her commitment to education, her perseverance under pressure, and her eagerness to work while going to school. Her characteristics augur well for success as a student and in all her future endeavors in life.

I am honored to know Geidi Ramos Garcia and so proud of her accomplishments to date. Our future looks bright with young people like her in our world! I hope that you will award her your scholarship so that she may continue to pursue her dreams that include a college education. I promise you that you will not regret it, and she will prove to be most worthy.

Thank you for considering my recommendation. If you have any questions, please do not hesitate to contact me. My email address is [lucillebarbato@yahoo.com](mailto:lucillebarbato@yahoo.com) and my cell phone number is 917-533-6869.

Sincerely yours,

Hello I am writing this letter to inform you all that I currently don't have my 2024 fall grades from college as I had a problem not in school but on their end where something was wrong with the system and my grades look like they have no grade even though I did attend classes in the fall for the 2024 year but it seems that it doesn't appear on my end and I was having a problem where I wasn't able to see my grades clearly. I hope this doesn't affect me not getting the chance to get this scholarship as it will help me a lot with this upcoming semesters and books that I still may need to buy for classes.
