Scholarship Essay

Education has always been a fundamental part of my life, and I am fully committed to working hard to accomplish my academic and career goals. As a student at Westchester Community College, my immediate goal is to earn my associate's degree by 2026. However, like many students, I face financial challenges that could hinder my ability to achieve these goals. That is where the Community Center of Northern Westchester scholarship comes in. This scholarship would provide crucial financial support, alleviate some of the stress I face regarding tuition costs, and allow me to stay focused on my studies to graduate on time.

One of my primary educational goals is to graduate from Westchester Community College. I chose WCC because it offers a solid academic foundation and a supportive environment where I can grow and develop both personally and professionally. Graduating from WCC is a major step toward my ultimate career goal of earning a bachelor's degree in business management. I am committed to maintaining a high GPA, attending classes regularly, and taking advantage of all the resources WCC offers to help me succeed.

Balancing school with other responsibilities, such as work and family obligations, can be challenging. The financial strain of paying tuition only adds to that challenge. The Community Center of Northern Westchester scholarship would help me stay focused on my education by reducing the burden of worrying about how I will pay for tuition. This scholarship would enable me to stay enrolled and make the most of my time at WCC without the distraction of financial

stress. I am determined to earn my associate's degree by 2026. Achieving this goal requires hard work. As I pursue my degree at WCC, I am learning critical skills in accounting, marketing, economics, and business management, all of which I am eager to apply in the future. I know that with focus and perseverance, I can meet all the requirements to graduate on time.

The financial support from the Community Center of Northern Westchester scholarship would play a vital role in helping me achieve this goal. It would directly contribute to my tuition costs, allowing me to stay enrolled and on track to finish my associate's degree by 2026. Without the scholarship, I might be forced to take on additional work, cut back on my course load, or even delay my graduation, which would set me back in my long-term educational and career goals. With this scholarship, I can maintain a steady academic pace and ensure that I graduate on time.

After earning my associate's degree, I plan to transfer to a four-year university to pursue a bachelor's degree in business management. Attending a four-year university is a significant financial investment, and the costs associated with it can be daunting. The scholarship from the Community Center of Northern Westchester would help ease this financial burden, allowing me to focus on my studies without constantly worrying about how I will pay for tuition. This support would give me the financial stability I need to continue my education without the stress of looming tuition deadlines. One of the biggest obstacles I face in achieving my educational goals is the financial strain of paying for college. The pressure of meeting tuition deadlines and balancing my finances can be overwhelming. The Community Center of Northern Westchester scholarship would help reduce this stress by covering some of my tuition costs, allowing me to focus on my studies.

This scholarship would provide not only financial relief but also peace of mind. With this support, I would be able to pay my tuition on time, having this financial security would enable me to engage in my coursework and pursue learning opportunities that would enhance my academic experience. It would also give me the confidence to stay on track and continue striving toward my educational goals.

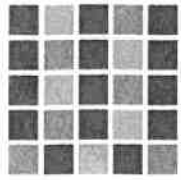

My educational goals are clear, I aim to graduate from Westchester Community College in 2026 with an associate's degree, then pursue a bachelor's degree in business management. The Community Center of Northern Westchester scholarship would play a critical role in helping me overcome the financial obstacles that could stand in my way. I am committed to putting in the challenging work necessary to achieve my goals, and this scholarship would make a significant difference in helping me succeed. With the support of this scholarship, I am confident that I can accomplish my educational and career objectives and build a successful future in business management.

To Whom It May Concern:

I am writing this letter in reference to Jefferson Revolorio Miranda. He is a wonderful student who I have taught in my Financial Accounting course at Westchester Community College this past fall semester.

Jefferson is business management major and has worked hard to master course materials while at Westchester Community College. He is a motivated, intelligent student who shows great potential for success in his future plans, which include the desire to continue on to a four-year college and major in the field of business, perhaps in finance or human resource management. Jefferson is an outgoing, polite, smart, respectful person who is an active member of the college community. He also participates in the Christian Club at Westchester Community College. He always exhibits a positive attitude and influences others around him.

Jefferson's dedication and diligence here at Westchester Community College have demonstrated to me that he is deserving of this scholarship opportunity.

Thank you for your time and consideration.

Sincerely,

Dr. Candie Lorenz
Accounting Professor

Re: Jefferson Revolorio Miranda

Dear Scholarship Committee,

I am pleased to recommend Jefferson Revolorio Miranda to be considered for The Dowling Educational Scholarship. I am the Health Studies Curriculum Chair and an Instructor at SUNY Westchester Community College's (WCC) School of Health Sciences and Wellness. In Fall 2022, Jefferson was a student in my First Year Seminar, a course that helps students transition to college by helping them to develop the strategies for personal and academic success.

In my class, Jefferson showed his commitment to learning how to navigate being in a college environment. He was an active participant and asked good questions about the course material. During group activities, he worked well with other classmates, and completed his writing assignments with thoughtfulness and honest reflection. These assignments gave him an opportunity to connect his business management major with his future career goals as well as learn more about the pathway to working in his intended profession.

Jefferson demonstrated maturity and grit during his first semester in college and I have full confidence that he will continue to be a hard-working student in his future academic endeavors. I highly recommend Jefferson for The Dowling Educational Scholarship. Please do not hesitate to contact me at 914-606-7761 or via email at Blakeley.lowry@sunywcc.edu should you have any questions.

Sincerely,
