Dowling Educational Scholarship

February 14, 2026

A Comeback

“I want to be everything and anything when I grow up” This mindset actually left me stuck in a labyrinth of my own personal goals shortly after graduating high school. In school, I would envy my classmates for knowing exactly what they wanted to be when they graduated, some wanted to be teachers, others lawyers, and most professional athletes. However, when it came to me, and was asked, *“what are your educational goals?”* I would have a challenging time coming up with a response. Which is ironic because in High School I seemed to have everything figured out, I was involved in many extracurricular activities and clubs, like national honor society, new visions health, varsity girls swim team, and volunteered at a hospital. Multitasking was my superpower. I even handled working as an American Red Cross Lifeguard and swim instructor after school, during senior year. This consistency and being an absolute academic weapon led me to graduating with honors and having a seal of biliteracy stamp on my diploma, for taking a college level course for multilingual studies.

One day when speaking to my guidance counselor, we came up with a plan of action for my future, because we were both fed up with my unsureness. We created a list of skills and similar patterns from the clubs and activities I participated in, that I most enjoyed doing. I noticed I enjoyed volunteering at a hospital because I would spend my time with the registered nurses helping them around serving patients their food, cleaning, or even translating for those

that spoke Spanish. Also, working as a lifeguard gave me my CPR/ First Aid certification, which is a good insight into the medical field. Coming down to the decision that I want to one day become a registered nurse too, because caring for others and being medically skilled is what makes me happy. But even though I had a part-time job and participated in clubs, money was still tight and most of the other scholarships granted couldn't cover a year's tuition for nursing school. Not to mention the guilty feeling of having my parents cover tuition, haunted me because coming from an immigrant family, I knew about the lengths and sacrifices my parents had to make when coming to the United States. I wanted to work hard and have enough to pay for my tuition and make their dream come true of one day seeing me independent with a professional job. Thankfully, I have very patient and hard working parents, who are willing to guide me to my fullest potential. Also, growing up gaining support from the community center of Katonah by receiving food and clothes over the years, helped my family and I in every possible way which I will be forever grateful for.

Applying to the Dowling educational scholarship and receiving a grant is my hope of finally being able to cover for nursing school. Achieving this goal I can finally start to pursue studying to become a registered nurse. And with all my hardships and other opportunities I know I have potential of being a great nurse one day. Not to mention, I am aware of the importance of this scholarship and how it can give you a boost into achieving your career path. I make a promise to myself and the Dowling Educational Scholarship committee of not taking this opportunity for granted, to keep working hard, enroll in school, and make a comeback of being sure of exactly what I want to achieve.

Jobs

American Red Cross Lifeguard - Ossining Community Center

August 2024- June 2025

I am a lifeguard for an Indoor pool in the town of Ossining and I also teach swim lessons for kids ages 4-10. As a swim instructor I prepare them to move up to the different levels as they become more skilled swimmers. Space is currently under reconstruction.

Summer Camp Counselor + Lifeguard

Every summer since 2022

During school break I work at a sleep away camp in the state of Maine. The Summer Camp is a nonprofit organization for children and as a counselor we go on hikes and canoe at different lakes, I also lifeguard during the trips and am CPR certified.

Dollar Tree - Associate

Currently working at dollar tree saving up money for school to enroll at community college and study nursing. At Dollar Tree I work as a cashier and also stock. I applied at this job for retail experience, close to home, and because my other lifeguard jobs were seasonal (part-time) and so I was looking for something full time until then.

EDUCATION

Ossining High School - High School Diploma

Graduation Date - June 2025

I attended Ossining High School throughout my four years of high school and I also participated in an all girls varsity swimming sport throughout my academic year.

Letter of Recommendation for Brianna Carchipulla

Brianna and her family have been actively involved in the St. Ann's Community for years. She began volunteering with their Religious Education program in middle school as part of her Confirmation journey, and she's been a dedicated volunteer ever since. As a long-term volunteer, Brianna has chosen to mentor our most challenging age group—middle school students. She's successfully guided groups through the sacramental preparation process leading up to Confirmation. Her responsibilities include scheduled instruction, lesson planning, attendance tracking, evaluation, and assessment. Brianna also steps in when needed, covering as a substitute and lending a hand at special events.

Brianna is a bright and compassionate young woman who brings passion and dedication to everything she does. She's proven herself to be reliable and committed to her responsibilities. Brianna is a role model who successfully juggles the demands of work, school, and volunteering.

Brianna's skill set and dedicated work ethic make her an excellent candidate to successfully work in the health care field.

Please contact me if you need any other information.

Sincerely,
