The Dowling Educational Scholarship Essay
By: Kimberly Huanga

My educational goals are to attend college and study Business with a focus in Marketing. After completing my undergraduate degree, I plan to gain experience by working in a small business. This experience will either prepare me to start my own business or lead me to pursue a graduate degree for further studies in the field.

This scholarship will help me overcome any obstacles toward achieving these goals because many good schools offer undergraduate and graduate degrees. But tuition costs can be quite high, especially in private schools. Any amount I receive from this scholarship will help. I want to pursue higher education to strengthen my knowledge in my major. It will assist me in pursuing my undergraduate degree and reduce some of the financial burdens I face. This scholarship can help in paying for dorming if I commit to a far-away school. But if I commit to a closer school then the money will be used for tuition and buying books and other supplies if needed. While I am applying for more scholarships and financial aid I know that this scholarship will help me to pay for a lot of expenses in my first year. The first year is tough and the transition to college is hard. I know that the financial help will help in my first year.

This scholarship will help me before I'm able to find a job because money doesn't last forever and this scholarship will help me before I'm able to find a job. Scholarships are important and are overlooked in finding money for college. I know that this scholarship will help me overcome financial problems and help pay for my tuition or dorming.

To whom it may concern,

As a second-year school counselor, I have the privilege of knowing some amazing students at Ossining High School. One of those students is Kimberly Huanga. She is bright, kind, intelligent, determined, and has a great personality. She always finds a way to navigate and reach her goals. I am honored and proud to be her counselor.

In regards to her academics, Kimberly does exceptionally well in school. With a solid GPA of 87.20, she always manages to get the job done. This is all while taking classes such as SUNY Spanish 1, AP English 12, and AP U.S. Government and Politics. She is not afraid to challenge herself with these higher-level courses so that she can be as prepared as possible for higher education. She always puts in the extra effort and her work ethic is admirable. I am never surprised when I hear from her teachers how wonderful she is.

Outside of the classroom, Kimberly has a plethora of extracurricular activities and community service work. She is a student-athlete who plays both soccer and lacrosse. Being on a team helps display her leadership skills and her collaborative skills. She is also a member of the Ossining High School Band. She plays the flute beautifully and shows that she is well-versed. Despite having all these activities going on, Kimberly still manages to volunteer her time to help others. She was part of a group called Ossining High School Changemakers. With this group, she got to travel and create a community project to help others in need. She also volunteers her time at the OPrime: Saturday Explore and Learn. This is something that our district does. On Saturdays, she goes out and participates in many activities including art. She helps the younger students create pieces to share with their families and friends. Kimberly is just amazing, I do not know how she is able to balance everything but she does it with grace.

On a personal level, Kimberly has always been so kind and polite to me. That truly means so much to me and she never fails at making people feel like they are important. She has an outstanding personality and I feel not only lucky but honored to be her counselor.

Overall, I highly recommend Kimberly Huanga to your scholarship. I firmly believe that with this support, she will be able to accomplish her higher educational dreams. She is a great student that is worthy of this scholarship.

Thank you for your time and consideration.
